DROP BUILDING FUND

Same Officers Elected. Another year of activities comnenced for the Women's Art Associa tion yesterday afternoon, when the lines on the work of the various de-partments, which were enlarged upon

by the respective convenors.

Mrs. Alfred Cameron's report from the building committee showed that egotiations previous to the announcing of the war for securing a new home for the association have been entirely dropped for the present, in order that

relief work for the city may be given greater support by the entire membership. The home industry department has thrived and there are now 100 workers depending on the W.A.A. for exhibition, etc., of their beautiful laces and

handmade gcods.

Mrs. Dignum, who was appointed delegate to the affiliated societies, W. A.A.C., read a paper. The treasurer's reports embraced an enormous field reports embraced an enormous field of work, and showed an excellent financial standing, which will, it is hoped, be greatly increased by the Women's And Association, W. A. A. bazaar, to be held on Nov. 19, in aid

of the Toronto relief work.

After a gratifying list of new members had been proposed and the exe-cutive committee of 26 representatives for members elected, tea was served. The officers for 1914-15 remain the ame as those of 1913-14, by unani-

Playing at Religion Synod Moderator Says

Money Means More to Average Church Member Than His Life Means to a Volunteer-Synod Will Work for Increased Religious Instruction in Public Schools.

Fighting speeches were made by quate, but was a commendable pro-Rev. Dr. Buchanan, moderator, and a number of other members of the Pres-cautiously, as one Protestant denonumber of other members of the Fres-byterian Synod at St. James' Square Church yesterday. Dr. Buchanan left the chair at the afternoon session to present the report of the committee on systematic giving. There were, he de-clared too many "unconverted church members." While they only contributed five cents a week a member for the schemes of the church, they were merely "playing at religion." He believed that it took more courage for the average church member to risk his money than it did for a volunteer to risk his life at the front. The unconverted church member could not be interested in foreign missions. He allowed his money to come between him

and his own soul's salvation.

Dr. Buchanan reported that while the objective of the committee had been for some years ten cents per member per week, the average reach-ed was "less than five cents per week

per communicant."

The synod adopted a recommenda tion from the committee asking the general assembly to inaugurate a great

present regulations for religious in-struction in the public and high schools of Ontario as very inadequate. He stated that to ensure accuracy he had visited the parliament buildings yesterday morning. He found that no change had been made in regard to the regulations respecting religious in-struction since 1911. The regulations were misunderstood by many ministers and laymen because they did not recognize that the privilege of giving religious instruction in the schools was only available after the close of the regular school day. The readers from the second to the fifth book contained selected passages from the Bible, and there was no reason why the number should not be increased. The adoption of Dr. Seath's proposal that the high chool entrance examinations should include an examination regarding certain passages of Scripture was inade- the war.

ALBERTA HOUSE TO VOTE ON TOTAL PROHIBITION

Bill Comes Up on Friday—May Be Sent to People.

Canadian Press Despatch. EDMONTON, Alta., Oct. 14.—The bill to prohibit the sale of liquor in Alberta will be brought to a vote in the legislature either Friday or Monday, and if the individual opinions of the members guide the vote the bill will be amended so that it may be submitted to the electors probably on the day requested by the petitioners, the first .Tuesday in June, 1915. A canvass of the members reveals a widely differing state of mind toward the bill, altho the majority seems to

to favor the principle of prohibition. "MADE IN BROCKVILLE" FAIR.

BROCKVILLE, Ont., Oct. 14.-The board of trade has initiated a move-ment for a "made in Brockville" fair and a campaign of education to induce citizens to give the preference to the products of Brockville factories when making their purchases.

FIRST ALDERMANIC CANDIDATE.

As Mr. Wellings has a large following of friends in the east he is sure to start an interesting contest. mination objected. The Baptists ob jected because of their attitude with respect to the separation of church and state, also because of the difficulty of assuring the spirituality of teacher.

Roman Catholics Willing. At the conference of representatives of all the other churches, including Roman Catholics and Jews, the only objection made to the Bible being taught in the schools was by Rabbi Ja-cobs. Father Minehan said that he saw no objection, as the Protestants were far behind them in the matter

of religious instruction.

Dr. Nell declared that there could be no adequate moral teaching in the schools unless it was based on religion. State recognition of the import-arce of the study of the Bible was most important. It was the Bible was most important. It was the Bible which leid the foundations of our national life. "If the Bible had been thereby taught, and its principles put into the minds of the so-called Christian nations of the world," declared Dr. Neil, "I don't believe we would have had the present war."

The synod will Act.

The synod decided to call upon the various presbyteries to appoint committees in religious instruction in the public schools. Rev. Mr. Turnbull was

Rev. Dr. Shearer, secretary of the social service board, commended Rev. Major Beattle, who had gone to the front with the Canadian continger for his work as convenor of the social service committee. Dr. Shearer said every congregation, who, in addition to working on their own problems, would be prepared to unite with simi-

lar committees of other churches, for the solution of municipal problems. War-Time Evangelism. Rev. Prof. Kilpatrick gave an address on war-time evangelism. The churches had a great opportunity afforded by the influence of the war in rebuking frivolous galety and reckless extravagance, and the solemn thoughfulness prevailing in the public mind A public meeting, at which addresses

were given on the work of the various departments of the syriod, was held last night. It was preceded by a prayer service of intercession on behalf of the spiritual welfare of those engaged in

BY MEDICAL CIVIL WAR

They Stole the Barrel While Doctors Fought Each Other for It.

Meds held forth yesterday afternoon when the members of the first and second years of the college indulged in a strictly orthodox and properly supervised "scrap." The affair was handled by Chief Constable Christie, who arranged the combatants on the front campus at a distance of about fifty yards from each other, and gave the signal to start. The conflict raged to be rolled down the field by the side which was able to do so. The signal to stop was altogether disregarded, and the meds kept on with the battle. Science men smelt the conflict from afar and joined in heartily. Men of the two faculties continued the engagement, but the science men were too numerous, and they were able to capture the barrel and take it to the engineering building.
