president, on behalf of the deputation which waited upon W. F. Maclean, M.P. for South York, regarding postal delivery for the district, Lambton Park Ratepayers' Association last night appointed the deputation consisting of J. Ball, J. Ellis, F. Knight, A. Shaw and C. Adams to draft a petition to the postmaster-general and to circulate it for the signatures of the residents that Mr. Maclean might have authoritative evidence to submit to the postal authorities.

It was also determined to approach the York Township Council on its contemplated tour of the district in the near future, with regard to the numbering of the houses and the taking over of private streets.

Street Lighting.

Mr. Ball reported also on the visit of the deputation to the township council, stating that the council would arrange to extend the street lighting system to Lambton Park provided the residents were willing to bear the expense, which would amount to \$16 per light. It was, therefore, decided to advertuse the general meeting on Teusday, May 4, as a special public meeting to obtain the feeling of the people on the question, as well as upon the matters of garbage collection, sidewalks and the installation of a gas supply system. At this meeting also will be discussed the opening of Rileen avenue cast over the Belt Line to Florence Crescent, in which proposal is entailed the purchase of three or four building lots. The opening of this street was considered desirable, as, were a school to be built in the section, the children living east of the belt line would not have to make a long detour by St. Clair avenue so carlett road to get to the proposed school.
