

U.S. BACKED OUT OF FISHERY ARRANGEMENT

Proposed an Impossible Modification and Now Canada is Forced To Abandon Scheme.

OTTAWA, Sept. 6.—(Special).—The Dominion Government has had an unpleasant taste of American reciprocity in fishing regulations. In order to end what is declared by government officials to be an intolerable situation, the government has made up its mind to withdraw from the food fisheries treaty of 1905. That the treaty regulations as agreed to so far by the United States Government may not be accepted by Canada, may be stated with absolute certainty.

The situation is this. In April of 1908, a treaty was drawn up between Great Britain and the U.S., whereby these fishing regulations in waters contiguous to the two countries should be made uniform. Each country was to appoint a fisheries commissioner. The Canadian Government appointed Prof. Prince and the United States Dr. Starr Jordan. These two men drew up a set of regulations covering the territorial waters of Passamaquoddy Bay, the St. John and St. Croix Rivers, Lake Memphramagog, Lake Champlain, the St. Lawrence River (as a boundary water), the great lakes, the Niagara River, the St. Clair River, Rainy River and Lake of the Woods, Straits of Juan de Fuca, parts of Washington Sound, Gulf of Georgia and Puget Sound.

The regulations affected the object, viz., uniformity. They were not as good as the old Canadian regulations, but better than the old American. The Canadian parliament in 1910 authorized the government to give effect to the regulations by proclamation.

The United States senate, however, under powerful pressure from fishing interests of Michigan and the State of Washington, refused to sanction any of the regulations except those affecting the waters east of the great lakes, thus, to all intents and purposes, nullifying the treaty.

The Canadian Government now refuses to accept this arrangement, and it is announced to-day that unless the United States will agree to abide by the spirit of the treaty, Canada will withdraw from the scheme entirely.

COMING TO MISSION CONGRESS

J. Campbell White Cables From China—Preparations Are Being Made.

In a cablegram from J. Campbell White, New York, who is now in China, to H. K. Caskey, secretary of the laymen's missionary movement, he agreed to attend three conventions in the Maritime Provinces in connection with the movement. Mr. White is general secretary of the laymen's missionary movement of the world, and is visiting both in China and Korea, which he is studying from a business man's standpoint.

Mr. White is accompanied by his brother, W. W. White of New York, who is planning the organization of a number of bible training schools in China and Korea, the expenses of which are to be paid by Miss Helen Gould.

Mr. Mott will be present at four western conventions, at the request of the New York at three central conventions.

Mr. Caskey is shipping out, to-day, three booklets to each of the convention cities, one of which will be placed in each church.

Mr. Caskey has just returned from the Lake of Geneva, where he spent some time fishing.

"BLEW IN" STOLEN \$1400

Clerk Who Vanished in August Has 15 Cents Left.

With but fifteen cents left of \$1400 of his employers' money, with which he appeared Aug. 25, H. Lewis, a clerk with Messrs. Hudson Bros. & Co., Limited, 1000 Bloor street, was taken by Detective Archibald and Policeman O'Brien to the Station. Lewis left his employers with a note saying he was on his way to Buffalo and Chicago, from which he had just come to Toronto on Monday.

The man was identified by a photograph as a married man, with one child. He was much shaken from the effects of spending the money taken.

PREMIER AT THE PRISON FARM.

Sir James Whitney is to lay the cornerstone at the administration building at the Ontario Reformatory on Sept. 25, when a large gathering of legislative members are expected to be present. Luncheon will be served at 12:30 p.m., following the ceremony, and the party will be conducted around the farm and thru the numerous buildings.

The farm yielded a fairly good crop this year and averaged fully as much per acre as any in the neighborhood. Two hundred and twenty-five men are kept busy erecting new buildings and getting things into shape in general. There is a herd of cattle which numbers upwards of a hundred head.

IMMORAL RESORT RAIDED.

A sordid story was brought to light last night with the arrest of two young women as frequenters of a house of ill-fame, which Robert Fields is charged with keeping, at 405 East Adelaide street. The young women, one of whom is a restaurant waitress, while another helps her father with household duties, were taken by Police Constables and taken to the station. These girls, which is next door to the general post office.

These girls, with another young married woman and several young men, were questioned at the Court Street station following which the officers visited the found fields and apartment. There they found a lot of money and other valuables.

The police allege that Fields runs these rooms as a house of ill-fame and that he shares in the wages of shame.

Boy Labeled Dead.

In March last year John Young, 10 years old, while in bed touched an electric light bulb, when there was a flash, and a heavy column of smoke came from the bulb. The boy was thrown into a convulsion and died. His mother, Mrs. Young, of Gravenhurst, and Justice Riddell awarded her and the boy \$5000. The town awarded a funeral was reversed, and is now pending, while the boy has since died from diphtheria.

GUILD OF ORGANISTS OPEN THEIR CONVENTION

Importance of Music in Fostering Spirit of Devotion to Motherland Emphasized.

At the evening session of the Canadian Guild of Organists, at the St. James Cathedral last night, Rev. Canon Plummer delivered an address on the spiritual acts of organists. He said the organist might be of the best musical talent, but unless their hearts contain the divine spirit, their efforts would go for naught.

W. Norman Andrews, vice-president, who was sent by the Ontario Government to England, where he attended the international convention, addressed the convention at the morning session. He said the organist was a man of two years ago in order that the patriotic and loyal of the profession might take some action to protect national distinction as Canadian organists. "To be stamped 'made in Canada,'" he said, "is a guarantee of its educational value."

Concluding, Mr. Andrews said: "I believe that we in the musical profession can do our part in the building of the new Canada. The organist should be a man of the future, a man of the future, a man of the future."

POLITICS AND WATER WAGON

Local Option Campaign Held Up by Party Activity.

"The likelihood is that at least 100 municipalities in Ontario will vote upon local option bylaws in January next," is the statement made in the report of Rev. Dr. McVish, chairman of the Ontario Branch of the Dominion Alliance which was read yesterday at the meeting of the committee in the amphitheatre of the women's building at the exhibition. The meeting was largely attended. Joseph Gibson, the president, was in the chair.

Rev. Dr. McVish of Kingston, in presenting the report of the campaign committee, said there were 24 municipalities in which campaigns were possible, and it was expected at one time that contests would be brought on in the majority of these.

"We find, however, that the general election is interfering seriously with the work in this connection, and it is hard to say just how many places will vote," he added.

The work of county organization has been systematically carried on, wherever practicable through the province. Already a majority of the counties are regularly organized, and the work is being planned in a number of other places to be held during the coming fall.

A special committee was appointed to deal with the question of law enforcement. Some feeling was expressed that there was need for more effective work by the provincial government in this regard. After resolutions of thanks to the exhibition authorities and to the ladies of the W. C. T. U., the meeting adjourned.

DALHOUSIE CITY'S HOSPITALITY.

When the "Dalhousie City" left the wharf on the 6 o'clock trip this morning she carried on board a little party of newspaper and publicity men, the guests of General Manager E. F. Selkirk. The party consisted of Mr. Selkirk, Supt. Robertson and General Freight and Passenger Agent John Paul.

After having taken lunch on board (and incidentally it might be mentioned the boat carries a really up-to-date buffet), they were met at Port Dalhousie by a special car and conducted to Port Colborne. When they had inspected the government elevator and the people's lead mill, the party journeyed to St. Catharines, where they dined at the Welland House. After dinner the special car took them back to Port Dalhousie, where they met the "Dalhousie City" and returned by it to Toronto.

The trip made a delightful holiday, and the party, which included an excellent combination of the guests, thoroughly enjoyed themselves and expressed the opinion that for a one-day outing the excursion made up an ideal trip.

ATTRACTIONS AT SCARBORO.

Large crowds continue to visit Scarborough Beach every evening, finding in the great car and amusement resort entertainment not elsewhere provided. The feature of the free vaudeville bill is undoubtedly the high wire walking act of Calvert. This performer, who is blindfolded across a thin wire fifty feet above the ground, stands on his head, and the crowd, which is perched like a fly in mid air, does a score of other hair-raising feats.

The Great Rapids, the juggler, gives an excellent performance. He juggles everything from a sheet of paper to a cannon ball, keeping half a dozen objects in the air at the same time. He balances two eggs on top of each other, both on top of a billiard cue, and another on top of the eggs, the whole on his chin.

The 14th Regiment Band of Buffalo plays two concerts daily. Last night there was a special fireworks display.

Personal.

Rev. A. J. Brace, general secretary, Y. M. C. A., Victoria, B. C., for the last four years, with his wife and two children, is visiting friends in fare-thee, prior to joining the large band of Methodist missionaries for China on Oct. 4. Mr. Brace will be familiarly remembered as trooper in the Second Mounted Rifles in South Africa. While in Toronto, he will stay with his brother, Rev. A. P. Brace, 55 Wheeler avenue.

Passenger Dock at the "Ex." Controller Church, who has long been pressing for the erection of a large passenger dock at the exhibition grounds, says he is more convinced than ever of the urgent necessity of it and will again move for it at the next meeting of the board of control.

Gathered a Wardrobe.

Eugene McVish, 23 Jarvis street, a traveler for the Empire Clock Co., 44 West King street, was arrested yesterday for stealing a wardrobe, charged with theft of four suits of clothing from the company.

A RIDICULOUS FABRICATION

Story Sent Out From Washington of Canadian Bitterness Against U.S.

KINGSTON, Sept. 6.—(Special).—Speaking here to-night at a British rally, Arthur Hawkes said that while the methods of some newspaper supporters of reciprocity in Canada were bad enough, they scarcely equalled in interest the efforts of some of their friends on the other side. He had seen a story sent out from Washington and printed in papers of high repute, that great bitterness against the United States was being engendered by appeals to Britishers, that attacks on American consulates in Canada were quite possible and that thousands of American summer visitors were consequently returning home prematurely.

That sort of talk was the very perfection of tommy rot. It was even worse than the warning issued to Canada by The Boston Transcript, that it would be a serious affront to the U. S. to vote down the agreement. Nothing was heard from these people about a serious affront to Canada when congress refused to pass the agreement last February and March. He had seen no bitterness against the United States, and a growing self-interest in Canada for the kind of independence which Sir Wilfrid had said was absolutely necessary, and in order to maintain friendship with them, was an affront. We must go on nation-building in our own way, and not be scared by boogies raised by newspapers.

CHATHAM, Sept. 6.—(Special).—Arthur Hawkes of Toronto addressed a large gathering of British-born in the I. O. O. F. Auditorium last evening. The hall was packed to the doors and the enthusiasm throughout the whole of the city was very marked. The British-born in this city are thoroughly aroused over the reciprocity issue and will oppose it almost to a man.

SOUTH AMERICAN MISSIONS

Dr. Campbell Morgan Says Paganism is a Rampant Evil.

Dr. Campbell Morgan delivered an address in Knox Church last evening on "The Need of Missions in South America." He stated that the missions had been laboring under a great strain, and the greatest need of all was for the consolidation of the missions that already existed, and the change of their dogmas or doctrines.

A great mistake was made in the conference in Scotland, when they decided to exclude all countries that applied for membership. On this ground, they had decided to organize a missionary movement for South America and other countries.

Dr. Morgan stated that among the great evils met with in South America were paganism and idolatry. He brought about a revolt from the Catholic church.

He spoke of the effect of the Bible on the life of a nation, and other topics applicable to the evangelical movement.

Among the gentlemen on the platform was Rev. George Selkirk, of the Regions Mission, who stated that the business of the conference was to decide upon the taking of the missions in Argentina, Brazil, Chile, and the Regions Beyond. Missionary work in South America is a very important matter, and the conference is to decide upon the taking of the missions in Argentina, Brazil, Chile, and the Regions Beyond.

Dr. Morgan has been recently appointed head of the Chesnut Theological School of Cambridge and will be in Toronto for a few days, while he will be given to Westminster Chapel in London.

SEIZED AMERICAN SCHOONER.

OTTAWA, Sept. 6.—The Canadian Government has seized the Gloucester schooner Arbutus at Louisbourg. The party consisted of Mr. Selkirk, Supt. Robertson and General Freight and Passenger Agent John Paul.

This constituted a violation of the treaty of 1818, under which the United States fishing vessels may not pass the Canadian ports only for supplies, water or shelter. The Canadian authorities promptly seized the vessel and will confiscate her with her cargo. It is the latest seizure ever made under this part of the treaty.

Fell 125 Feet; Unhurt.

CORNWALL, N. Y., Sept. 6.—Twenty thousand people gathered at a fireman's convention at Denison Park last night. The party consisted of Mr. Selkirk, Supt. Robertson and General Freight and Passenger Agent John Paul.

The trip made a delightful holiday, and the party, which included an excellent combination of the guests, thoroughly enjoyed themselves and expressed the opinion that for a one-day outing the excursion made up an ideal trip.

Must Stick to Schools.

On an applicant yesterday, Inspector Hughes made the point that transfers of children would be made without good and sufficient reason. "If we want your great resources, for we've squandered all our own, and when we get our hands on them we'll pick them to the bone. Be neighborly and share with us, and in return we will give you a good brick called 'Reciprocity'."

Chorus—

But we know a road that's better, 'tis the grand imperial chain That spans the world thru Canada to Britain back again; So hand in hand we'll join in it with brethren far and aft, And that's the road we'll travel—not your way, Mister Taft.

If they can pull out Canada they'll break the empire chain, And to that end they're working and striving with might and main. They're threatened and they're blustered, but that method was no go. So we'll keep our own home markets and our surplus we will take. To the mart that's never failed us, not be fooled by Yankee fake.

Chorus—

But we know a road that's better, 'tis the grand imperial chain That spans the world thru Canada to Britain back again; So hand in hand we'll join in it with brethren far and aft, And that's the road we'll travel—not your way, Mister Taft.

So here's to thank the president for plainly speaking out, For we know a road that's better, 'tis the grand imperial chain. We're prospered as we're going now, then will you tell us why To Yankee spider we should play the unsuspecting fly? So we'll keep our own home markets and our surplus we will take. To the mart that's never failed us, not be fooled by Yankee fake.

Chorus—

But we know a road that's better, 'tis the grand imperial chain That spans the world thru Canada to Britain back again; So hand in hand we'll join in it with brethren far and aft, And that's the road we'll travel—not your way, Mister Taft.

GENERAL SYNOD WILL NOT HOLD JOINT SESSIONS

Motion That House of Bishops and Lower House Meet Together Falls To Carry.

LONDON, Ont., Sept. 6.—The discussion on the motion made by Canon Welch at the last session of the general synod three years ago that the two bodies—the house of bishops and the lower house, meet together, occupied this evening's session of that body almost in its entirety. Mayor Best's official address of welcome being the only other event of the evening.

The final vote, the it gave an overwhelming majority of the lay vote and a straight majority of the clergy for the motion, was insufficient to meet the two-thirds requirement of each party of the house of delegates on questions touching on changes of constitution.

The afternoon session nothing save the election of the executive officers was finished, following the conclusion of the presentation of the primate's charge.

After three ballots Reverend Canon Powell, principal of King's College, Windsor, N.S., was elected prolocutor of the lower house in succession to Bishop Farthing, whose elevation to the house of bishops occurred since the last meeting. Canon Tucker of St. Paul's was a close second.

Dr. Davidson, LL.D., of Montreal, was the unanimous choice for temporary chairman and he presided over the election of the head of the lower house.

The primate's address was a lengthy one. On bible teaching in public schools he said: "If this synod represents the thought of the Church of England on this subject, let it express that thought, and also appoint a well-selected committee to confer with the highest councils of other churches on this subject. 'Some joint action in a matter, which concerns most vitally the whole future of our country.'"

With reference to church union, his lordship advocates the calling of a conference such as has been already recommended and leaves the matter in the hands of the church. "Some important results," he adds, "would ensue, I believe." His lordship deals extensively with the need for church extension in the Canadian Northwest, urging that present opportunities are not neglected, but that a strong foundation be laid.

CONS. MEETING POSTPONED.

The Conservative meeting first announced for St. Andrew's Hall, on Monday evening next, has been postponed until Wednesday evening. It will be under the auspices of the Ward Four Liberal-Conservative Association, and among the speakers will be Messrs. A. C. Macdonell and Edmund Bristol.
