come as a surprise to hear of the recent action of one of the biggest land companies of Toronto.

About two years ago a man bought a lot in the Parsons Estate of the Dovercourt Land Company, making his initial deposit and keeping up his payments for a year. He then fell sick, and fell behind in his payments, and his interest arrears grow to quite an amount also. He has now a site 46 fect by 120 feet, and will erect a three-storey apartment on his original plan. Last February he bought 60 feet frontage on St. Clair-avenue, but three days later the city passed a bylaw setting back all new buildings on Oriole-road 30 feet, thus making his lot too narrow for use. The 16 feet cost him \$250 a foot.

English suffragettes: "The cause of woman-suffrage must surely be a good one if it will stand the strain that its supposed friends have placed upon it in the world's metropohs during the past few days. After reading the story of the windows-mashing crusade that Mother Pankhurst and her cohorts, all thirsting for the martyr's crown, indulged in, one gets an idea of when Kipling saw his ideal of the sex as portrayed in his recent poem.
