It is believed by the Directors, who are the Directors of the Kerr Lake or Jacobs Mine, that the properties owned by this company are very valuable and are among the very richest in the district.

The Peterson property carries a number of veins of the surrounding properties, such as the Nova Scotia, running in silver from 1,100 to 7,000 oz. per ton.

Now is the time to become interested in Cobalt, before the stocks pay large dividends and have a large advance. It is becoming richer every day and spreading over a larger area.

We are offering a limited block of this stock at 50 cents, fully paid and non-assessable. Write or wire for full particulars, maps, etc.

TORONTO CATTLE MARKET IMPROVEMENTS.

During the past three years, the City of Toronto has expended large sums of money in improving the City Cattle Market on Wellington Avenue, and affording enhanced facilities for the live stock trade and interests.

In 1906, \$11,000 was spent in providing an additional sheep barn, which will afford unexcelled accommodation for many years to come.

An outlay of \$14,000 will be made during the present year, in providing extra yards and renewing portions of the Market.

This Civic Market, owned by the people, is conducted in their interest and that of the live-stock trade. Patronage secured is retained.
