AORE USE AS EXCHANGI

Would Be an Improvement to the Property, Says Commissioner Chambers.

Park Commissioner Chambers is in with Property sioner Harris as regards the desirability of a small section of the western portion of Stanley Park, being leased to the promoters of the new erse exchange project.

"It's the first time. I think that I have ever recommended that any portion of city park land should be devoted to other uses, but in this case am quite convinced that it would be an actual improvement," said Mr. Chambers yesterday.

The area upon which it is proposed to build has never been fancled by the public as a breathing spot, so both officials declare, and there is little that is inviting in the aspect. The lower portion of Stanley Park is flanked by a 22 foot lane, which extends from Queen-street to Wellington-av-. erine in the rear of a line of ramshackle sheds and stalls which are niest unsightly. The substantial \$40,-000 structure of concrete in corrugated metal sheathing, which it is prosed to erect, behind the driving shed extending back 150 feet from Wellington-avenue, will, both officials declare. make a much more presentable boundary than the present one.

It is pointed out also that less than one-quarter of the acre desired is park land, the remainder being dedicated to cattle market uses.

The petition being circulated is un-derstood to be promoted chiefly by private interests opposed to the horse exchange. Residents in the immediate eighborhood are said, for the most part, to be quite agreeable to the enterprise being carried out, the some gainst it on the representation that the whole of the southern portion of the park was to be taken over.

A petition against the proposed closing of Abell-street was presented on behalf of the Henry Abell estate and the Synod of Toronto. It claimed by the American Abell Co., who wish to close the street, that the contra petition had been obtained by misrepresentation, and it was agreed the whole matter to stand

over till Monday. Sons of England are seeking to have the exclusive use of the exhibition grounds for several hours, on Dominion Day, while the association's games are in progress. The city solici-tor will report on whether the city may legally allow a public park to be so used.

Presbyterians May Split Subscription Started-Location of New Isolation Hospital.

HAMILTON, April 30.—(Special.)-The temperance people, who have offered to buy out the two hotels at Stony Creek had another session with the ommissioners this morning. The commissioners announced that they would not hand out their decision on the subject until next Saturday.

A public meeting of the hotelmen of Hamilton has been called for Saturday evening, at the board of trade. The missioners will be present and will have a talk with the license-holders. Steps will be taken to stop the illicit sale of liquor. The meeting was called at the request of the hotelmen.

No evidence was taken to day in the Strong case. The lawyers this morning announced to Justice Riddell that they were trying to reach a settlement and an agreement was reached at 4 o'clock his afternoon.

The estate is valued at between \$60,000 and \$70,000, an othere is a mortgage of \$10.000 upon it. The settlement gives the absolute control of half of it to Mrs. Strong and the children, while the husband will get the other half.

At a meeting of the East End Presby-terians this evening William Lees, jr., made a scathing attack on the Hamil-ton Presbytery. He accused the pres-bytery of blocking the wheels of pro-gress on several occasions. There were about 15 present. It was stated that 250 Presbyterians who resid ed east of Grant avenue would attend a new church if one were built. Those who attended the meeting subscribed ed: J. B. GFraham, J. B. Turner, T.
