DOESN'T SUIT THE KAISER!

Conflict Between the Emperor and Berlin Municipality.

Feels Thankful to God and Is Satisfied With Himself—Why John Kensit Was Not Allowed to Talk.

Berlin, Feb. 3.—A conflict between the Berlin municipality and the Kaiser appears to be imminent. The election of the chief mayor of Berlin, Kerschener, which took place in August, is still unconfirmed by the emperor. It was reported that this was because of the emperor's disapproval of Kerschener's political views. Today comes the rumor that as a solution of the difficulties a bill is about to be introduced into the Prussian diet abolishing self-government for Berlin and putting the city under the so-called president of the government, who is the head of the provinces. It is related that the Kaiser said recently in private: "The Berliners will be stupefied at the solution of the mayorship question."

SATISFIED WITH HIMSELF.
The Reichsanzeiger today publishes an imperial decree in which the emperor thanks God for his mercy in permitting him to complete his 40th year of his life and the 10th year of his reign. His majesty also says he esteems himself happy to have been able, through his journey to Palestine, to enhance German prestige abroad, thanks the people for their manifestations of love and devotion, and assures them he will continue to strive for the maintenance of the peace of the fatherland.

GAMBLING SCANDALS.
In the Reichstag there was a discussion of the recent gambling scandals in Berlin and Hanover, in which a number of army officers were implicated. The minister of war expressed regret at the occurrence, and said the emperor was proceeding unsparingly against those who were concerned in the scandals, in order to uphold the law. As a matter of fact, gambling in the army had decreased, and the expediency was being considered of compelling officers to inform the authorities in the event of their receiving offers of money, which were of a shameful character. The authorities also intended that the military cadets should be seriously enlightened regarding the dangers besetting them.

KENSIT AGAIN.
London, Feb. 3.—The remark made by John Kensit, the anti-ritualist crusader, in response to a call for a speech at the anti-ritualist meeting in Albert Hall, that by a "disgraceful arrangement" he was not permitted to speak, was explained this morning. It appeared that the secretary of the Protestant Alliance, under the auspices of which organization the meeting was held, was informed by the managers of the hall, upon applying for its use for the purpose of the meeting, that the hall could be engaged upon the guarantee of the secretary that Kensit should not be allowed to speak, and not otherwise. The secretary accepted the conditions, and this constituted the "disgraceful arrangement" of which Kensit complained. A Protestant peer has sent Kensit an anonymous contribution to assist him in carrying on his anti-ritualist campaign.

THE LIMERICK COUNCIL.
Limerick, Feb. 3.—The first meeting of the Limerick corporation council was exceedingly disorderly. A number of people invaded the chamber and interrupted business. Mr. John Daly, who was elected mayor on Jan. 3 last, threatened to call in the police, and was finally compelled to adjourn the council. On leaving the building Mr. Daly was hissed.

GOMEZ COMES DOWN

Agrees to Take \$3,000,000 for His Troops Instead of \$50,000,000.

Remedios, Province of Santa Clara, Feb. 1 (via Havana, Feb. 2).—General Maximo Gomez, the commander-in-chief of the Cuban army, placed himself squarely in position today as an active ally of the United States Government in the work of the reconstruction of Cuba.

As a result of the conference which Robert F. Porter, the special commissioner McKinley, has had with Gen. Gomez, the latter cabled to President McKinley this afternoon assuring him of his co-operation in disbanding the Cuban army and in distributing among the Cuban soldiers the \$3,000,000 appropriated for the purpose of enabling them to return to their homes.

Gen. Gomez also telegraphed to Maj. Gen. Brooks saying he would accept the latter's invitation to go to Havana.

CANADIAN PRESS ASSOCIATION.

Toronto, Feb. 3.—At the annual meeting of the Canadian Press Association, held yesterday in the board of trade building, the president, R. H. Holmes, was absent, being at present engaged in campaigning as Liberal candidate in West Huron for the House of Commons. His address laid stress on the neces-

sity of seeking some amendment to the law of libel, which at present is in a very unsatisfactory state. Officers were elected as follows: President, W. S. Dingman, Stratford Herald; first vice-president, J. S. Willison, Toronto Globe; second vice-president, A. G. F. MacDonald, Alexandria News; secretary-treasurer, J. A. Cooper, Canadian Magazine.

NO OFFICIAL ACTION.
Washington, Feb. 3.—Great interest has been expressed all day throughout the war department in the reiterated newspaper reports that severe action was meditated by the war department and the administration in the case of Gen. Miles who has been quoted in numerous recent interviews as condemning the quality of meat furnished the army by contractors during the war, and maintaining that he had evidence in reserve which would substantiate his charges that chemicals were used in preparing the contract beef. It may be definitely stated that no official action has been taken looking to a court-martial, a court of inquiry, or to the sending of Gen. Miles to the command of a department.

DELAGOA BAY IS BRITISH
"Portugal Fell Into Our Arms Like a Fainting Woman."

Why Parr's Bank Got Back the Stolen Notes.

Car to Announce a Reduction of Armaments—His Reply to the Critics.

A London correspondent says: If there is one question more than another to which financiers and business men generally are most anxious for an answer, it is "What is the truth about Delagoa Bay?" which is the key to the whole international position in Africa. I am enabled to send you a reply which Sir Alfred Miller, British high commissioner in South Africa, made to this question before he sailed for the Cape last Saturday. He said: "I can tell you no more than this, Delagoa Bay is all right. Portugal fell into our arms like a fainting woman."

"But what," asked the questioner, "about the King of Portugal's speech the other day, when he declared Portugal never would consent to alienate any of her colonies?"

Miller replied: "Ah, the king has opposition to consider. You must draw no other conclusion from what he said than that he has this strong opposition in mind. But though Delagoa Bay is securely British, that will not itself settle the Transvaal question, which is South Africa's problem. The central fact in the Transvaal is this: You have 15,000 armed Bo
