### **762 PERSONS CALL** AT THE W. C. T. U. DURING THE YEAR

Mrs. Harrison Presents Annual Report At Union Meeting.

The annual report of the social sere department of the W. C. T. U. resented at yesterday's meeting of the mion at the Park avenue rooms, conained such interesting facts as the foling: 524 visits were made to homes city, and during the year 762 isits were made by people coming to the W. C. T. U. rooms for information and help; three families of children were kept in shoes and stockings, and two families in fuel, as well as many others supplied with clothing from time to time. This report also gave an ex-Mrs. Harrison in connection with the W. C. T. U. Girls Clubs and Mothers' Club, some of the mothers having been attending these club meetings for seven to be boundless, formed another interesting topic of this report. This cupboard, kept filled by W. C. T. U. friends, enables the members to hand out clothing to those in need, the greater part of this clothing being sold at a very small charge, rather than being wholly given away.

A second report submitted at yesterday's meeting by Mrs. Jones, was of the W. C. T. U. pledge work in the Sunday schools. It was felt by the meeting that this branch of the work should be cellent idea of the work being done by

connived at the escape of St. Paul when he was let down in the basket, and was therefore put to death. The next Georgos was a Cappadocian sain and martyr, in whose honor the Emperor Constantine erected a church at By-church history 'Georgius appears as saint, martyr or hero until finally the famous St. George of the Dragon legend became renowned in England.

Curlously enough, though, George

decorated for the occasion with flags and being the sat nearly three hundred boys, which sat nearly three hundred boys, were marked at intervals with the letters "W. "L." formed in purple bunting, while Western "U." shields had been blaced about the walls. A profusion of apple blossoms and tulips on the tables completed the decorative scheme, which had been skilfully worked out by Mrs. Clarence Foreman. Mrs. Louis Wood and Miss Irene Wood.

The general convener of the banquet st. George of the Dragon legend became renowned in England.

Curlously enough, though, George penetrated every country of the west, being adopted by England, France, Hungary and Germany, the feminine is quite a modernism. It was not until comparatively recent years that Anne of Denmark was instrumental in having a godchild of hers christened Georgia Anna. She was the first English Georgia, though the name is said to have existed previously on the contineat, It is possible that this same Georgia Anna coupled her two names for the sake of euphony, and is responsible for the Georgian which is now so popular in all English-speaking countries.

The French adopted Georgia, but quickly changed her to Georgine and Georgette, Germany liked Georgine and took her over, making her one of her most popular feminine names. England has a form Georgina and Portugal is responsible for Ceorgeta In Ames.

The marriage took place at Spokane.

QUESTIONS AND ANSWERS.

## Doughnuts that melt in your mouth!

The EASIFIRST way

What is the secret? Well, the cook and the recipe both count, but the big factor is really the frying fat you use. You see, EASIFIRST will stand a high temperature-you can make it 100 degrees hotter than lard and 200 degrees hotter than butter before it smokes or burns. This means that when the doughnut is dropped into the hot EASIFIRST a protecting crust is instantly formed around it - no grease soaks in to make the doughnut heavy or soggy.

A DOUGHNUT RECIPE that means Success

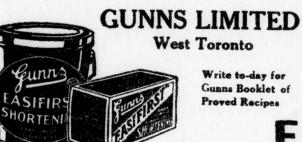

1 heaping teaspoonful EASIFIRST 2 eggs.
1 cup white sugar.
1/2 teaspoonful salt.

cup sweet milk. level teaspoons baking powder

Mix sugar and BASIFIRST to-gether. Add well beaten eggs, milk and nutmeg. Sift flour, baking powder and salt twice. Mix with above ingredients. Roll out, cut with doughnut cutter and fry in hot EASIFIRST.

The EASIFIRST that's left over may be used again without carrying any flavors

Be sure you get EASIFIRST—your dealer will supply you. In cartons and tins. Costs less and goes farther than butter or lard.
