PLAYED THE GAME IN FAR-OFF FLANDERS

Mr. John T. Aggett, 93 Woodlawn avenue, father of Lieut. Aggett, 4th Battalion, and former Varsity Rugby and hockey player, received the following letter from Major Greenwood of the 4th Battalion yesterday:
"You will have already received the official notice of your son's death. This is to let you know the particulars. He was killed by a shell while advancing with his platoon to support the attack on Passchendaele on the morning of Nov. 6. He was killed instantly and did not suffer a bit. A party was later sent out to carry out his body, but found that it had already been removed. This will make it very difficult to give the location of his grave for some time, not knowing what unit buried him."
"The whole company sympathize with you in your great loss. This loss to us was great also as I never had a true friend or a braver officer. His men practically worshipped him. He was a true and sunny disposition were the same, no matter what the conditions."

WILSON TO UNIFY RAILWAYS OF U.S.

President Will Ask for Legislation From Congress Before Christmas.

INTENTIONS SECRET

Strong Support for Government Operation Develops Among Advisers.

Washington, Dec. 10.—President Wilson will go to congress for special legislation to bring about unification of the railroads during the war.

The fact that the president has decided definitely on such a move became known tonight after he had gone over the whole transportation situation with Senator Newlands, chairman of the senate internal commerce committee. He probably will ask for the legislation before the Christmas holidays.

Indications tonight were that the president has confided to none of his assistants his full intentions, and officials were doubtful as to just what he may ask.

The president's advisers are divided in the views as to what is necessary to be done. Most of them, however, have come out for government operation, and some of the strongest supporters of this proposal declare the executive already, under the army appropriation act, has power to take over the roads for operation under an administrator.

Position of Railways.
The position of the railroads themselves was set forth today in a letter to Senator Newlands from Fairfax Harrison, chairman of the railroads board. The railroads, Mr. Harrison declared, do not seek a repeal of any legislation, believing the use of facilities recently put into operation will bring about maximum efficiency. Neither do they seek a loan from the government, he said, the government aid is asked in obtaining for them on their own individual credit, new capital needed.

Further measures to make the roads more efficient, Mr. Harrison suggested, would be an increase in rates, priority for transportation of new material, appointment of a traffic manager for government freight, and exemption from the draft for railroad employees.

Want to Pool Traffic.
The railroads' opposition to government operation is well understood among officials who have followed the situation, but some surprise was expressed tonight at their objection to suspension of provisions against pooling traffic and profits. In the opinion of many officials a complete co-ordination of rail systems cannot be accomplished until the roads pool their traffic, which of itself involves a pooling of profits.

Those within the government who believe the railroads themselves can handle the situation if given free rein do not oppose legislation to make a full pooling compulsory. If such a course were pursued, they admit, it might be advisable to name a government railroad administrator who would see that the wishes of the government were carried out.

BIG SHIP PLANT BUILT IN SEVENTY-SIX DAYS

Washington, Dec. 10.—Virtual completion of one of the government's three great fabricating steel merchant ship plants within 76 days' time, was reported today to the shipping board, the yard, erected at Newark Bay, by the submarine boat corps, will lay the keels of three ships before the first of the year.

The rapidity of construction has astonished shipping board officials. The yard is 90 per cent. completed, has put down five ways and is ready to lay five more.

Ships are expected to come from the yard in June and it is planned to complete more than 100 before the end of 1918. The concern has contracts for 150, of a total tonnage of 75,000.

The shipping board was notified today that keels had been laid at Seattle for two ships for which contracts were let 12 days ago.

Sir Wilfrid Laurier Plans To Proceed to Vancouver

Winipeg, Dec. 10.—Altho no official statement has been made, it is understood from a source in close touch with Sir Wilfrid Laurier that the latter will leave here immediately after the meeting tonight for Vancouver, speaking at Regina tomorrow night.

NOT IN MILITARY STRENGTH.

Kingston, Ont., Dec. 10.—In response to a wire to Ottawa for information regarding the omission of members of St. John's Ambulance Corp from the voters' list, Miss Roman, secretary, has received a wire from W. F. Connor, general returning officer, stating that being a purely voluntary organization it has not been taken on the military strength.

JAP. TROOPS CONTROL VLADIVOSTOK STORES

Allies Will Prevent Supplies From Reaching Bolshevik Forces.

Washington, Dec. 10.—Unconfirmed reports that Japanese troops are in control of the great quantities of supplies piled up at Vladivostok for the Russian Government created no surprise at the state department today, where officials are under the impression that a small number of Japanese troops have been there for some time.

It is said that there are now piled up at Vladivostok, more supplies than the Trans-Siberian railroad could move in many months, in its present state. Before the Bolsheviks got into control, American railroad men had been despatched to take charge of the situation and move up the much-needed supplies to the Russian army. The concern now is to see that the supplies do not fall into hostile hands.

OMAR MACKLEM GETS ENTIRE VINDICATION

Soldier Secures Colony for Interventions in Munitions Industry—May Wear Uniform.

Ottawa, Dec. 10.—Entire vindication has been given Colonel Omar Macklem, whose famous case aroused the interest of the whole country, in a cable which has been received by his attorneys from General Sir William Robertson, chief of staff of the British army. He wires that now that the facts had been placed before him, he wished to testify to the authenticity of his papers. The general cables that no one in Canada had the right to make Macklem take off his uniform, and that he will be gazetted immediately.

General Robertson cables that Macklem had been discharged from the C. E. F. in London because of wounds, and had been placed on the munitions staff owing to the invention he had perfected. He left for America to dispose of his patents, and was given the authority to wear a staff colonel's uniform by Brigadier General Lord Durham, and was told that by the time he reached America his appointment would have been confirmed.

Macklem has spent over \$1600 in cable tolls to prove his case. A statement published in the War Veterans' Association informed The Citizen today of the news which has been received clearing Macklem.

ALL PRISONERS REPORT FOR ACTIVE SERVICE

Seventeen inmates of Stony Mountain Penitentiary Waive Exemption.

Winipeg, Dec. 10.—Of the seventeen inmates of Stony Mountain penitentiary who came under class one in connection with the Military Service Act all have waived claim for exemption and have reported for service.

The problem now confronts the department of justice as to what should be done in their case.

Arrangements have been made to have the men made available, for which purpose a special committee pointed by Lieut.-Col. Reilly will be at the penitentiary tomorrow.

CLERGY FOR UNION

Divines of Kingston Meet and Pass Resolution Endorsing Government.

Kingston, Ont., Dec. 10.—At a meeting of the representatives of the Protestant clergy of Kingston held this afternoon a resolution, presented by Rev. Dr. Jordan of Queen's University and pledging support to the Union government, because of its intention to vigorously prosecute the war by the Military Service Act and other means, was unanimously adopted.

Among those signing the petition were Right Rev. Dr. Bidwell, Bishop of Ontario, and Rev. J. D. Ellis, president of the Montreal Methodist conference. An effort will be made to have every Protestant minister in the city sign the resolution.

WINNIPEG APARTMENTS SUFFER FIRE DAMAGE

Winnipeg, Dec. 10.—Children and adults were dropped from windows, and one woman and a fireman were injured early this morning, when fire gutted the three-story Gordon Apartment block.

The twenty-nine suites in the building were completely destroyed by the flames in less than half an hour, and only the early arrival of the firemen and their activity in carrying people down ladders from the upper stories, prevented the loss of life.

The fire started in the basement from an unknown cause, followed by an explosion. The loss to the building is estimated at \$25,000.
