BRITISH LABOR LOSES SOME SEATS

Thruout England Held on Monday.

London, Nov. 2 .- (By Canadian Associated Press.)—Municipal elections were held yesterday thruout the country, with the exception of the London borough, where polling only takes place every three years. The result shows that the Labort party, which scored phenomenal successes in the municipal elections last year, have met with distinct losses in many districts. Labor lost seats in Bradford. Birmingham. Manchester, Accrington and Huddersfield, but made gains in Bristol and several minor industrial centres.

minor industrial centres.

There has lately been a campaign against the increasing burden of local taxes, which is alleged to be due to the extravagance of Labor majorities on the local councils. A feature of the Liverpool elections was the gain of four seats there by the Irish Nationalists. In Manchester the Conservatives gained four seats

Using Too Much Water.

"The Electrical Development Company has not since the enactment of this amendment been using more water than it is entitled to use, and does not therefore, come within the terms of the enactment. If the company now yields to the demands of the government to develop the 25,000 surplus energy, for which it has the machinery, then obviously the government could not turn about and order the discontinuance of the use of the water and then claim a forfeiture. A change of administration would make no difference whatever, because the government of the King never changes. It is only the agents of the King that change. What this government does by orders-incouncil or other binding engagements is binding on its successors.

Broadview "Y" Trade Team Elects Officers

The organization of the Broadview Y. M. C. A. track team points to a good season during the coming winter months indoor. The plans include dual athletic meets between the young men's section and the senior section in November and February; an open meet to the city in December; a dual meet with Hamilton or some outside association, and taking part in the national hexathlon contest in March. This program, along with the interest that is being shown in the club's weekly athletic events, points to a good season. The officers elected are:

President Jim Cockrell; vice-president, Geo. Biack; secretary-treasurer. W. H. Carlton, young men's section, L. Clarke, J. Patterson; seniors, Herb Hill, H. Tresidder and A. Maudsley; special committee to draft up the season's program:

J. Tresidder, J. Turpie, L. Clarke, W. Carlton and J. Cockrell.

The events of the young men's and senior sections are to be similar to the young men on Thursday and the soniors on Friday, with four events on the card each week, including sprints, field events, walking and distance events.

The athletes are to be organized into teams in both classes, with points to count for the individual and team championships.

Imperial Polarine Available Everywhere

WHEREVER you tour, throughout the length and breadth of Canada, you can secure the grade of Imperial Polarine you now use for lubrication—exactly the same uniform grades are sold by dealers everywhere from Halifax to Vancouver.

Imperial Polarine reduces your greatest expense—depreciation, yet costs less than storage, tires, repairs or gasoline. It reduces friction to a minimum, maintains a piston-tight seal under heaviest engine heat, helps the engine extract the last ounce of power out of gasoline.

Imperial Polarine holds its body, maintains compression—keeps the motor running smoothly and quietly. The Imperial Chart of Recommendations shows the grade recommended for your car. Ask to see it when you stop for oil.

Imperial Polarine is sold by good dealers everywhere in sealed one-gallon and four-gallon cans, half-barrels and barrels, also in 12½-gallon steel kegs, the handy size for the home garage. Buy the larger sizes to save money.
