WILL SCRUTINIZE  
EVERY CREDENTIAL

Committee to Inspect Record  
of All Delegates to  
District Council.

Reports have been circulated to the effect that a committee had been formed within the ranks of organized labor in Toronto to force the hand of the present Toronto Trades Council and purge it of its so-called "red" members, in other words, to throw out the "red" representation. The World learned from a member of the re-organization committee the following facts:

"That a committee has been formed for the purpose only of thoroughly scrutinizing the credentials of every delegate to the District Trades Council, moderate or radical, with a view to throwing out only those whose credentials are invalid according to the constitution. This committee stated that the investigation of credentials of the delegates to the trades council would occupy several weeks, and would involve also matters pertaining not only to credentials proper, but to full up-to-date payment of all outstanding dues both from organizations and individuals. It would be the most thorough investigation ever held within the ranks of organized labor and would be conducted without regard to sectional feeling, in short, would constitute an expression of constitutional privilege and right for all members, irrespective of their affiliations or leanings.

John Vick, business manager for the International Union of Bricklayers, touching upon reports of forced reduction of work on union jobs as such in the building trade, gave out the following statement to The World:

"There is no clause in our constitution, local, international or federation, which stipulates the number of bricks a man shall lay or as a member of our organization. This I state with full knowledge and with emphasis. Further, I would say that this can be verified by interviews with master masons and specifically with members of the Builders' Exchange. Those who state otherwise are ignorant of the real facts of the case. I may say that the Builders' Exchange gives our men credit for doing a full day's work for a fair day's pay, and that there is no law, written or unwritten, which urges or forces members of our union to lag in this work."

W. E. Riche, chairman of the gen-

eral adjustment board of the Grand Trunk System, stated to The World yesterday afternoon that the freight handlers had signed an agreement with the management of the G.T.R. eastern lines, represented by C. G. Bowker, general superintendent, for wage increases based upon the American railway board rulings. These increases, said Mr. Riche, called for an increase of from 12 to 14 cents an hour for men working on monthly schedules. He himself signed the agreement on behalf of the men.

Organized carpenters thruout the Toronto district are now taking a referendum vote regarding the advisability of accepting the recommendations of the Building Trades Council relative to the blanket agreement subject. It is believed that the recommendations will be accepted, but the results of the referendum vote will not be known until Nov. 17, so far as the carpenters are concerned.

Controller Gibbons, business manager for the Street Railwaymen's Union, stated to The World yesterday that the Thursday night session did not refer in scathing terms to the refusal of Tom Moore to make a special visit to Toronto to discuss the personal grievances of the former president of the Trades Congress, that there were one or two references here and there of such a nature, but they were decidedly few and far between.

SAYS NATIONALIZATION  
OF BRITISH MINES SURE

Montreal, Oct. 22.—"Nationalization of the British mining industry is inevitable," said Ben Spoor, member for Bishop Auckland, in the British house of commons, who is at present in Montreal, prior to sailing for England on the Metagama tomorrow. Speaking of the miners' strike, he said: "This is not a wage dispute in the ordinary sense. It is rather an active protest against the government's violation of pledges. The government had promised to stand by the decision of Mr. Justice Sankey in the commission of 1917, who recommended nationalization of mines as the only practical alternative."

HARRINGTON IS NOW  
FUEL ADMINISTRATOR

H. A. Harrington, who has been known as fuel controller, has been given the new title of fuel administrator for Ontario, as the result of an order passed by the Dominion railway commissioners. The new regulations governing the coal situation are said to be slightly more severe regarding breaches of the law. The administrator has the right to put retail coal merchants under license, and it is expected that the fees will be higher than those previously prevailing. It is understood that the fixing of

WAGE UNIFORMITY  
FOR GIRLS OF THE WEST

Winnipeg, Man., Oct. 22.—(Canadian Press).—With the object of establishing uniformity of hours, wages and working conditions for girls in Manitoba, Saskatchewan, Alberta and British Columbia, a conference of minimum wage officials of the four western provinces will be held in Winnipeg in the near future. Mrs. Claude Nash, vice-chairman of the Manitoba minimum wage board, is in conference with the various bodies with this object in view.

To secure higher wages in order to meet the increased living costs, working girls, under the terms of the Manitoba minimum wage act, are planning to appear before the Manitoba board. No increases have been granted since late in 1918 and 1919. Application will be made within the next few days, it was stated.

Loew's Yonge Street.  
The story of a girl whose heart was besieged by a prince, but who was also loved, as it were, from afar, by a real man, will be unfolded on the screen in "A Dark Lady" at Loew's Yonge Street, this week.

Loew's Uptown Theatre.  
They assumed she had a job because she went out every day. But what it was they could not find out. The story of Penelope's career is translated to the screen in a capital manner in "29 East," the big photoplay which is coming to Loew's Uptown Theatre next week. Constance Tetterton, who starred in the original production in New York and Chicago, will also be seen in the leading role on the screen. It is a great story. From church choir to comedy chorus—quite a step for the little country girl. In "29 East" she pulls off some of the finest steps in her repertoire. In the story she is the daughter of a poor farmer who experiences when an ambitious girl has upon coming to New York, without money and friends, to find the famous Broadway Orchestra will also play a big part in the program, on which Miss Violet Johnston, the popular soprano, has place, and Loew's weekly and a rapid-fire Torrey comedy will round out the bill.

COMING EVENTS AT  
TORONTO THEATRES

Clever Magician Comes to the  
Princess—Notable Comedy  
for the Royal.

"The Girl in the Spotlight." Victor Herbert's latest effort in the musical comedy line, comes to the Princess the week after next. Among the musical gems are "I Cannot Sleep, Dear, Without Dreaming of You" and "There's a Tender Look in Your Eyes," both of which are said to be most pleasing. The production, which is now at the Tremont Theatre, Boston, is said to be quite elaborate, and the company is returned with exquisite taste. The cast is made up of many well-known musical comedy artists.

Thurston, the Magician. Thurston, the magician, whose every wave of a wonderful wand builds a fairy land of mystery, will be the attraction at the Princess next week. Thurston is popular for many reasons. In the first place he is master of his profession—a deft, trickster, alert, supple, ready to seize the opportune moment; indefatigable in his quest for new material. Moreover, he has a vein of comedy that goes far to bring him and his audience together, and there is in his personality an unique among stage folk. There are on his program this season 26 names, and he carries with him paraphernalia of such bulk that two large baggage cars are utilized for it.

Greenwich Village Follies. The Greenwich Village Follies, with the same unique production which has long New York engagement one ever to be remembered, comes to the Princess on Monday evening, November 1, for a week's engagement. The "Follies" radiates the exotic atmosphere of the famed Bohemian community from which it emanated. It interlaces hilarious burlesque, deft travesty, fantastic dancing, exquisite stage tableaux, fluid crescendos of jazz, and startling displays of fun and fashion in a colorful revue that is ablaze with gaiety and spontaneity. The "Follies" is a decided departure from the everyday girl-and-music spectacle. In its processes and in its general scheme it establishes a new zone for the so-called revue.

"His Honor, Abe Folsom." Barney Bernard has identified himself with the character of the Folsom that one cannot think of one without the other. Mr. Bernard's role in the first production of Montague Glass, famously funny Jewish stories, were first dramatized, and he has continued to play the character ever since. He is this season at it again, appearing in the title role of "His Honor, Abe Folsom," the Glass-Goodman comedy coming to the Royal Alexandra Theatre next week, commencing Monday evening. As in the past, A. H. Woods, the well-known producer of the Folsom plays, is presenting the play. The present production is being sent to Toronto the original New York production complete from start to finish. The present vehicle constitutes the fourth of a quartet, if such it may be called. It dispenses with the jovial Perimeter, and its predecessor, having led the shrewd Jewish merchant, thru the mazes of the close and cut trade and the movies, it is only natural that the present vehicle should launch him into politics. Montague Glass and Jules Good, man, Robert, plus A. H. Woods, plus Barney Bernard, equals a comedy of the highest enjoyment of laughter. There will be matinees Wednesday and Saturday.

Wholesale Adulteration  
OF  
"CANADIAN CLUB"  
AND  
"IMPERIAL" WHISKY

BUYERS OF

"CANADIAN CLUB" and "IMPERIAL" Whisky for medicinal or beverage purposes are warned to be cautious in their purchases of both bulk and bottled goods.

We have discovered that an extensive trade is being done in fraudulent whisky shipped into Ontario as "CLUB" and "IMPERIAL" in packages of all sorts; some of these bearing counterfeit labels.

All of this whisky that we have examined has been of vile quality; unquestionably of no value for medicinal purposes, and some of it even unfit for human consumption.

For over a year any "CANADIAN CLUB" or "IMPERIAL" Whisky we have supplied in bulk has been delivered directly from the distillery to the consumer. We have shipped no whisky in barrels to dealers. Therefore, all offerings of such goods by dealers are questionable.

Buyers of our brands should confine their purchases, outside of Ontario, to dealers of unquestioned reputation, and to Government Vendors, and, in the case of bottled goods, should examine carefully the Government stamp over the capsule, and be sure that it is a Government Stamp and not an imitation.

We will take pleasure in examining and reporting upon any whisky sold as ours about which doubt is entertained.

The economizer willingly pays the right prices, but sees that he gets his money's worth.

Real economy means---buying right, not necessarily the lowest price---the best is cheapest. In underwear real economy is---

CEETEE  
PURE WOOL  
Look for the Sheep Brand every garment.

"CEETEE" is manufactured from only the very finest Australian Merino Wool, scoured and combed over and over again until every particle of foreign matter is taken out and every strand is as clean as it is possible to be made.

It is then carefully knitted on expensive and exclusive machinery, very different from the ordinary style of underwear machinery, fashioning each garment to fit the form. It has all selvedge edges, therefore cannot come unravelled; every join is knitted together, not sewn as with ordinary underwear.

"CEETEE" is made in all sizes for men, women and children.

## "What's in a Name?"

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel.

by MILDRED MARSHALL

INA.

(Copyright, 1920, by The Wheeler Syndicate, Inc.)

One of the most curious names which has achieved widespread popularity today is Ina. It is a name without a history, without a country, without even a past. A product of modern fancy, based on some fair lady's whim,--this is practically the only explanation which can be given for the Ina of this etymological age.

It is thought by some that it bears a sufficiently striking resemblance to the Spanish line to be considered an Anglicized derivative. That theory would make Ina equivalent to our Agnes, and would give it the significance of "pure." It might also be derived from the Greek Inaz, which has the same significance. But it is difficult to say. "Ina" has a charm of its own, at that. The most likely explanation is that it is a gratuitous invention; that the sound of the name pleased some ingenious young woman and she artfully christened herself; or having a name which she found tiresome, she discarded it in favor of one of its syllables. Its vowel character the worth of her invention. But since, in the history of etymology, all names must have an historical origin, the word "Ina" is best regarded as a derivative of our Agnes.

Giving her this significance, the pearl is Ina's talismanic gem. It brings her charm and beauty and many friends. Monday is her lucky day, and three her lucky number.
