FOUR CANDIDATES FOR FIGHT IN N. E. TORONTO

Three Returned Men in Political Battle—Views Given at Nomination Meeting—Questions of Bonus for Veterans and Eight-Hour Day Were Prominent—Leadership of Parties Also Crops Up—Hydro Radicals Find Support.

At Cumberland Hall yesterday the four following candidates were nominated for the Northeast Toronto by-election, rendered necessary by the resignation of Hon. H. J. Cody:

Major William Harold Klippen, manufacturer, Liberal; James Higgins, boilermaker, Soldier-Labor; Alex Lewis, secretary-treasurer, Harbinger, Conservative; and John Galbraith, Independent Conservative.

The election takes place on November 2. When the nominations had been declared in order matters became lively as the result of numerous questions being fired at the candidates.

Major Lewis declared that he stood boldly for the bonus re-establishment of the ex-service men. He stated against the \$2,000 bonus. He stated that he would vote for the eight hour day and the 44-hour week only if the majority of workers in the province showed the desire for it.

He replied that the Hydro commission was a more authoritative body, and that if the government could not trust the Hydro Commission it should ask for a lack of judgment. He was asked who he favored as leader. "I may say that our party is choosing its leader some time in December," returned the major, "but let me say that my leader is not the man who lobbied the Ottawa legislature to give over the control of the Toronto streets to the Niagara Power and the Toronto Electric Light companies."

Rate Increases. "The rate has always been too low here, and compared with the other side, it is much lower."

The average per k.w.h. for Toronto and Niagara Power current have been 2.8 cents in 1912, 1.6 cents in 1917, 2.2 cents in 1918, and 2.6 cents under the new rate.

Appeal Against Assessment On Pay From Government

Appeals were made to the court of revision yesterday by Dr. W. L. McBeth and Dr. W. W. Cruise against the assessment as income of D.S.C.R. received by them from the British government.

Mr. Nixon of the assessment department argued that the exemption did not apply as the doctors had been discharged from the imperial army. Decision was reserved.

The industrial and development council of Canadian meat packers and running on the Hamilton-Toronto line, was honorably acquitted in the sessions yesterday afternoon by the jury which has for the past three and one-half days heard the case of theft against him. He was charged with stealing tickets belonging to the company on July 4, July 29, and again on August 24, the day on which he was arrested.

The case for the crown was largely made up of evidence of Pinkerton National Detective Agency, and of the special investigation department of the Canadian Pacific Railway Company and of police officials. The crown was represented by Mr. Eric Armour, assisted by Mr. Hartley Dewart, K.C., who was specially retained by the Canadian Pacific Railway Company. T. J. Agar was counsel for the accused, and was assisted by the young son of the prisoner, C. F. H. Carson, who is a student-at-law at Osgoode Hall, and who through the whole of the proceedings sat beside his father's counsel.

Mr. Agar spoke for over an hour and made an eloquent address to the jury on behalf of his client. Carson went into the box on his own behalf and gave his version of his connection with McCabe, who turned out to be a Pinkerton detective, and who was a star witness for the prosecution.

As to the charge in respect of July 19, an alibi was proved by means of the diary of Cyril Carson, son of the accused.

The case has created considerable interest and the court room has been crowded through the trial of the case and at the night session on Tuesday when both counsel addressed the jury.

C. P. R. CONDUCTOR CLEARED OF CHARGE

Honorably Acquitted in Toronto Sessions of Stealing Railway Tickets.

David J. VICTIM OF WILES OF LADY PALMIST

Citizen Lucky to Reduce Loss From Twenty to Ten Dollars.

Many an interesting episode brought to light in the central detective office in the city hall falls to reach the attention of the public, yet some of the incidents are of distinct moral value.

Last night while The World was in its headquarters, a man who has been resident in this city nearly fifty years, told a tale of two ten-dollar bills, a picturesque palmistry and a wiser and sadder man. The previous night, so he said, he had visited a palmist on Queen street. This led a palmist of Southern Europe requested him to place what money he had in his palm and he obliged with a dollar.

She punched him in the chest and around the trouser pockets. "My, you lot money, you lot bill, you put ever, around the trouser pockets. He obeyed the detective office. He obeyed tell others. She then proceeded to tell her fortune, and gave him back all but a dollar. He wanted fifty cents more and got it back.

Leaving recently on the bill, and he counted his money outside, and found a ten-dollar bill missing. Re-citizen he charged the palmist with the ten-dollar bill. Exit, a determined curiosity hunter. How ever, arriving home, he discovered that he was still shy ten dollars. He had been closely stuck together. Back again to the teller of fortunes, but when the other candidate there stood, he was not to be deterred. He knew no other ten-dollar bills. He was now determined and angry.

Next day he went again, but the lady was elsewhere. Finally he reported the loss to the police. They advised him to try his luck once again, and to notify them if he could not identify the lady.

TO SEE LICENSE BOARD. Stanley and W. H. Hallam and Gordon Neil, who were on the Spracidin board, were in Toronto yesterday to see the license board.

WILL CO-OPERATE IN ATHLETIC AFFAIRS

Toronto Police Commissioners and Ontario Body Come to Understanding.

Co-operation will be the slogan henceforth in all matters athletic in Toronto between the board of police commissioners and the Ontario Athletic Commission. This was decided at yesterday afternoon's session of the police commission. Francis Nelson is the chairman of the Athletic Commission.

Another interesting matter taken up by the police commission was the grant of a pool room license to the management of the Duke of York Hotel, Leslie street and Queen street. It had been the intention of the commission to grant no more licenses, but the general appearance of the hotel and its equipment melted the heart of the board.

The board granted Inspector Tripp and Sergeant Greenwood leave of absence to study special conditions in Detroit. Their special study will be safety zones and "silent" police.

CITIZEN'S SUDDEN DEATH. Thomas McNamara, 91 Dovercourt road, died suddenly yesterday morning from an acute attack of indigestion. Mr. McNamara works as a new Dominion Glass Works, and had relatives in Hamilton. Having died without medical attention the body was removed to the morgue.

INJURED BY FALL. John Abisizis, 79 Oxford street, received injuries to the head yesterday morning when he fell from a platform on which he was seated while making repairs to the Bank of Nova Scotia building at the corner of Queen and McCaul streets. He was sent to the General Hospital for treatment.
