(J. M. Robinson & Sons, private wire telegram)

Union Iron Works and Fox River Ship-

gate 125 torpedo boat destroyers being
built on cost plus ten per cent basis.

can destroyer in European waters. Petty
officer killed and five men injured.
Steel trade organs report big sales
of pig iron in last two weeks as against
long period of depression in industry.
Fuel administrator threatens to pun-
ish speculators in coal and warns the
striking miners in the west to return
to work.

roads should either enable to get
materials at lower prices or should get
higher rates.

more as secretary-treasurer of the Boy
Scouts, in succession to Percy Gibson,

signed to become secretary of the Pro-
vincial Scouts' Association.

WEAKNESS AT WALL

STREET OPENING

New York, Oct. 18.—Wall street—Re-
current weakness among active specu-
lators provoked further irregularity in the
opening of today's stock market. Utah
Copper registered an initial loss of 2 1/2
points, Mexican Petroleum fell two
points, Bethlehem Steel one. Several important
rallies yielded large fractions to a point.
There were a few offsetting gains, notably
in U. S. Steel, Central Leather and the
tobacco group. Former tendencies set
in before the end of the first half
hour.
New York, Oct. 18.—(Wall street,
noon)—Alternate rallies and declines ac-
companied the dealings of the morning.
Utah Copper made up its loss, but soon
reacted. Mexican Petroleum strengthened,
and United States Steel rebounded
1/2 to 108 1/2. There was an unusual
inquiry for low-priced rails, notably
Southern Railway common and preferred,
Rock Island and Missouri Pacific.
Some of these issues gaining one to one
and a half points. Shipbuilding, oil and
equipment also scored modest gains,
only to fall back with the general list at
noon.

LONDON STOCK MARKET

London, Oct. 18.—The stock market
had a good undertone today with a few
prominent features. Oil shares and East
Rand gold mines were strong and active,
and Argentine rails were higher on bet-
ter strike news. Russian issues were flat
following the rise in exchange to 85,
while gilt-edged securities were quite
firm. American shares were undecided.
Money was in short supply, and dis-
count rates were steady.

THE LATE MISS NASON

The funeral of Miss Ella May Nason
took place on Tuesday morning on the
arrival of the early train at Tracey Sta-
tion, and a very large concourse of peo-
ple were present at the church to show
their sympathy for the grief-stricken
family. Rev. J. E. Wilson conducted the
services in the church and at the grave,
and interment was made in the family
lot. There were many beautiful floral
tributes to the memory of the young
lady, who was a general favorite with all
who knew her. Among them were:
Wreath, family; wreath, George street
Baptist Sunday school; wreath, St.
Mary's and Gibson Women's Institute;
pillow, Hazel Saunders; wreath, Mr. and
Mrs. Percy Morgan; broken circle, girl
friends, the Misses Young, Misses Long,

erson, Esther Painter, Minnie McConaghy

TO GET FOR CANADA SHARE

OF CORN CROP IN STATES

Ottawa, Oct. 18.—The food controller
announced yesterday that all possible ef-
forts were being made to secure Cana-
da's fair share of the available corn in
the United States. Application to the
United States food administration for
licenses which will enable shipments to be
brought across the border into Cana-
da are being approved and forwarded to
Washington without delay. More-
over importers and other Canadian users
of corn have been urged to get together
and to provide Mr. Hanna with infor-
mation as to their requirements, so that
the food controller may be in a bet-
ter position to negotiate with the
American authorities.

LIKELY SETTLE STRIKE IN

SUGAR MILLS IN HAVANA

Havana, Oct. 18.—A strike of sugar
mills mechanics, which has continued for
a fortnight and which threatened seri-
ously to curtail the sugar production, ap-
pears to be near a settlement, as a re-
sult of concessions made by both sides
to the controversy.

THE CORN MARKET.

Chicago, Oct. 18.—Much colder weath-
er predicted for tonight tended today to
ease down the corn market. The lower
temperatures in prospect were looked
upon as a means of helping to put the
crop into good condition for shipping
and the prevailing warmth and
moisture would have allowed. Selling,
however, was not of an aggressive char-
acter. Opening quotations, which ranged
from the same as yesterday's finish to
3 1/2 cents lower with December at
\$1.14 1/2 to \$1.14, and May at \$1.10 to
\$1.09 1/2, were followed by a moderate
down-turn all round, and then some-
thing of a rally.

VON BUELOW IN BERLIN AGAIN

Believed He Will Succeed To
Chancellorship

Michaelis Robbed Once More

Clerical Party Again Says He Lacks
Political Judgment — Franchise
Reform Bill Delayed — More
About the Bolo Affair

Amsterdam, Oct. 18.—Prince Von
Buelow, former imperial chancellor,
has returned to Berlin, according to the
Lokal Anzeiger. It is generally be-
lieved, the newspaper adds, that he will
be offered his old post in succession to
Dr. Michaelis.

Copenhagen, Oct. 18.—A report that
Dr. Michaelis has offered Frederick Van
Payer the post of vice-chancellor held
by Dr. Karl Helfferich, is confirmed by
the clerical newspaper Germania, and
the Radical newspaper Tageblatt. The
offer would imply the chancellor's
readiness to throw overboard Helfferich
as well as Admiral Von Capelle, the
minister of marine, in order to save
the situation.

News of overtures to the radical party
has not helped Michaelis in his parlia-
mentary troubles. Germania, speaking
for the powerful clerical party, says
that the naval affair has convinced parlia-
mentary circles that Michaelis lacks
the required political judgment and must
be replaced by an adroit politician and
diplomat.

Copenhagen, Oct. 18.—The Prussian
Diet re-assembled yesterday to be met
by the news that the franchise reform
bill, which the emperor ordered submit-
ted in time so that new elections could
be held under the new system, probably
would not be ready before December.
At best only the formal first reading is
expected before Christmas, and there is
little chance that the debates can be con-
cluded before the terms of the present
members of the Diet expire.

Th Germania says the delay is due
to the complicated studies connected
with the reform of the upper house and
the re-shaping of election districts. The
actual change in franchise rights has
presented few difficulties.

The majority parties in the Diet
which are opposed to the idea of "Sai-
dical" reform, are delighted at the de-
lay.

Copenhagen, Oct. 18.—The Deutsche
Bank admits in the Vossische Zeitung,
which prints four columns on the Bolo
Pasha affair, that it transferred a sum
of money to Ambassador Von Bernstorff
through Hugo Schmidt, who formerly
represented the Deutsche Bank in New
York. The bank acted upon instructions
from a source "generally responsible for
the payment of salaries, and other pay-
ments to our ambassadors, and did not
concern himself with the purposes to which
the money was applied.

The Deutsche Tages Zeitung makes
the Bolo affair the text for an attack on
the ability of Bernstorff, whose candi-
dacy for the imperial chancellorship evi-
dently is still feared by the pan-Ger-
mans.
