Let No Corn Spoil an Hour

Any Corn Can Be Stopped Now, Any Moment, by a Touch

SCIENCE has solved the corn problem. One can now stop a corn ache instantly, and shortly remove the whole corn.

The method is gentle, scientific, sure. A famous chemist invented it. A surgical dressing house of world-wide fame produces it.

It is Blue-jay—the liquid or the plaster. A touch applies it. The pain stops at once. Soon the whole corn, however ancient, loosens and comes out.

It makes harsh treatments unnecessary. It makes paring ridiculous. It makes every corn ache a folly.

Your druggist has Blue-jay. Let it end your corn—tonight.
