

## Great Bargains for Women

MILL STREET STORE

Just half way between Paradise Row corner and the Station

The unsold balance of "Dorothy Dodd" samples, together with all the broken sizes, that were left after the big sale in King street, have been placed on sale at our branch store on Mill street at one price, **\$1.98**. In this lot are women's high class boots that would sell regularly from \$5.00 to \$7.00 a pair. This is a cinch for the women of the North End and ought not to be passed over by the people of the south or west ends.

Wholesale Fruit and Produce :: 1 Water Street.

SPANKED THE RICHEST BABY  
Palm Beach went into history this week as the place where Vinson McLean, the \$100,000 baby, got his first spanking.

According to the story circulated, the 3-year-old son of Edward B. McLean, of Washington, received a brief but thorough, lathered castigation from Mrs.

McLean's personal maid, who, to avoid the expected wrath to come, immediately packed her things and left for parts unknown. What makes it particularly humiliating for young McLean is the fact that he is to be "a man's boy," his father has said, and for that reason only men nurses and detective guards were presumed to touch him.

### ENLARGE COURT HOUSE FOR CITY AND COUNTY BUILDING

A plan to remodel and enlarge the court house building to provide accommodation for the city and county officials is under consideration. When the proposal to erect a new municipal building in the Market Square at a cost of \$300,000 was given a twelve months' hold at the last meeting of the county council the alternative scheme was proposed. Commissioner Agass says that, by adding two stories to the court house building and making an extension on the eastern side towards the registry office enough room could be secured. The cost is estimated at \$100,000, and the sale of the present city hall would bring at least half that amount. The remodelled structure would replace the present city hall, the city offices in the ferry building and the county offices in the Walker building, Prince Win. street, and the Harbottle building, Prince street. An architect has been engaged to draw plans for the work.

### MORNING LOCALS

A man named Gray, working in the lumber woods in Charlotte county, a few days ago, had a rib broken, and was brought to the city last night and taken to the hospital. After the accident he walked five miles to the railway station. The fire department was called out last night for a small fire in the premises of the S. Hayward Co. in Canterbury street. The fire had caught in a barrel of rubbish. The members of the congregation of the Fairville Baptist church held a social last night and it was attended by many. Rev. H. R. Boyer presided. Among those taking part in the programme were Harvey Arbo, Miss Sadie Allingham, Charles Humphrey, Helen Sims, Miss Cougle and Miss Edwards. John Penna, a longshoreman, was injured while working at Sand Point last night. He was struck by a bale of hay. He was removed to the hospital. Hearing of the petition of Heno Lenson for the winding up of the Maritime Coal Co., Ltd., of Beersville, Kings County, before Justice White yesterday, developed an interesting point. The petitioner, who is a creditor for \$14,000, asked that the company's affairs be wound up on the grounds of insolvency. The defence was made that the only proof of insolvency recognized by law is failure to make payment within sixty days of demand, and that no demand had been made. The case was adjourned until March 6 to hear evidence.

### PILES QUICKLY CURED AT HOME

Instant Relief, Permanent Cure—Trial  
Package Mailed Free to All in Plain  
Wrapper.

The Pyramid Smile  
Many cases of Piles have been cured by a trial package of Pyramid Pile Remedy without further treatment. ### BURN CAUSED OPEN SORE

Zam-Buk Worked a Wonderful Cure

Sometimes a bad burn, a deep cut, or some similar mishap, sets up a more permanent injury, in the form of an open, discharging sore. In such cases Zam-Buk will be found of unequalled value.

Mr. J. Nixon, of 901 William Ave., Winnipeg, a blacksmith at the C. P. R. shops, had his foot badly burned by some molten metal falling upon it. He says:—"The burn was a very bad one, and after the first few days it left an open sore, which showed marked signs of blood-poisoning. It discharged freely and caused me terrible agony. For three weeks I suffered acutely and could get no ease. At last I obtained a preparation from the doctor, which seemed to stop the discharging and made me quite hopeful, but finally the wound became as bad as ever."

"I was then advised to use Zam-Buk, and from the first application the pain gave me relief. The inflammation was thoroughly checked, and the poisonous matter cleared away in a very short time after beginning with Zam-Buk. Healing then began, and in less than two weeks the wound was thoroughly cured."

One of the main lessons of this case lies right here—try Zam-Buk first for any injury, sore, skin disease or wound. Don't spend money and waste time in experiments. Zam-Buk is equally good for piles, blood-poisoning, festering wounds, chaps, cold sores, children's eruptions, scalp sores, varicose ulcers, chilblains, etc. All druggists and stores at 50c. box, or post free from Zam-Buk Co., Toronto, for price. You are warned against harmful substitutes and inferior preparations.

### FARMERS AND TAXATION

(The Square Deal).  
The fact of the matter is that other causes are operating to depopulate rural Ontario, also to depopulate the rural New England. These causes are the burden of taxes on farm improvements, discouraging industry; the scarcity of money for the construction of roads; and the light tax on unused or poorly developed land enabling the owner to hold it unused or partly used.

In every farming district of Ontario it is true that the land could support twice the present population in greater comfort than it is supporting the present population. The cure is very simple. Give the townships the right to reduce the tax rate on buildings and improvements and increase it on land values. Most townships would take advantage of this power to a greater or less extent at once.

The increased tax would incline the owners of undeveloped areas to meet the offers of those who would develop them. At the same time the decreased tax on improvements would encourage the owners of improved farms to still further improve them.

The experience of the New Zealand and Australian municipalities that have adopted this plan shows that when taxes are on land values only, the public are no longer afraid of a high tax rate. Since every expenditure on roads and other public improvements increases the value of the land, roads become to the taxpayer a very simple business proposition, and there is no longer any difficulty in securing a vote of necessary money.

Another "Broncho Billy" picture at the Gem tomorrow; G. M. Anderson in a fascinating Essanay western drama.

### Refinery Work at Once

F. H. Anson, managing director of the Atlantic Sugar Refineries Co., Ltd., Henry Holgate, consulting engineer; L. R. Wilgison, treasurer; Edwin J. Jarrett, vice-president of The Foundation Company of

New York, and others yesterday made an inspection of the site of the new refinery and of the remains of the test pits which have been sunk. It was decided to proceed immediately with the work of constructing the foundations and workmen will be assembled within the next couple of days. Part of the plant is already on

the way here and when a start is made work will be continued day and night.
