

### ARE ACCUSED OF COUNTERFEITING

#### TWO MEN UNDER ARREST AT SEATTLE

Apparatus for Making Money Found in Room of One of Prisoners.

Seattle, Wash., June 14.—The police and government secret service men have under arrest two men whom they accuse of being counterfeiters. The names of the men are Carl P. Mohon and Morris Raiston, and the police believe they have the men responsible for flooding Seattle, Tacoma and other northwest cities with spurious silver halves and dollars since last March.

Mohon, who claims to be a telegrapher unemployed, was arrested by Patrolman Ziebarth at the baseball game yesterday afternoon just after he had given a boy two counterfeit halves with which to purchase tickets to the game for himself and the woman accompanying him. Somehow the woman escaped and is still at large.

From papers found on Mohon at police headquarters his room and that of Raiston were located on Ninth avenue near Union street. Here Thomas B. Foster, operative in charge of the Puget Sound secret service district, found and arrested Raiston and Cora St. Clair, with whom Raiston was living. The woman, however, the secret service men think, is not implicated. When placed under arrest Raiston was found having implements and trinkets of a complete counterfeiter outfit lying about the room. He also had some counterfeit halves and dollars in his possession.

### FILIPINO MUTINEERS DEFY AUTHORITIES

Members of Native Constabulary Are Endeavoring to Start Revolt.

Manila, June 14.—Entrenched in a mountain retreat, defying capture, a sergeant and 22 Visayan privates in the Philippine constabulary, who mutinied at Davao, Mindanao Island, on June 6, are making efforts to-day to enlist the aid of other Philippine constabulary privates.

A company of constabulary is en route to Davao to-day following the receipt here of news of the mutiny and a company of 33rd infantry is already on the scene guarding the town.

Major General Wm. P. Du Val, commanding the division of the Philippines, declared to-day that his faith in the native constabulary was not shaken by the mutiny at Davao and that he still retained the highest regard for the general loyalty of the forces.

Brigadier General Harry H. Bandler, chief of the constabulary, who is in the field, was notified to-day of the mutiny and sent word that he was to hurry to the scene and will take personal command of the pursuing forces.

Washington, D. C., June 14.—Acting Governor General Forbes, of the Philippines, sent a cable message to Washington to-day saying that the mutiny in the second company of the constabulary bore no political significance and that he would report the cause of the outbreak as soon as possible.

### VILLAGE ALMOST DESTROYED BY FIRE

Dynamite Stored in Warehouse Explodes and Flames Spread Rapidly.

Bakersfield, Cal., June 14.—Almost every building in the mountain village of Clante, 24 miles east of this city, is in ashes as the result of a stubborn fire that swept the town late yesterday afternoon and last night. The work of a brigade of amateur fire fighters was made extremely hazardous by the presence of 3,000 pounds of dynamite in the Southern Pacific warehouse, where the fire started. When the dynamite exploded, the depot and other adjacent buildings were wrecked, and the fire spread quickly. It continued unchecked until it burned itself out.

Telegraphic communication with Los Angeles was interrupted and a full report of the disaster cannot be obtained. It is reported that no lives were lost and that the property loss will reach \$20,000.

### WANT RUSSIA TO WITHDRAW TROOPS

#### PERSIAN NATIONALISTS PRESENT PETITION

Strong Feeling Exists Against Presence of Soldiers in Country.

Teheran, Persia, June 14.—The strong feeling against the presence of the Russian troops at Teheris has found expression in a petition signed by a committee of Kaevin nationalists, a copy of which was forwarded to every foreign representative at the capital to-day. The petitioners also protest against the threat alleged to have been made by the Russian government to treat them as outlaws.

Although the members of the diplomatic circle in this city are inclined to believe that the petition was drafted by Europeans and not by the nationalists, it is generally thought to be indicative of the strong feeling that exists against the presence of the Czar's soldiers in the country.

### CALIFORNIANS ON WAY TO EXPOSITION

Over One Hundred Business Men Are Making Trip to Puget Sound.

Portland, Ore., June 14.—Promptly on schedule time the special train of the California promotion committee, San Francisco chamber of commerce and other kindred organizations of California, the most sumptuous train ever run on the Pacific coast, pulled into Portland at 6 o'clock this morning and after a stop of an hour and a half continued on its way to Seattle, bearing 100 of the leading business men of the great southern state.

In the party there are all told 115 persons, including a number of Oregon business men picked up along the line who are going with the party as invited guests. At Portland, Tom Richardson, official booster of the Portland Commercial Club, joined the delegation and will accompany them on their trip from now until they reach Portland again next Friday afternoon, when for several hours they will be the guests of the various commercial and social organizations of the city.

On the trip up, the party stopped at many of the principal towns along the route, where they were lavishly entertained and where the glad hand of fellowship was extended with a royal good will.

The members of the party are easily distinguished by the bright golden popple, the California state flower, which each man wears in his buttonhole, and this little dash of yellow is the open sesame at every city visited by the party.

While en route, the wireless station on the train talked to numerous stations along the line, and was kept in communication with some station throughout practically the entire trip. Members of the party say that this practical test of the operation of wireless on moving trains has forcibly demonstrated its usefulness, and that the time is not far distant when every train will be similarly equipped.

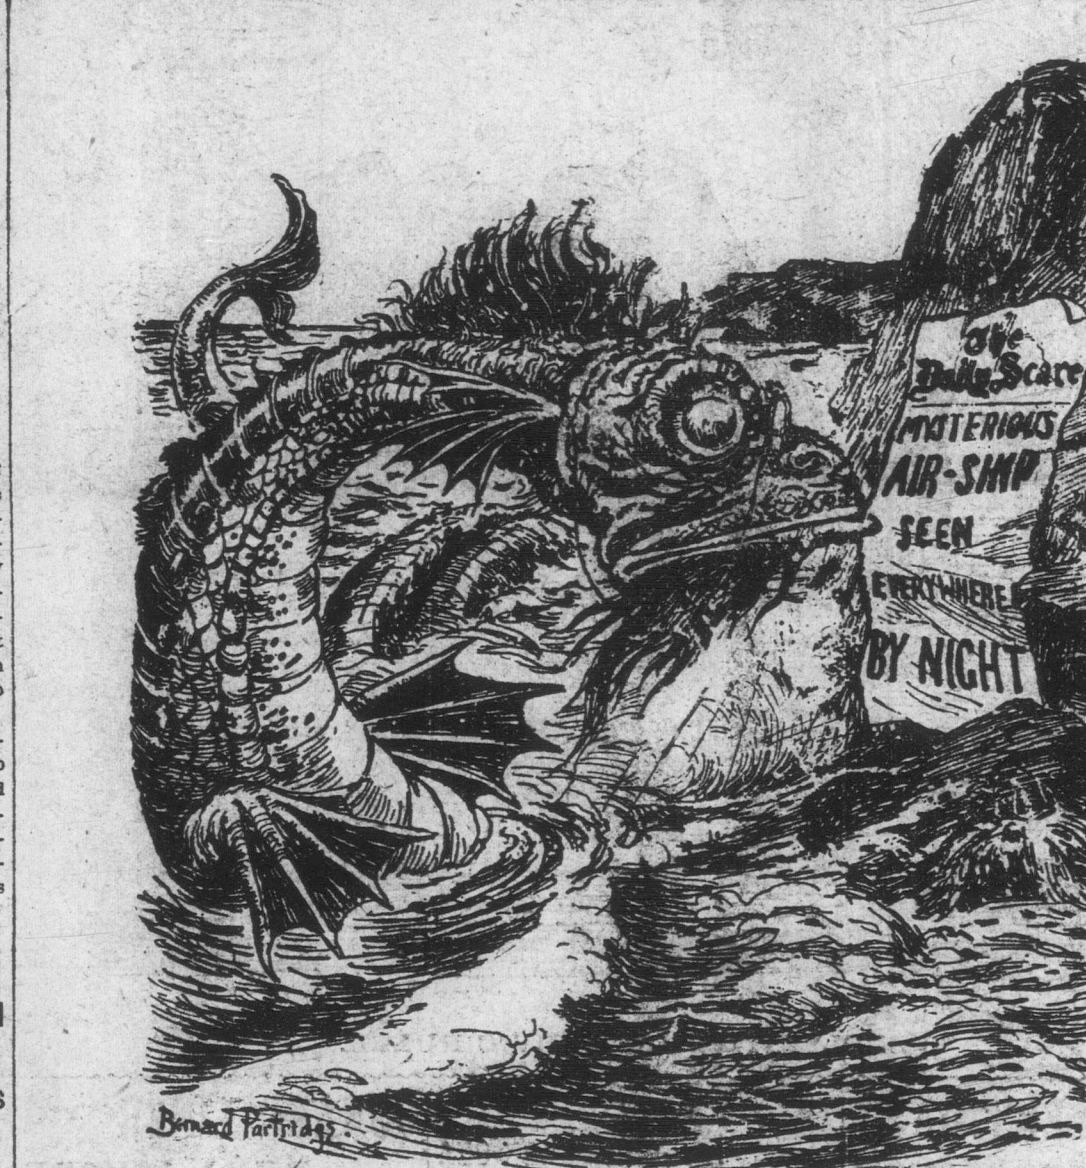

### HUSBAND AND WIFE MAKE SUICIDE PACT

Couple Watched by Police, as it is Feared They Will End Lives.

Berkeley, Cal., June 14.—Following the arrest of pretty twenty-year-old Mrs. Jean Thurnher, who confessed to a series of burglaries that approach the operations of "Nance Olden," the young woman and her husband, to whom she had been married but ten months, are the objects of close surveillance by the officers. Thurnher is frenzied by his wife's arrest, and the officers fear that both young people may end their lives.

It developed to-day that the girl was arrested and charged with burglary several months ago, but the case against her was not prosecuted. The young husband was heartbroken and pleaded with his wife to mend her ways. Together they are said to have struggled to overcome her mania for appropriating other person's property. Finally, Mrs. Thurnher is said to have persuaded her husband to enter into an agreement whereby each was to commit suicide should she again be arrested. In view of Thurnher's half crazed condition, the police fear he will carry out his end of the awful pact.

The police declared to-day that Mrs. Thurnher's record covers a period of six years. She has operated, they said, under the name of Jean Gordon, Jessie Russell and Tessie Gorman, and formerly was known in San Francisco as the "Cowboy Girl." Her father, who is dead, is said to have been a well known justice of Los Angeles.

AN EARLY SILLY SEASON. THE SEA-SERPENT: "Well, if this sort of thing keeps on, it'll mean a dull August for me." —Punch.

### BEEF FAMINE IS THREATENED

CATTLE IMPORTATIONS TO BRITAIN DECREASE

Wholesale Dealers Attribute Shortage to Tactics of American Shippers.

Liverpool, June 14.—Wholesale meat dealers and officials of the Liverpool Meat Traders' Association see in the falling off of cattle importations from the United States and Canada grave danger of a beef famine. Two or three weeks ago the weekly importations at Birkenhead averaged 5,000 head of cattle. Of late this figure has decreased to 3,000, while last week's supply was but 300.

An official of the Liverpool Association said to-day: "I am inclined to attribute the present shortage to the tactics of American shippers. Knowing that a famine is imminent, I believe they are holding back their cattle for an increased price. I have been informed also that much frozen meat is stored in refrigerators throughout the country, being held for a higher market. The Liverpool Chamber of Commerce is urging the government to remove the embargo of live cattle from Argentina. This may be a solution to the threatening problem."

A telegram from the Liverpool Association has been received by the president of the board of agriculture, asking an investigation of the conditions.

### AUSTRALIANS WIN

London, June 14.—On Saturday the Australian cricketers won their match with Somerset by two wickets.

### MAIL BAGS CONTAINING \$30,000 DISAPPEAR

Employees of Los Angeles Post Office Are Being Shadowed.

Los Angeles, Cal., June 14.—Post office inspectors are working to-day on the theory that members of the registry division of the local post office are connected with the disappearance last Saturday of registered mail valued at \$30,000. The mail was consigned to a bank at Bibebe, Ariz., and is supposed to have disappeared before it left this city.

Two of the packages, containing \$15,000 of the missing currency, were reported to have been found early to-day, but post office inspectors refuse to confirm the rumor. Efforts are being made to make it appear that the missing money was merely mislaid, but it is known that employees of the local post office are being shadowed by secret service conspirators.

### FIGHT BETWEEN TURKS AND ALBANIANS

Fierce Engagement in Northern Albania—More Troops Sent to Scene.

London, June 14.—A London news bureau had a dispatch from Athens to-day which says that advances received from Isakub, European Turkey, report a fierce engagement at Djakovitch, in northern Albania, between a force of 10,000 Albanians and 12 battalions of Turkish troops.

The dispatch states that the Albanians were driven back by the accurate fire of the Turkish artillery. The Turkish government is hurrying twelve additional battalions to the scene of the trouble.

### PRESIDENT PENNA, OF BRAZIL, DEAD

Head of South American Republic Passes Away Suddenly.

Washington, D. C., June 14.—Alfonso Penna, president of Brazil, died at 7.30 o'clock this morning, according to dispatches received here from the American minister at Rio de Janeiro. Dispatches from the Brazilian capital last night stated that Penna was dangerously ill. Up to that time no knowledge had been received that he was not enjoying his usual health.

At the time of his election to the presidency, Penna was vice-president of the republic and president of the Brazilian senate. Previously, he served as president of his state, and governor of the bank of the republic. He was elected to the highest office in the land in 1906, and would have remained in office until 1910. During his administration he accomplished much good for the republic. The consummation of the recently signed arbitration treaty and the negotiation of a sixty million dollar loan for naval purposes were largely the results of his diplomacy and ability.

### DUKE D'ABRUZZI MAY WED MISS ELKINS

Report That Objections of Royal Family to Match Have Been Overcome.

Naples, June 14.—Plans for the marriage of Duke d'Abuzzi to Katherine Elkins are reported to-day to be the motive for the secret departure of the Duke and Duchess de Guise, who secretly boarded the steamship Berlin, which sailed for New York on Saturday.

It is reported that all objections to the match on the part of the royal family have been overcome, and that Miss Elkins will accompany the Duke when they return here.

### MORSE ASKS ONLY JUSTICE

SAYS CONVICTION DUE TO CLAMOR OF CROWD

Devoted Wife Confident His Appeal Will Be Successful.

New York, June 14.—Scorning sympathy or mercy, Chas. W. Morse, convicted bank wrecker, sent word to-day to the United States Court of Appeals that he asked only for simple justice. The message was brought by attorney Martin Littleton, who said that Morse was ready to accept his punishment if the court believed him to be guilty as charged.

Morse, in his message, said there was no use for him to appear personally to hear the arguments in his case but he wished to make it plain that he had been unjustly convicted. He said that he was a victim of the clamor of the multitude for blood and that he now demanded his rights as a citizen.

Mrs. Morse, wife of the convicted banker, sat in the court room throughout the proceedings. She conversed with Littleton frequently and seemed to be making suggestions as to the conduct of the case.

Mrs. Morse has made a brave fight for her husband, selling her furniture and dismissing her servants to provide money to re-insure his creditors and carry his appeal to the higher courts. She expressed her confidence to-day that her husband would be released from prison as the result of his appeal.

Opening his argument, Littleton severely arraigned the newspapers which had attacked Morse during his financial reverses and trial. He then proceeded with his legal contentions.

### HON. F. OLIVER'S VISIT TO ENGLAND

London, June 14.—Writing in the Evening News regarding the reported visit of Hon. Frank Oliver to England to arrange to carry out the policy of the Canadian government to secure only the best class of immigrants, chief agriculturists with capital, the president of the immigration league of Australasia protests against such a policy.

"Why should," he asks, "the daughter states seek to skim off the cream of the English rural population and reject all others? By doing so they are far from doing a service to the cause of agriculture."

### THREE ARE SHOT BY CORPORAL

#### TRIES TO MURDER COMMANDING OFFICER

Two Other Soldiers Wounded—Would-be Murderer Attempts Suicide.

Des Moines, Iowa, June 14.—Captain John C. Raymond, commanding officer of troop B, 2nd United States cavalry, stationed at Des Moines, who was shot yesterday by Corporal Lisle Crabtree, will be paralyzed for life if he recovers, according to a statement made by the attending physicians to-day. The bullet entered the captain's neck and lodged close to the spinal column. He has a fair chance to survive his wounds, but he never again will be able to lift his hand.

First Sergeant James H. Washburn and Corporal Elijah Such, who were shot when they attempted to disarm Crabtree, are expected to recover. Crabtree, who attempted to kill himself after his attack upon the officers, is in a critical condition. If he recovers he will be court-martialed for attempting to commit murder.

The difficulty between Crabtree and Capt. Raymond had its beginning in a reprimand administered by the captain when Crabtree overstayed a leave of absence from the barracks. The corporal suddenly drew a revolver and began firing. Sergeant Washburn and Corporal Such, who were in the room, leaped forward and grappled with Crabtree. Washburn was shot through the hand and jaw. Such received a slight wound.

Raymond escaped the first fusillade, but when he tried to wrest the gun from the frenzied corporal he received a bullet in the neck, and dropped to the floor. Crabtree then turned the gun on himself.

### MILLIONAIRE'S SON DISAPPEARS IN SEATTLE

Efforts of Father and Police to Find Spokane Youth Unsuccessful.

Seattle, Wash., June 14.—Suffering from a nervous breakdown, Chas. F. Oudin, jr., the 22-year-old son of Chas. F. Oudin, a millionaire brick and tile manufacturer of Spokane, escaped from the Sisters' hospital in that city and came to Seattle, and is completely lost to his parents and friends, despite a most diligent search which has been made for the young man since Thursday night.

Early that evening, following his arrival in Seattle during the day, Oudin, jr., went to the Union station and called up his father by long distance telephone, requesting that a ticket be wired him so that he could take the train home. The father telegraphed the station agent to supply the transportation, and young Oudin was told where to secure the ticket. This was the last seen or heard of the youth. The father has arrived in Seattle and is personally making a search independent of the efforts of the police to find the wanderer.

Oudin, jr., has been in failing health for several months.

### "FLAG DAY" AT THE A.-Y.-P. EXPOSITION

French Ambassador and Mme. Jusserand to Be Guests of Honor.

Seattle, Wash., June 14.—The third week of the Alaska-Yukon-Pacific exposition was ushered in to-day with many unusual features and a heavy attendance. The celebration of "flag day" was marked by a special musical programme and features of a nature to inspire patriotism. Several addresses were delivered in the amphitheatre and auditorium during the day.

Another interesting event was the unveiling of the statue of George Washington, which has been erected near the main entrance to the exposition. Amid the strains of music and the booming of mortars, the statue of the "Father of His Country" was revealed to the public, when little three-year-old Eleanor Washington-Caldwell, the great granddaughter of John Augustine Washington, the last owner of Mount Vernon, drew aside the veil that covered the likeness of the first president. The statue is to remain permanently on the University of Washington campus.

This evening at 8 o'clock there will be a reception to French Ambassador Jusserand and Mme. Jusserand in the Washington state building, to which has been invited the stockholders and bondholders of the exposition. The interior of the building is decorated with French and American flags and the occasion is expected to be a brilliant one.

### TRIBESMEN ARE ON WARPATH

#### THOUSANDS OF PERSONS REPORTED KILLED

Outcome of Massacres in Northwestern Persia Awaited With Interest.

St. Petersburg, June 14.—According to the Neve Vremya, the Shakhsevan tribesmen are ravaging the northwestern provinces of Persia. According to a dispatch from Astara, 5,000 persons have been killed and the leading inhabitants have appealed to the Russian consuls for protection.

For several weeks the Czar's troops have been encamped near the Persia frontier, holding themselves in readiness in case of such an outbreak. The outcome of the outbreak of the Shakhsevan is awaited with anxiety. Several detachments of Russian troops, heavily armed and equipped with machine guns, left to-day to protect the territory from further ravages of the tribesmen.

### TURKS AND PERSIANS SLAIN IN FIGHT

Nineteen Killed and Large Number Wounded in Conflict.

Tabriz, June 14.—An altercation between the Turkish consul at Salmas and gendarmes led to a conflict with the Turkish troops, in which the Persians lost 13 killed and the Turks seven killed and a large number wounded.

### NEW RESIDENT-GENERAL OF KOREA INSTALLED

Changes in Administration of Affairs in Hermit Kingdom Predicted.

Tokio, June 14.—Many changes in the administration of Korean affairs are predicted here to-day. They probably will go into effect when the new resident general of the hermit kingdom, Viscount Sone, assumes the active duties of his office.

This morning in the imperial court, Viscount Sone formally was inaugurated resident general. The office of vice-resident general has been abolished, and it is thought that a general rearrangement and distribution of official duties among the members of the governmental force in Korea will follow.

One of the principal events of the court ceremonies to-day was the inauguration of Prince Ito, as president of the privy council, an office which carries much responsibility and great honor. Marshal Yamagata was inaugurated advisor of the privy council. The installations were attended with much ceremony.

### ABANDONS SEARCH FOR MISSING HUSBAND

Wife of Oregon Mining Man Believes He Has Been Murdered.

Roseburg, Or., June 14.—Despairing of ever seeing her husband alive again, Mrs. M. Porteous, of Los Angeles, Cal., has abandoned what she declares to be a hopeless search for him.

Edward J. Porteous was a well-known Rogue river mining man. He disappeared from Grant's Pass under circumstances that indicate murder, according to Detective J. H. Delamonte, who came here from Los Angeles to assist in the search. Mrs. Porteous has spent three days in the vicinity of West Fork, where her husband was interested on the mining enterprises, but found no trace of him. She now thinks, as Detective Delamonte does, that Porteous was killed by enemies and his body concealed.

### TREASURE STEAMER REACHES DAWSON

Dawson, June 14.—The steamer Tanana has arrived here, bringing \$600,000 of Fairbanks gold, making a total of \$2,800,000 received this season en route to Seattle. The steamer Victorian has \$1,000,000 more.

### THE FRENCH DERBY

Paris, June 14.—The French Derby, run yesterday at Chantilly, was won by W. Vanderbilt's Negrofil, in impressive style from Edmond Blanc's Union, with Negrofil's stable companion, Oversight, third. The stake was worth \$40,000, and the race was witnessed by an immense crowd, including thousands of "American" who won heartily on the American victory.
