At the dominion convention a committee was appointed to consider the importance of the Youmans' fund. It recommended the appointment of a standing committee, whose business it would be to make necessary suggestions and appeals to provincial presidents. Mrs. Rutherford of Toronto and Miss Tilley are the committee. It was also suggested that each province was also suggested that each province be recommended to send their moneys to their provincial treasurer, and that she hold each in a separate fund, notitying the dominion committee of the amount, and holding it subject to tee be requested to draw upon these funds in sums proportionate to the numerical strength of each union, and that Mr. London receive all orders for money from the dominion committee,

but that drafts come from the prov-incial treasurer to Mr. London. In a circular letter Mrs. Rutherford and Miss Tilley say: 'We have looked into the matter closely, and have with Mr. London decided that it will take about \$600 a year to keep Mrs. You-mans in the comforts she should have and which we feel she has been denyng herself. Owing to Mrs. Youmans physically helpless condition she is obliged to keep two nurses, which must, we can see, add materially to her expenses. We would suggest that each union in your province be asked to give to the amount of one or two dollars annually to this fund, and thus by contributing each year we would keep in close touch with one. would keep in close touch with one who is the mother of Canadian unions and whose suffering condition is largely owing to her faithful labors for the cause in which we are engaged. A cable from London Wednesday announced the death at Saxon Hall, his London residence, of Hon. James I. Fellows, Agent-General in London of the province of New Brunswick.

Whoever called upon him at his London home will have lively recollections of an open-hearted hospitality, devoid of all affects ion, and marked by unfailing kindness and solicitude for the welfare of the visitor.

Hon. James I. Fellows was born at lows made valuable contributions to the St. John public library. He was always a warm and devoted friend of the city that was the scene of his early struggles.

In 1891 Mr. Fellows was appointed a member of the legislative council of New Brunswick and took his seat for a portion of the session of 1891-92. It was as Agent-General for New Brunswick that Mr. Fellows was best known in recent years. In that capacity he not only performed any duties imposed upon him by the government of the province, but he lost no opportunity to press upon the British public the claims of New Brunswick as a field for immigrants, and during the last few years has made earnest efforts to get this province properly represented, through its products, in the Imperial Institute. The descendant of an old Yorkshire family, ettled in Canada after the year 1812, Capt. Lang en-tered the Royal Military College of Kingston in 1879, and, graduating with honors in 1883, was gazetted as a lieuenant in the Royal Engineers in Jun of that year. After passing through the usual two years course at Chat-ham, he was sent to the War Office, and was subsequently made A. D. C. to Sir Andrew Clarke, inspector-general of fortifications, and, on the expiration of this appointment, was appointed to British Columbia, to carry the defences of that portion of the empire. His work was so well done that. on his return to England, he was se-lected for special duty on the Gold Coast, and has now been rewarded for Coast, and has now been rewarded for his important services in connection with the Boundary Commission and his extensive surveys in the surrounding district. Capt. Lang, like his countrymen generally, is a man of splendid physique, and, like all those who at the Royal Military College of Canada have gained the coveted prize of a commission in the Royal Engineers, has justified the confidence of the imperial authorities in their are the imperial authorities in their appreciation of the splendid training of our years' duration which cadets receive at that important institution.

Captain Lang is now on the staff of the School of Military Engineering, Chatham, as assistant instructor in Estimating and Construction.
