FIREMAN INJURED IN TRAIN WRECK

Cars Jumped Track and Landed in the South West Miramichi River
—Engine Smashed

NEWCASTLE, N. B., April 24.—Between four and five this afternoon the Indian train, accommodation train, ran off the track near Millerton, the engine and several cars going over the bank into the Southwest Miramichi River. Fireman Cameron of Smallwood was on the undercarriage and it is reported that his leg was broken twice and that he sustained other injuries in the head and body. Engineer Andrew McCabe was not badly hurt. The accident was caused by a wash-out. The engine was smashed. Smallwood was too badly hurt to be brought to his home here.

PREPARING FOR CAMP.

Last evening the members of No. Eight Field Ambulance Unit met at their army in Oddfellows' Hall, Union street. The object of the meeting was to make preparations for the brigade camp at Sussex, which begins on June 25th. Major T. D. Walker addressed those who assembled, making a few remarks on the various things that would make the twelve days in Sussex pleasant than usual. After the meeting refreshments were served and an informal smoker held. Recruiting for No. Eight has already begun and until camp opens, Monday and Thursday of each week will be devoted to enrolling recruits. An effort will be made to increase the musical talent in the Unit's ranks so that No. Eight will be able to more than hold its own at the sing-songs and concerts held in camp.

COLLISION AT NORTH SYDNEY

NORTH SYDNEY, N. S., April 22.—Owing to a dense fog a collision occurred on the siding here between engine number twelve and three cars and a special west-bound freight with engine 170. Some damage was done to engine 170 and the baggage car.

SYDNEY MAN DEAD

SYDNEY MINES, April 24.—William Allred who was injured at Sydney No. 1 pit this morning, died this afternoon. The lad never regained consciousness after the accident. About \$14,000 was paid by the Nova Scotia Steel Company in wages today.

BUILDING BURNED AT KITTERY, ME.

Occupied as Storehouse in Navy Yard
—Believed the Loss Will Probably Reach \$150,000.

KITTERY, Me., April 24.—A three-story brick building about 100 feet long, forty feet in width, occupied as a pattern shop and storehouse, at the Navy Yard here, was ruined by fire tonight. At one time a high wind threatened to carry the flames to the group of nearby buildings, but after the fire had been in progress an hour the wind diminished in force, and the firemen of the yard, assisted by the Portsmouth City department, were able to confine the damage to the pattern shop building. During the fire a ladder fell and Corporal Agnew of the marines sustained a broken shoulder. No other person was injured.

Fire broke out from some cause unknown on the top floor, used as the pattern shop. The flames extended to the lower stories, which were occupied by the storehouse. A large quantity of oil at one end of the building was a danger to the firemen at one time, but part of the oil was taken out before the flames reached it, and the remainder was in a part of the storehouse not touched by the flames.

A large number of costly patterns and valuable brass fittings and other stores were either destroyed or badly damaged. The fire was placed under control after two hours hard work by the firemen. No inventory of the destroyed property has been taken, and the navy yard authorities did not care to make an estimate of the loss at this time. Unofficially a rough estimate places the total loss at \$150,000.

The burned building belonged to the engineers and hydrographic department and was across the street from the building used by the Russian and Japanese peace delegates. The peace building is a substantial brick structure, and although it was thought to be in danger at one time it was not damaged.

MAN FOUND DEAD WAS WANTED BY THE POLICE

NEW YORK, N. Y., April 24.—The body of a man which was found hanging to the elevated railway structure in Brooklyn Sunday, was identified today as that of Otto J. Adams, an inventor. The police, it is said, have been looking for Adams since January on the charge of sending a woman to the hospital. Adams was arrested several times on similar charges, but was never convicted.

WOODSTOCK NEWS.

WOODSTOCK, April 24.—The members of the 6th Regt. band, under the leadership of Prof. J. J. Ansell of Seabrook, Pa., are making arrangements for a grand band competition here in June. Invitations have been extended to upwards of twenty of the best organizations in New Brunswick and northern Maine, and already several entries have been received. Subscriptions are piling up rapidly in the fund for the proposed Methodist church. To date nearly \$10,000 has been subscribed.

J. Albert Hayden will put up a fine three story brick and cement building this season. He has bought the Barker lot adjoining his property in Main street. The new structure will be an ornament to the town.

Peter Polchis, an Indian from the reservation just below the town, was charged with stealing a pair of driving shoes from a neighbor, Gabe Joe. The defendant pleaded guilty, and being anxious to make amends was permitted to escape imprisonment on undertaking to pay for the shoes and costs of the trial.

John A. Lindsay, Scott Act inspector, had Fred Deboles, colored, up for trial Monday charged with violating the Scott Act by what is known as pocket peddling. The accused pleaded guilty in two cases and was \$100 and costs.

The circuit court met today at Upper Woodstock. For the first time in years there was nothing on the docket. Workmen are busy engaged remodeling the church, Churchill residence, which is in future to be used by the Golf Club as headquarters. The building is near the present club house. The latter is to be utilized for lockers, etc. The club has about doubled its membership this year, and on May 24th will play a match at home with the St. Croix club.

A lodge of the Chosen Order of Friends is to be instituted here. S. G. Barter, organizer, has spent some days working up interest.

DANISH ARMY AND NAVY.

COPENHAGEN, April 24.—The correspondent of The Mail and Empire learns on excellent authority that negotiations are going on between the Danish and German Governments concerning the arrangement of the Danish army and navy in case of war. German requests the concentration of a Danish army in Zealand, new fortifications at Copenhagen, the establishment of a naval base in the Great Belt, and the expansion of both the material and personnel of the navy. The negotiations, which commenced during King Frederick's visit to Berlin, are now nearly concluded. The military circles it is considered that the fulfillment of Germany's requests would have the same effect as the Kaiser's favorite plan of closing the Baltic.

NO EXHIBITION FOR ST. JOHN THIS YEAR—GOVERNMENT TURNS DOWN APPLICATION FOR A \$3,000 GRANT

St. John is not to have an exhibition this year. The decision of the provincial government with reference to the application of the Exhibition Association for a grant of \$3,000 was made known yesterday afternoon by Premier Pugsley in a letter to A. O. Skinner, president of the Exhibition Association. The premier called attention to the fact that the understanding was that St. John and Fredericton should receive the grant alternately, and as St. John had it last year the capital was justly entitled to it this year. He had discussed the matter with Commissioner of Agriculture Pugsley, and this was the conclusion they had reached. Nevertheless, the people of St. John will be deeply disappointed, particularly as the grant exhibition was so successful. It is impossible, though, to make ends meet financially without a grant, and the project will necessarily have to be abandoned for this year. Regarding the exhibition buildings the premier informed Mr. Skinner that he would exert every endeavor in his power to have the Minister of Militia at Bellwood, went to the house to see what was going on, and was horrified to find Mrs. Margaret Fluke, the mother, lying in a pool of blood in the kitchen, with three small children—the oldest less than three years—crawling over her prostrate body. The children were almost famished with hunger. Suicide was first suspected, but Coroner Blackburn after making an investigation, declared that it was a deliberate and brutal murder. Four bullets had penetrated the woman's breast within a radius of four inches. The husband left home at 7 o'clock. The police say they have no clues to the identity of the perpetrators of the deed.

LONDON THE HOME OF THE HOMELESS

One Person Out of Every 2,000 Has No Habitation.

LONDON, April 24.—According to a census taken by the London County Council, one person out of every 2,000 of London's population is homeless. The percentage is growing every year. It is interesting to note what the facilities are for obtaining cheap food. At a mission in Shoreditch 500 men are fed daily for four cents a meal. Free food is distributed to an average of 350 on Sundays and 900 on Thursdays. From 800 to 1,500 are supplied on the Thames Embankment with soup and bread nightly, and 400 bread tickets are distributed nightly in Limehouse. In this manner, the London County Council's report says, a man can live, so far as food is concerned for four cents a day.

SPANISH GOVERNMENT WINS Stronger Than Ever in the Cortes—Republicans Win in Valencia.

MADRID, April 24.—By the elections yesterday the government obtained a large majority in the new Cortes. The Republicans, however, have won a number of seats. They carried all before them in Valencia, where not a single Monarchist was successful. The elections have given Prime Minister Maura immense power, and unless something unforeseen occurs he can expect to hold it for five years. Apart from the electoral majority he has the devoted adherence of all his followers, with whom he is extremely popular. Furthermore the discipline of the Conservative party is good, and in marked contrast to that of the Liberals, whose divisions when they were in power led to perpetual crises. The returns are not yet complete. The results in 270 districts have been officially declared, but 130 are yet to be announced. 180 Conservatives, 50 Liberals and 30 Republicans. It is calculated that the final constitution of the Chamber of Deputies will be approximately 275 Conservatives, 65 Liberals, 52 Republicans and Catalanian Regionalists, 13 Carlists and 10 Clericals and Independents.

A striking number of young men are among the Conservatives elected.

OTTUMWA, Iowa, April 24.—Dr. John Watson ("Tan McLaren"), who arrived at Mount Pleasant, Iowa, yesterday, to address the students of Iowa Western University, was taken suddenly ill with tonsillitis and was removed to a hospital. All his engagements have been cancelled.

GHOST DRIVES OUT

NEWLY WED COUPLE

Startling Apparition Meets Mr. and Mrs. Cabre When They Begin Housekeeping.

PHILADELPHIA, Pa., April 24.—Mysterious manifestations in a pretty little villa near Wissahickon Drive, in Chestnut Hill, have nearly driven a young bride insane. She is now a nervous wreck, and nothing could induce her to return to the house from which she and her husband fled early yesterday morning. The house is a two story stucco villa in Hillcrest avenue and is surrounded by one and a half acres of ground. To it last Friday went Mr. and Mrs. William Cabre, newly married. The place suited them and with bright plans for the future they started housekeeping. All went well until night. The couple were sleeping quietly, when Mrs. Cabre was awakened by a peculiar noise. Looking toward the window, she was horrified to see the face of a woman staring in at her. With a cry she awoke her husband. The man saw the ghastly face, and leaping out of bed, rushed to the casement. As he approached the ghostly visitor shook her head and vanished. Thoroughly shaken by her strange experience, Mrs. Cabre vowed she would never spend another night in the house. Mr. and Mrs. Cabre spent yesterday with George Johnson, a neighbor.

Nothing out of the ordinary occurred on Saturday until the couple retired. There is no gas in the house and as Mr. Cabre placed a lighted lamp on the bureau the latter looked like a ship at sea and the light was suddenly extinguished as if blown out by a breath from invisible lips. Then, the frightened bride caught her husband's arm in terror, came the same peculiar noise and at the window appeared the same ghastly face. Thoroughly shaken by her strange experience, Mrs. Cabre vowed she would never spend another night in the house. Mr. and Mrs. Cabre spent yesterday with George Johnson, a neighbor.

"EXCUSE ME," SAID VANISHING BURGLAR

Polite Intruder Thus Salutes Woman Who Confronts Him

CHESTER, Pa., April 24.—"Excuse me, I'll call at some more convenient season," was the manner in which a strange man addressed Mrs. Jacob Hoffmaster, when she confronted him as he walked into the sitting room of her home early this morning. The man gained entrance to the basement by crawling under the door. His purpose was evidently robbery. Mrs. Hoffmaster was taken ill during the night and came downstairs. She was sitting in the rocking chair when the burglar made his appearance. Both received a genuine surprise. The thief's nerve and his deliberate manner in the manner of his case until he had time to quietly withdraw by the same way he entered the room. Mrs. Hoffmaster screamed and aroused her husband, but before he could get downstairs the polite burglar had escaped.

KINGS CO. PROBATE COURT.

HAMPTON, Kings Co., April 24.—Since the last sitting of the probate court of Kings county, letters of guardianship have been granted to Mrs. Sarah McArthur, in Chambers, to Mrs. Sarah Ann Northrup, widow of the late Lorenzo Northrup, of her two children, George and Louise Northrup, and Theresa Louise Northrup, affidavits of consent and fitness having been duly filed in the court, and an allowance made in the independent order of Foresters' payment being refused until a guardian is appointed. The petition also sets forth that the infant had some interest in a piece of real estate and some personal property, but that when the debts were paid there would be practically nothing left. His Honor thought the actual values of the infant's interest should be set forth in the petition, no basis being shown upon which sums can be ascribed. He was willing, however, to take the matter into consideration, but Mr. Raymond preferred to withdraw the application and subsequently decided to forward a new petition to the court. In the matter of the estate of the late Mrs. Annie B. Snow, who died in Massachusetts in December last, having still her domicile at Hampton, the will was proved and letters testamentary were granted to Noah M. Barnes and Joseph Crockett, the executors named in the will, the value being placed at \$800 realty and \$100 personality. G. O. Dickson Otty, proctor.

A settlement has been reached in the matter of the estate of the late Henry S. Fright, citation in which had been continued until May 21st next. The interesting point in this case was the fact that M. H. Farlee claimed the property by reason of possession and a partially executed contract, and held that the court could not make a decree for sale for payment of the debts of the estate, thus virtually calling on the judge of probates to decide a question of equity. However, when the case again comes the court will simply open pro forma.

DEATH IN SMOKY AIR.

Sir Frederick Treves Tells Some Startling Facts About London.

LONDON, April 24.—Dr. Sir Frederick Treves, lecturing in behalf of the movement for the abatement of the coal smoke nuisance here and in other large cities, said that while the lungs of a healthy young child were pink right through, the lungs of an adult living in a large city were as dingy as a thunderbolt, patched and streaked with blue and lined with dark marks, which permeated the innermost depths of those organs. This was entirely due to dirt and soot inhaled. He had seen the lungs of many persons who had died in London which were black from the surface to their innermost recesses. This not only made it more difficult to resist disease, but started disease, causing appalling misery. Everybody knew the terrors of a London fog. It would be merely a white mist but for the coal smoke, which gave it its filthy, choking constituents. The fogs of London killed people, not by scores or hundreds, but by thousands. Experiments showed that during a bad fog six tons of soot were deposited to the square mile.

NEW YORK, April 24.—A despatch from Santiago, Cuba, says: Antonio Infante, a negro, is dead at the age of one hundred and fifty years. Despite his great age, the greatest recorded in modern times, he retained all his faculties unimpaired to the end. He was born in 1757, nineteen years before the beginning of the American revolution.

SUCCEEDS LORD

CROMER IN EGYPT

Sir Eldon Gorst Has Been Well Trained in Affairs of Khedive's Country.

LONDON, April 24.—In appointing Sir Eldon Gorst to the high post vacant in Egypt the government has, it is believed, acted, not only on the advice of young Sir Edward Grey, but on the personal recommendation of Lord Cromer himself. He may be said to have been the favorite pupil of Lord Cromer. He has been thoroughly grounded by that statesman in all that appertains to Egyptian affairs, possesses his complete confidence, and, next to the great financier himself, deserves credit with Lord Milner for the financial reforms achieved in Egypt. More recently Sir Eldon Gorst has been the present Foreign Secretary's "right-hand man" in London, where, as assistant Under-Secretary for Foreign Affairs he has been brought into contact with the diplomatic world, and its central, and perhaps, its most important point, in character quiet but brilliant, unobtrusive but determined, still in the prime of life, Sir Eldon Gorst will be able to deal, not only with the financial aspect of Egyptian affairs, but with any social or political phenomena which may call for the suavity of a diplomat with the inflexibility of a ruler. Finance, as becomes a pupil of Lord Cromer, has been his special considerable experience, having been responsible in 1894 for the reorganization of the Egyptian police and the internal administration of the country. He will also be notable as the first Consul-General of Egypt with a masterly knowledge of Arabic. The son of the Right Hon. Sir John Gorst, the new Consul-General was born in New Zealand forty-six years ago, and was educated at Eton and Trinity College, Cambridge, of which he is a Master of Arts, and where he took twentieth place in the new abolished Wranglership. Some time after the house of his university, Sir Eldon Gorst was for a time one of Lord Randolph Churchill's private secretaries. Later he studied for the Bar, to which he was called in 1884. A year later he was nominated an Attaché in the Diplomatic Service, and after passing a competitive examination and an examination in public law, obtained his first appointment in Cairo on September 24, 1888. From the beginning of his service in Egypt it may be said that he was singled out, along with Lord Milner, who was one of his colleagues, as one of the "promising young men" of the day. In the year following his appointment in Cairo he was appointed a Third Secretary in the Diplomatic Service. He received his first Egyptian appointment of importance in 1890, when he was made Controller of Direct Revenues. This post he held until 1892, when he succeeded Lord Milner as Under-Secretary of State for Finance. Two years later he was selected to organize the police administration and to manage the affairs of the Ministry of the Interior, to which some four years later he became Financial Adviser. For his services in this and other directions he was rewarded in 1892 with the K. C. B. He married in the realms of the Ministry of Finance, Lady Gorst is the daughter of Mr. C. D. Roud, the celebrated South African millionaire pioneer, who was Mr. Rhodes's partner in founding the Consolidated Gold Fields Company, and in extending the Matibeleland concessions from Lobengula.

BANDIT LEADER NOW HELD FOR DEPORTATION

Enrico Alfano Released on Murder Charge and Sent to Ellis Island.

NEW YORK, April 24.—Enrico Alfano, leader in Italy of the secret Camorra di Napoli, the famous criminal society of Naples, who was arrested in this city last week during a police raid on the East Side, has been turned over to the immigration authorities and will be deported to Italy. Alfano escaped the mysterious murder of one Cuccolo, and Cuccolo's wife, crimes of which Alfano and other Camorra criminals are accused. Fear of Cuccolo's growing power in the Camorra was the motive for the murder. When Alfano was arrested he was taken to the Tombs and charged with advising to submit the case to the immigration officials, as the presiding judge considered it unlikely that Alfano could be held for homicide in the absence of documentary evidence from abroad. The court's suggestion was followed. In the Tombs Court today the defendant was discharged on the murder complaint, but was immediately turned over to the Federal authorities and removed to Ellis Island. He will be deported in a few days.

FUTURE EVENTS

The annual dinner of the Firebird Club will be held at White's this evening.

Thorne Lodge, No. 259, I. O. G. T., will meet in the Tabernacle hall, Haymarket square, this evening.

There will be a grand opera concert in St. Luke's church this evening. John Froehman has provided large Victor records for the entertainment.

A meeting of the trustees and board of management of the Y. M. C. A. will be held at eight o'clock this evening in the president's office. Plans will be made for raising the balance of the money required for the new building and the collecting of the subscriptions already pledged.
