NIX BITTERS. WHO WANTS BETTER EVIDENCE!—
I would refer the reading public to the numerous voluntary letters published recently in this paper and in the Good Samaritar relative to the happy and beneficial effects of the administration of MOFFAT'S LIFE PILLS AND PHENIX BIT-

TERS!

Those who have perused the letters above reforred to will observe that in almost every case they attend the taking of these medicines, in ordinary cases, but that the patient, without feeling their operation, is universally left in a stronger and better state of health than was experienced previous to being afflicted with disease; and in all cases in acute suffering, great relief is obtained in a few hours, and a cure is generally effected in two or street disease.

hours, and a cure is generally effected in two or firrer days.

In case of Fever of every description, and all bilious affections, it is unnecessary for me to say aught, as I believe the Life Medicines are now universally admitted to be the most speedy said effectual cure extant in all diseases of that class.

The Life Medicines are also a most excellent relief in affections of the liver and Bowels, see has been proved in hundreds of cases where patients have come forward and requested that their experience in taking them "night, be published for the benefit of others. In their operation in such cases, they restore the tone of the Stomach, strengthen the digestive organs, and invigorate the general functions of the whole body, and thus become to both saxes (for they are perfectly adapted to each) are invaluable means of proventing disease and restoring health.

valuable means of preventing disease and restoring health.

In affections of the head, whether accompanied with pain and giddiness, or marked by the grievous calamity of impaired mental energy; palpitations of the heart, flatthence, loss of appetite and strength, and the multiplied symptoms of disordered digestion, the Life Medicines will be found, to possess the most sultrary efficacy?

Constitutions relaxed, weak, or decayed, in men or women, are under the immediate influence of the Life Medicines. Old coughs, asthmas, and consumptive habits are soon releved and speedily outed. Poverty of blood, and emaciated limbs will ere long meet the happiest change; the child watery fluid will become rich and balsamic, and the limbs be covered with flesh, firm and healthy.

Nervous disorders of every kind, and from whatever cause arising, ifly before the effects of the Life Medicines, and all that train of sinkings, anxieties, and tremours which so dreadfully effect the weak, the sedentary, and the delicate, will in a short time be succeeded by cheerfulness, and every presage of health.

besith.

For weakness, deficiency of natural strength and relaxation of the vessels, by too frequent indulgence of the passions, this medicine is a safe, certain, and invaluable remedy.

Those who have long resided in hot climates, and are languid and relaxed in their whole system, may take the Life Medicines with the happiest effects; and persons removing to the Southern States or West Indies cannot store a more important article of health and life.

The following cases are among the most recent curse effected, and gratefully acknowledged by the persons benefitted:

eures effected, and gratefully acknowledged by the persons benefitted:
Case of Jacob C. Hunt, New Windsor, Orange County, N. Y.—A dreadful tumor destroyed nearly the whole of his face, nose and jaw. Experience quick relief from the use of Life Medicines, and in less than three mouths was entirely cured. [Case reported, with a wood engraving in a new pamphlet and in press.]

now in press.]
Case of Thos. Percell, sen'r, 84 years of age—
was afflicted 18 years with swellings in his legs—
was entirely cured by taking 42 pills in 3 weeks.
Case of Joan Daulien. Absardgen, Ohio—heumatism five years—is entirely cured—has used the Life
Medicines for Worms in children and found them a

expect to recover. Miss T. is now able to walk about and is rapidly recovering both health and strength.

Case of Amos Davis; Affection of the Liver; after trying doctor's remedies in vam for a long time, was cured by the Life Medicines without trouble.

Extraordinary case of Lyman Pratt, who was afflicted with Phthsic 20 years; effected a perfect cure in 24 hours by the use of the Life Medicines.

Thousands of persons afflicted in like manner have, by a judicious use of Mofflats Life Pills and Phenix Bitters, been restored to the enjoyment of all the comforts of life. The Bitters are pleasent to to the taste and smell, gently astringe the fibres of the stomach, and give that proper tonsity which a good digestion requires as nothing can be better adapted to help and nourish the constitution, and there is nothing more generally acknowledged to be peculiarly efficacious in all inward wastings, loss of appetite, indigestion, depression of spirits, troumbling or shaking of the hands and limbs, obstinate coughs shortness of breath, or consumptive habits.

For The Life Medicines possess wonderful efficacy in all nervous disorders, fits, headaches, weaknesses heaviness and lowness of spirits, dimness of sight confused thoughts, wandering of the mind, vapours and melancholy, and all kinds of hysteric complaints are gradually removed by their use. In sickness of the stomach, flatulencies, or obstructions, they are safe and powerful, and as a purifier of the blood they have not their requal in the world.

For additional particulars of the above medicines see Moffatt's "Good Samaritan." a copy of which accompanies the medicine; a copy can always be obtained of the different Agents who have the medicine for sale.

French, Germain, and Spanish directions can be obtained on application at the office, 375 Broadway.

All post paid letters will receive immediate attention.
