The lad Taylor, who swallowed a small whistle last week, remains in the same condition at the hospital as last reported.

The bodies of 1,200 victims of the flood at Consuegra, Spain, have been buried. The town suffers a most desolate and mournful aspect.

A boat, in which were several boys, upset in St. John harbor near the Beacon Sunday afternoon. The boys clung to the boat and were rescued by people from the Beacon.

Michael Curran, while putting on a belt in Cornelius Sullivan's saw mill at Hampton one morning last week, was so badly injured that he died in a few hours. He leaves a widow and seven children, who live at Campbell Settlement.

The oyster season began on Wednesday last, and on Thursday 891 barrels were shipped toward the Northumberland, 210 of these going forward by express. On the following morning and on Saturday heavy shipments were again sent away—Plover.

Destitute Jews are arriving at Montreal by the ocean steamers, in great numbers. The emigration agents are at their wits end to know what to do with them. They are said to be the poorest class of immigrants to come into the country. The Chinese will work, the Jews can't or won't.

Joseph Penquet, of St. Blonides, Rimouski Co., was run over by a special freight train on the 1st of Sept., 22, near River Du Loup. He died shortly after. The man was crazy. He came down by the night train and the conductor told the watchman at the station that he had better lock him up, as he was afraid he would get killed. He was locked up for some time, but in the end induced the watchman to let him out.

William McAulay, a son of Mr. John McAulay, Queen st., Carleton, N. B., had a bullet lodged in his arm Saturday morning. Some of his younger brothers had found a cartridge, and about noon yesterday William, accompanied by his brother, was out on the ground struck it with an axe. There was a loud report and the boy felt a stinging sensation in his right arm. The bullet had entered just below the biceps. Dr. Kenney was sent for and was successful in finding the bullet under the skin. It had passed around the large bone of the arm and lodged itself a short distance from the surface.

The officers and men of the camp at Sussex have settled down to work, and this are being pushed vigorously under the careful supervision of J. C. Mounsell and Major Buchan, who are never to be found absent from the ground. The Infantry School corps proves of incalculable advantage to the force at large, and here it is that their smallness of numbers is felt. They furnish the guards, act as instructors, clerks, servants, markers at the range, orderlies, and so many of them have been employed at times that it was with the greatest difficulty men enough could be mustered to mount guard. As it is, some of the men have been doing guard and picket duty alternately.

A daring deed was committed Saturday, a few miles from St. Andrews. Thomas Mahar, for whom a warrant has been issued since last May for a fifth offence under the Canada Temperance Act, was arrested that morning and sent to St. Andrews jail, in charge of constables George Spence and Bailey. The constables were about 10 miles from town, near the Waweg bridge, three men, with faces blacked and revolvers in their hands, stepped out of the bushes and demanded the prisoner and the keys of his handcuffs. After obtaining these they took the constables' team and with the prisoner started for Calais. As no communication could be had with St. Stephen in time to prevent the prisoner's escape he reached Calais in safety and is now in the land of the free.

The Charlottetown Patriot says: Favorable harvest weather continues. Though there have been occasional smart showers, and one heavy storm since the first grain was cut, yet upon the whole, we have seldom seen a finer harvest. After the rains there was no continuance of warm muggy weather, which is so injurious to grain in the sheaf. Only small lots of oats have yet begun to move. The price in this city is low, black oats being quoted from 30 to 32 cents per bushel. At Summerside good white oats bring 34 cents per bushel. Potato diggings have not begun yet. A few, however, are coming in for shipment to Havana by the Coila. They are quoted at from 18 to 20 cents per bushel. We fear that it will be found that the crop has done more damage to the soil than was expected. There is danger that next year the ravages of the pest will be serious. During this fine warm weather the fully developed bugs are flying over the country in myriads, and if next season is favorable for them their brood may be expected to eat up every potato leaf in some localities unless a united effort is made to destroy them with Paris green or other poison. If any of the bugs remain on the potato tops this autumn at digging time, it would be prudent for the farmers to burn the tops immediately.

A Household Remedy—No family should be without some remedy for the cure of affections so universally prevalent as coughs, colds, sore throat, whooping cough and croup—some remedy, too, which can be relied on as safe, sure and certain. Dr. Wistar's Balsam of Wild Cherry is the article required.

baby die. The explosion is supposed to have been due to an over-charge of powder.
