all honorable men!" Let us review the case. Under the ENGLISH! ENGLISH!! ENGLISH!!! new Inspection Act, the Inspectors receive their appointments from the Government, their salaries being paid by fees. The Inspectorship of Flour, for Montreal, is a lucrative office, netting to the

holder thereof about FIVE THOUSAND DOLLARS A YEAR. Hon. John Young, the present incumbent, thought he would hold on to this snug little berth and his seat in the Commons too; and, strange to say, many of the "purist" Journals appeared to think the honorable gent'e nan had a perfect to do have denounced this very course in others, with all the vinegar and gall that can only flow from Grit pens. It was quite evident, however, that Mr. Young would have to give up his seat in

would have to give up his seat in the House, if he decided to pursue his floury path. This would lead to a con-test in Montreal West, where the oppo-sition, a few months ago, returned their man by a majority of 800. It behoved the Government party to be early in the field, and to bring out THE VERY BEST MAN if they hoped to have any chance of success. Consequently, Sir John, as the yet trusted leader of the party, wrote a letter on Monday last to Hon. Mr. Pope advising him to bring out Wm. Workman, Esq., who formerly represented Montreal Centre. At the same time, Sir John sent a telegram to Mr. Pope to the effect that there was an important letter being sent to him, and to go for it. The first thing Mr. Pope saw of the letter was in the

the organ of the Annexationists, and, next to the Globe flercest in its unscrupulous opposition. How it got there, you have already learned, in part. The only conclusion that can be come to, is that there is a deep laid conspiracy to

RUIN SIR JOHN even though the means used make the prittes using them pretty sure of a residence in the penitentiary.
