**ANY FOOL CAN BUILD A TREE
 ... but it takes a special genius to plant a tunnel**

The turtles made it back again for their annual race in the ice arena sponsored by Phi Delta Theta fraternity.

There was talk of a pooper's union, as CUS would call it, for the eight universities who dropped out of that organization this year. Schepanovich said the union would have more meaningful projects than CUS now sponsors.

Lucky University of Calgary students whose administration announced installation of 600 plug-ins for student vehicles by next year.

University of Calgary students became the first in Canada to gain representation on their university's General Faculty Council.

The med show, annual highlight of the concert season, was again a resounding success, again in delightful bad taste throughout.

FEBRUARY

An \$8 hike in residence rates was proposed. Co-ordinator Glenn Sinclair proposed co-operative housing to off-set this possible added expense for U of A students. Students' council officially opposed the proposed increase and mandated the executive to prepare a brief for the Board of Governors

and another for the provincial government on the increase and fees in general.

Progressive Conservatives won the model parliament elections and gained a total of 20 seats. The Gateway's own Brian Campbell won enough votes to give him three seats but it seems the rules allowed him only one.

Married students were given promise of a new married student housing complex to be opened for occupancy next fall.

"We think that we shall never see,

A tunnel lovely as a tree."

This was the war cry of certain professors and students at U of A who protested the proposed removal of several elm trees to make way for the building of a service tunnel to campus buildings.

All hail the great bathtub race sponsored by the Phi Kappa Pi fraternity. The unique race was a first for U of A—some first.

Pretty Judy Richardson was chosen residence queen at the women's residence formal.

And then there were the engineering students who had to re-write a mid-term math exam because some thoughtful person mis-

TEACHERS

BEFORE YOU APPLY TO THE COUNTY OF ST. PAUL NO. 19, PLEASE NOTE THE FOLLOWING:

The County of St. Paul operates six schools in North-Eastern Alberta. Of these, three are bilingual, and two others have accepted Indian students on an integrated basis. The following description reviews its operation:

1. **Ashmont School 3336 (Grades I-XII; 22 teachers)**
 Ashmont, serves the Ashmont and Sugden centralizations and the Goodfish Lake Indian Reserve integration, consisting mostly of non-bilingual residents of the north-west area of the County. Grades I-XII are currently offered. Residences are provided for teacher accommodation. This village is 20 miles from St. Paul on a hard-surfaced highway and some teachers commute daily.
2. **St. Lina School 3780 (Grade I-VIII; 4 teachers)**
 Four teachers on this staff provide education for the children of mostly bilingual French Roman Catholic residents. St. Lina is 30 miles north of St. Paul. There is some housing accommodation.
3. **Mallaig School 3885 (Grades I-XII; 16 teachers)**
 This school serves the north-eastern portion of the County. French language instruction and religious education are accommodated. Some residences are available in the community 20 north of St. Paul.
4. **Lafond School 3304 (Grades I-XII; 8 teachers)**
 This centralization is 14 miles south-west of St. Paul. French language and religious education are accommodated. There are some residences provided although most teachers commute daily from St. Paul.
5. **Elk Point School 2005 (Grades I-XII; 29 teachers)**
 This school is currently the largest County School. An academic-commercial program is planned for continuation of the high school for the future. Several residences have been provided for teacher accommodation. The town is 22 miles south-east of St. Paul on a good all-weather highway.
6. **Heinsburg School 4610 (Grades I-XI; 10 teachers)**
 This is currently a 10-teacher school serving the south-east corner of the County and accommodating integrated Indian students from the Frog Lake Reserve. Residences are provided for teacher accommodation. Heinsburg is 45 miles from St. Paul, and about 23 miles from Elk Point.
7. **A large number of County students are accommodated by St. Paul public and separate school districts, which are under different administering authorities.**
 A composite-vocational high school is being planned to accommodate over 1,000 students from the three jurisdictions by September 1969. It is expected that current employees will receive consideration for appointment to the composite staff when the school comes into operation and will have an opportunity to participate in the planning of this unique school in the interim.

For the next five years our schools will require teachers dedicated to provision of a good education for our children under adverse cultural and socio-economic conditions. Our 1966-67 salary range is as follows:

	II	III	IV	V	VI
Minimum	4100	4900	5800	6200	6500
Maximum	6400	7500	9100	9600	9900

You may compare the minimum salaries with those being offered by other areas and find ours not too unfavorable. In addition, the Board provides bursaries for additional training for teachers and accommodates students desiring internship.

In the past year two teacherages and four fully-furnished new 12 x 52 house trailers have been added to the accommodation available to teachers.

Teachers will be required effective September 1967, particularly at primary and elementary levels. At least two opportunity rooms will be established. One principalship of a 10 room elementary school will be available. Teachers with intercultural preparation and those prepared to innovate under unique circumstances are particularly preferred.

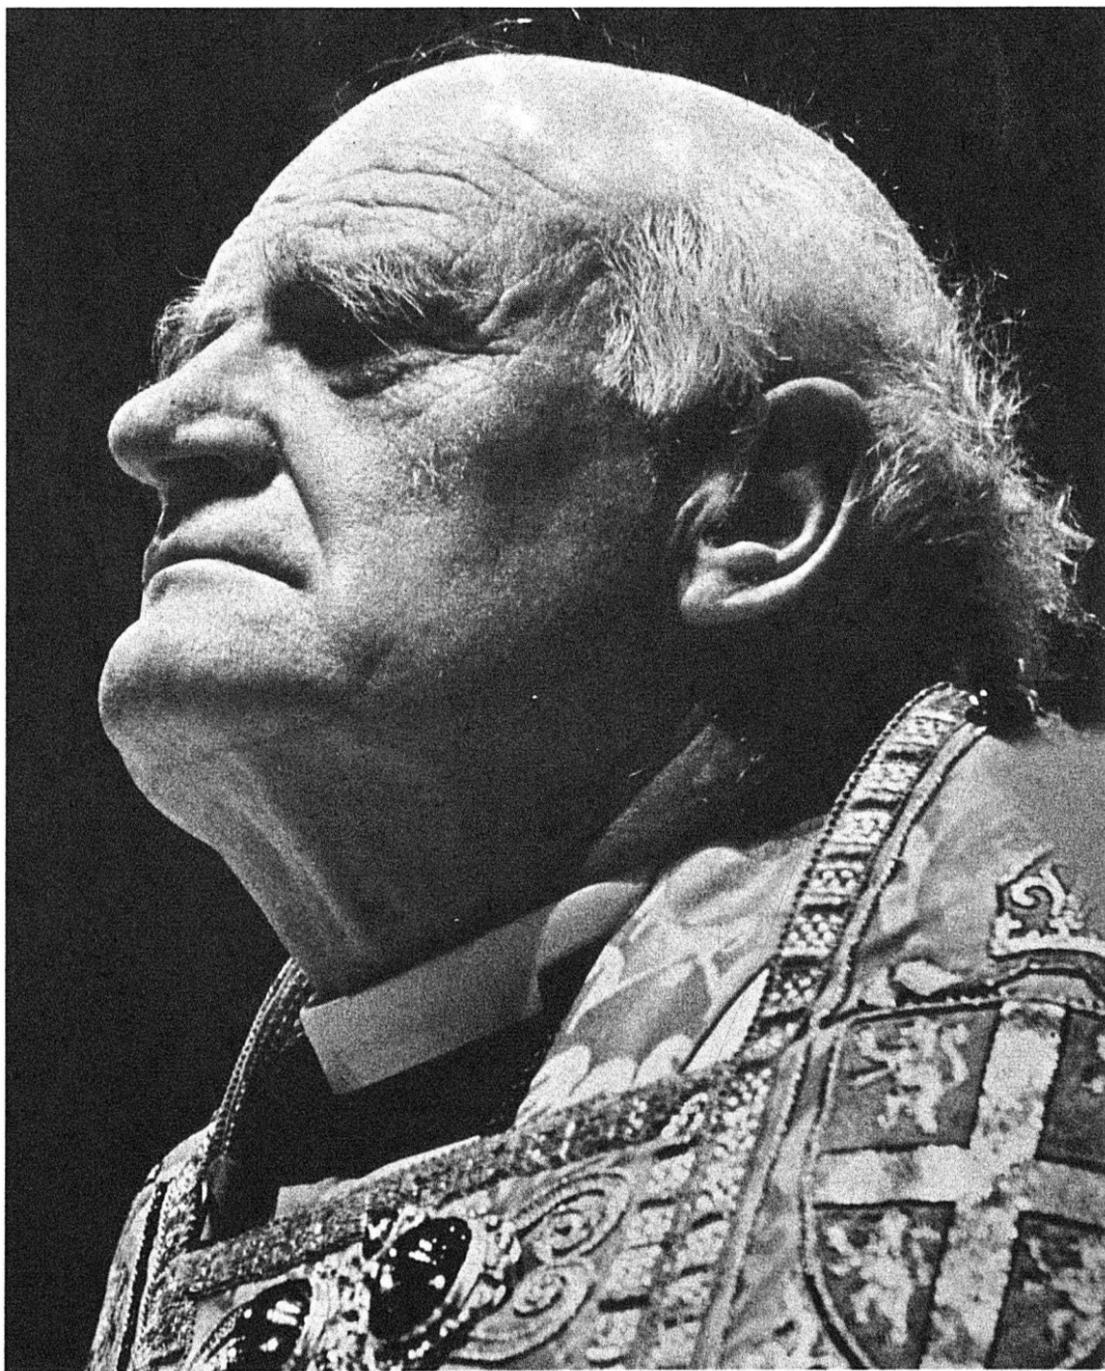

It is not expected that many teachers will want to make a lifetime career in our area, but any teacher willing to devote two or three years in our environment is guaranteed an experience which will be invaluable in coping with educational problems of the future.

As you can see from the above statement, we are not No. 1 in Education in this province. Neither are we No. 2, but would you believe 37?

For further information about these special opportunities please contact:

N. J. Chamchuk,
 Superintendent of Schools,
 Box 100, St. Paul, Alberta.

Phone 645-3301
