## thumbs down...

The Brunswickan, with its entire editorial staff, is emphatically opposed to the plans for the erection of a Student Union Building at this time.

The editors have delayed publishing a stand on this matter for some weeks. We now believe that a useful purpose will be fulfilled in doing so, and that the alternative we suggest will provoke constructive action. Our attitude is bolstered by the survey printed on page 9 of this paper, and we are confident that the majority of the student body will agree with us on the following points.

-The students have not been directly consulted on this major project, and have been only scantily informed.

-The members of the Building Committee will receive large grants from the SRC, but they claim that it is not in the students' interest to publish their reasons for wanting to build a Student Union Building.

-It is evident that the need for "office space for campus leaders" is negligible, compared to the current and very real need for a campus auditorium, new library or swimming pool. No matter what other services a Student Union Building can offer, they are outranked in priority by the preceding three projects.

The editors of this publication reiterate that we think that the idea of a Student Building is both excellent and worthwhile. We are certain that the students will support a campaign to raise funds to donate a building to the university . . . if the building proposed is the choice of the students in whose name it is being given.

The spokesmen for the Building Committee, in private conversation, defend the plans for a Student Union Building in the following manner: "We cannot raise enough money to build any of these other buildings, and any effort on our part will conflict with the administration's fund-raising plans for them. We can have the students raise a little of the money downtown . . . the administration will raise the rest for us; that way we get the S.U.B. brook Hotel, made in an Oct. and the others will get built anyway."

We deplore this attitude and these plans.

It appears that we have ceased to have a Student Building Committee, and that the name of the student body is being exploited, without their knowledge or con- what you preach!" sent, to further the aims of this silent committee and/or the administration.

Our feeling is that the S.R.C. should call a plebisite to determine which building the students would like The Brunswickan could also take to work toward. If it is not the Student Union Building a step in the right direction by and we think it will not be . . . we should begin the requiring all columnists to idenfund-raising campaign immediately, and set a target objective for the end of this academic year. The money raised could then be given to the university in trust, to earn interest until the building can be constructed.

Dear Editor:

I doubt that anyone would say that small town, U.N.B., or any gossip for that matter, is good. But I hardly think the writer of "Terry Toons" column the should be the one to castigate others for practising this vice, as he?" did in the Nov. 14th issue of the Brunswickan.

Apparently the writer thought he was being only "a bit hypocritical" but to the reader it sounded decidedly double-tongued. Whatever change of heart prompted this egress against gossip, it was short lived as the remainder of the column made manifest. Perhaps a dose of his own medicine was what aroused the writer, but he is certainly in no position to denounce others.

The coarse reference to two residents of the Lord Beaver-"Terry Toons" was just one of the many "cutting" remarks which have appeared in the column. Perhaps the writer has heard of the saying: "Practise

Let's be even more realistic. In helping the Indians, the West is not only helping to preserve a 'bastion of democracy in Asia", but is actually fighting Commu Sir: ism. What could be more appealing?

Mr. Karon says that the Soviet Union, in assisting the Indians against the Chinese, is "fatally split" from Chinese Communism. Whether it's fatal or not remains to be seen, but the split could be greatly widened if the United States and the Soviet Union both supported the same side against the Chinese. (The Chinese are presently engaged in violent invective against the United States for her "imperialistic aggression" in Cuba.) The hestitation of the Soviet Union in promising aid to the Indians is some indication that she fears embarrassment, which would inevitably result if she and the "capitalistic" United States helped fight a common Chinese enemy.

From the standpoint of Western self interest, this is too opportune a situation to miss. At least the Machivallian in you Mr. Karon, might be grateful that the United States is adventurous enough to be cosmopolitan in its dealings with India -by sending aid.

Things have changed! and someone should have told this important bit of information to Mr. R. G. (Bob) Irvine at some time during the last couple of years.

The Christian Atheist Party is not a 'farce' as he seems to think. The C.A. Party encourages free discussion and active participation in the Model Parilament to at least the degree of seriousness supposedly had by the two political clubs. Indeed, through ingenious methods of publicity and sufficiently interesting and entertaining meetings, the C.A.'s have made themselves more suitable to the average student. The club, through intelligent planning and inspired humour, has created on this campus a unique phenomenon in Canadian universities. THE CHRIS-TIAN ATHEIST ASSOCIA-TION PROVIDES AN OP-PORTUNITY FOR STUDENTS TO TAKE PART IN POLITICS AND TO GAIN EXPERIENCE IN THE MODEL PARLIA-MENT WITHOUT BECOM-ING ASSOCIATED WITH A NATIONALLY AFFILIATED PARTY. This is one of the constitutional purposes of the club.

For some weeks now, the title "Cosmoplitan" has struck me as an inappropriate beading for Mr. Karon's column. His latest endeavour, "The Sino-Indian Crisis", is especially contradictory of the cosmoplitanism he CAMPUS CALENDAR NOV. 21 - NOV. 27 wishes to exhibit.
