Ottawa, 23rd February, 1911

Sir:-

With reference to your letter of the 28th December, with which you forwarded Dr. Bussieres' report regarding the small-pox patients, I beg to say that the Doctor should not have paid for the vaccine which was sent to him. He should have certified on the account to the effect that it was received by him and then have sent it to you for transmission to the Department in order that it might be paid in the usual way.

Your obedient servant,

Asst. Deputy and Secretary.
