

cold water and dry in the shape. Only process for permanent black.

Sky Blue.—For three pounds goods, blue vitrol, four ounces, boil few minutes, then dip goods three hours; then pass them through strong lime water. A *beautiful* BROWN can be obtained by next putting goods through a solution of prussiate of potash.

Green.—Dip goods in home-made blue; dye until blue enough is obtained to make the green as dark as required; take out, dry and rinse a little. Make a dye with fustic, three pounds, logwood three ounces, to each three pounds of goods, in boiling dye one hour; when cooled so as to bear hand, put in goods, move briskly a few minutes and let lie one hour; take out and thoroughly drain; dissolve and add to the dye for each pound of cotton, blue vitriol, one-half ounce, and dip another hour. Wring out and let dry in the shade. By adding or diminishing the logwood and fustic, any shade may be had.

Yellow.—For five pounds goods, seven ounces sugar of lead; dip goods two hours; make new dye with bichromate of potash, four ounces; dip until color suits; wring out and dry. If not yellow enough repeat.

Orange.—For five pounds goods, sugar of lead, four ounces; boil twenty minutes; when a little cool, put in goods; dip two hours; wring out; make a new dye with bichromate potash, eight ounces; madder, two ounces; dip until it suits; if color is too red, take small sample and dip into lime water and choose between them.

Red.—Muriate of tin, two-thirds tea-cup; add water to cover goods; raise to boiling heat; put in goods one hour; stir often; take out, empty kettle, put in clean water with nicwood, one pound; steep one-half hour at hand heat; then put in goods and increase heat one hour—not boiling. Air goods and dip one hour as before. Wash without soap.

MISCELLANEOUS.

TO MAKE VINEGAR.

Acetic acid, four pounds; molasses, one gallon; put them into a forty gallon cask, and fill it up with rain water; shake it up and let stand from one to three weeks, and the result is good vinegar.

For sore and inflamed eyes use Golden Eye Salve.
