### SABBATH PRESERVATION.

Convention of the Lord's Day Alliance Opened.

Toronto, Nov. 6. — The an-mal convention of the Lord's Day Alliance was opened last night with a public meeting at Central Pres byterian Church. Rev. Dr. Caven presided, and made a stirring speech, in which he gave a clear and concise elucidation of the aims and objects of the Lord's Day Alliance in this country. It had been said that the Alliance was seeking legislation along religious lines, but this was a mistake. All the Alliance wishes to do is to have legislation enacted so as to secure the day as a day of rest for all and as a day for religious worship for those who wish to use it as such.

The Executive Committee met yes-

reports. On account of the events of the past year the Committee on Legislation had most important work to do, and it reported as follows:—"While the Privy Council's decision deprives us of the Provincial Lord's Pay act yet the great the creat the great the creat the great the great the creat the great th cial Lord's Day act, yet the greater part of the ground covered by this act remains to us in the act of 1845, pro-hibiting in general Sunday business and labor, the playing of all noisy games, hunting, shooting, fishing and bathing, in the shops regulation act, which requires the closing on Sunday of all than men, and in most cases because than men, and in most cases because that men, and in most cases because that men, and in most cases because the barber and bake shops, and the electric railway act, which forbids the operating of its cars or the opening of its parks on the part of railways chartered under the act on Sunday, as well as the liquor law forbidding the opening of liquor alw forbidding the opening of liquor shops and bars and the sale of liquor on that day; but in as far as additional legislation for the adequate protection of the Lord's Day will be required, we recommend the O.L.D.A to seek such further legislation as may be thought necessary to further that aims of the organization."

The Legal Committee reported that is thad carefully considered the matter of test cases regarding manufacturing industry which the Alliance had in land, namely, sugar factories and cempton to the salves and lottons, or (as a dast resort) a surgical operation. If there is a complaint which entails more distress and suffering upon those afflicted than piles or hemorrhoids, it is not known to the writer; fortunately, however, these are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppository form, is

bus doctor to get Pyramid Pile Cure at once, which I did, and one box completely cured me. I advise all sufferers to use it." Write the Pyramid Drug Co., Marshall, Mich., for the average cost of the buildings is \$42.270, and 1,500 of them will aggregate \$63.405,000. Now, under the contract with Mr. Carnegie, the cities blessed must tax themselves annually 40 per cent. of the cost of the buildings to provide funds for their maintenance. This would be \$6,304,500 overly year in addition to the interest on more than \$30,000,000 paid by the cities for library sites. By these transactions the libraries will cost Mr. Carnegie each year, at 5 per cent. interest on his investment, \$3.-170,250, while the cost to the cities at the same rate will be \$7,840,500, was taken ill with scarlet fever, and died on Tuesday.—Blenheim Tribune.

### Catarrh

Invites Consumption

It weakens the delicate lung tissues deranges the digestive organs, and breaks down the general health.

It often causes headache and dizziess, impairs the taste, smell and hearing, and affects the voice.

Being a constitutional disease it requires a constitutional remedy.

DEFENCE CASE FAILS.

Gault-Pentecost Action Produces Revelations. Toronto, Nov. 6. - The Gault-

Pentecost case came to a sudden end yesterday afternoon, when the defendants, with one exception, agreed to a compromise. After the evidence showing suspicious sales of

the Pentecost stock had been given, the case was stopped at the request of Mr. W. R. Brock, M.P. There was a consultation of lawyers, and at the end of it Mr. Shepley, K.C., addressed Chief Justice Meredith. He said that Mr. Brock had been entirely unaware of the transactions which had been carried on, and that he did not desire, and would not hold any advantage

which his company had secured.

The company, he said, would there fore restore to the common fund for

the benefit of the creditors the proceeds of the Wood sale and of the first Wilson sale. A lump sum of \$7,000 would be paid into the fund.

Mr. George C. Gibbons, K.C., raised the question of costs, and his Lordship remarked that if the defendants lost nothing more than their own costs they would be doing streamly use!

nothing more than their own costs they would be doing extremely well.

The agreement which was signed by counsel contains provision for the payment of \$7,000 by W. R. Brock & Co into the general fund; the abandonment by Mr. R. W. Pentecost of his claim to rank on the estate for \$6,000; the plaintiffs to have their costs paid out of the fund, and the defendants, with the exception of Mr. Edward Wilson, to pay their own; and the plaintiffs to withdraw the charges of fraud against Mr. Hamilton Cassels, the trustee, and the W. R. Brock Company.

As counsel for Mr. Wilson refused to enter into the agreement to pay

to enter into the agreement to pay costs, the action will be continued to-day, with Mr. Wilson as the only de-fendant.

### THE STRENUOUS LIFE ---

A Great Strain.

No one disputes the fact that we are living in a "rapid" age; it is rush, rush, rush from morning until night, and competition is so fierce that the struggle does not cease until the machine is worn out.

Women, too, even when surrounded by every comfort, become infected by the common spirift and what with their clubs and many social duties, have no time to give thought to their physical well-being until they are suddenly brought to a sharp realization of the fact that nothing in their lives is a invertent. in their lives is so important as at-tention to correct or rational liv-

of test cases regarding manufacturing industry which the Alliance had in hand, namely, sugar factories and cement factories, and instructed that the Berlin sugar cases should proceed and that a test case regarding cement factories should be commenced as soon as possible.
