MR JOHN LAW, Bell Founder, London, Ont.

We have much pleasure in testifying to the good qualities of the Bell supplied this School Section No. 11. We can hear it far outside of School Section. It has been up over six years, and is as good to-day as when first put up, and is easily changed that the tongue may strike a fresh place when needed. Yours truly,

DANIEL SANOKSON,
 GEORGE F. MENNILL,
 JOHN CRINKLAW, } Trustees.
