TORONTO, ONT.

Lodge St. Albans, No. 76, held its first meeting this year on Friday evening, the 12 January, in St. George's hall, Elm street, every available seat in the lodge room being occupied. It being installation night P.S.G.P. Bro. R. Ivens acted as installing officer, assisted by S.S. Bro. Carter and Bro. Barker, P.D.D. Amongst the visitors were noticed Bros. E. Cashmore, D.D., east Toronto; Lomnitz, W.P. Birmingham; Clatworthy, W.P., Cheltenham; Young, P.P., Mercantile; Howell, P.P., Avondale.

At the close of a most interesting session a vote of condolence was passed expressive of our heartfelt sympathy with Bro. E. M. Horswell, retiring president, and Bro. J. H. Horswell, P.P., in the great loss they have sustained by the death of their beloved mother.

The installing officer then presented Bro. E. M. Horswell with a P.P. Jewel as a token of the lodge's appreciation of his faithful and energetic services during the past year, in response to which Bro. Horswell made a very feeling reply.

Addresses were also delivered by the installing officer upon the past and future success of the lodge and kind words of reference were made to our departed brother, R. Caddick, P.S.G.P. and words of encouragement were also expressed by S. S. Bro. Career. Two candidates were also initiated and three propositions received.

After the closing of the lodge an adjournment was made to the dining

room where a most recherche supper had been prepared under the superintendence of Bro. Hirst, to which 142 visitors and brethren did right royal justice. After supper a return was made to the lodge room where president Lear had another surprise in store by his preparation of a lengthy and talented programme, which was carried out to the letter until 2 a.m.

Amongst the artists who deserve special mention were Mr. Scott's ventriloquism and leggerdmain performances, comic songs in character by Mr. E. B. Piggott and Bro. Finch, mandolin solos, Mr. Fletcher, recitations by Bro. Tom M. White, Bro. Captain Andrews and Mr. Will Norris, concertine selections by Bro. Watts, sentimental songs by Mr. Charles Walter, and especial mention should be made of that talented young pianist, Mr. Will Harrison, to whom a great measure the success of the evening was due.

AYLMER, ONT.

Lodge Prince Albert had a very pleasant time at their regular meeting Friday night, 19th inst. The hall was crowded and four new candidates were initiated and six propositions received. A pleasing incident in connection was the presentation to the secretary, Mr. A. J. Elliott of the silver badge of his office, bearing the inscription, "Presented to Bro. A. J. Elliott by the members of Prince Albert lodge, S. O. E." It is unnecessary to say that the token was duly appreciated. Bro. Elliott has been untiring in his efforts for the welfare of the lodge, and a few more such members would in six months' time double the present membership of nearly 90 in good standing. The banquet of above lodge will appear in our next issue.

AN OWEN SOUND MIRACLE.

THE REMARKABLE EXPERIENCE OF MR. WILLIAM BELROSE.

Attacked by Malarial Fever, followed by Partial Paralysis—Physicians said they Could do Nothing for Him—The Means of Cure Discovered through Reading a Newspaper.

From the Owen Sound Times.

The Times has published very frequently the particulars of remarkable cures attributed to the use of Dr. Williams' Pink Pills for Pale People. These various articles were credited to newspapers of good standing, and there was no reason to doubt their entire truthfulness, but as we had not happened to come across a striking case ourselves we had given the articles but thought, and perhaps this may also be the case with some of our readers. A few days ago the opportunity was given us to investigate a case, however, which satisfied us, and will satisfy those who read this, there is a marvellous efficacy in this now celebrated medicine. It was told us by one of our leading druggists that a well known resident had an experience which fully equalled the wonderful cures of which so much has been published. The citizen referred to was Mr. Wm. Belrose, ship carpenter, who has been a resident of this town since 1836. The Times undertook to get the facts from Mr. Belrose in order to satisfy ourselves. He was working in the shipyard and when found was wielding the heaviest axe on the grounds, shaping the ribs for a big vessel on the stocks. None of the 300 men employed were working harder, nor appeared to be enjoying more vigorous health. In reply to a question Mr. Belrose said: "Yes sir, I would not be using this big axe if I had not taken Pink Pills." The story as briefly told as possible is this: In 1890, after returning from the Pacific coast, Mr. Belrose went to Chicago, where he secured employment in the erection of one of the big Phil Armour grain elevators. After being in that city for a short time he was taken with a malarial fever. After a week of suffering the people with whom he was staying spoke of taking him to the hospital, but Mr. Belrose objected. A consultation was held and it was decided that instead of going to the hospital—a place he dreaded—he would take the first train home. His ticket was bought and he was placed on the train. He was so sick that the only incident he could remember in the whole 600 miles' trip was the changing of cars at some junction. He reached home on August 7th, and at once a well known physician was called in. Recovery was slow and it was not until November that he was able to get out of the house. Then in his weakened condition he took a relapse. Winter wore on; the best physicians were called in but with no avail. After a week of suffering the complications baffled all treatment. From the hips down a sort of paralysis seized the sufferer, and it was impossible to keep the lower extremities warm. The bed covers were increased, but proved of no consequence so far as the warmth of the patient was concerned. As a last resort a pair of heavy German felt socks were procured and pulled over the cold feet. But the artificial warmth failed to do what nature could not for some reason accomplish. At last the doctors decided that nothing more could be done, and soothing draughts were administered to ease the pain. Friends brought the electric battery and this treatment though relieving served only to make the pain more intense when discontinued. It happened that one of the visitors brought in, wrapped around a parcel, a paper giving an account of a cure effected by the use of Dr. Williams' Pink Pills. After reading the article the sick man determined to give them a trial. Before a box was gone the good effects were noticed, the second box brought still further improvement. A third, fourth, fifth and sixth were taken, the end of each only proving a milestone on the sure road to complete recovery. Twenty boxes were taken in all, but the end fully justified the expenditure, for as Mr. Belrose put it, I feel better and younger than I have felt for years. I eat heartily, I sleep sound and I can do a day's work along side of anybody. Dr. Williams' Pink Pills under Providence did it all. Pink Pills should be kept in every house. Since they cured me I have recommended them to my friends everywhere, and I shall continue to recommend them. An analysis shows that Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of the gripe, palpitation of the heart, nervous prostration, all diseases depending on vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature. Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and sold only in boxes (never in loose form by the dozen or hundred and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, from either address.
