UNION STOCK YARDS PRICES

West Toronto, Monday, Dec. 31.—There was the smallest run of the year at the transition of the year at the state of the year of the yea EXPORT BUTTER AND CHEESE

EXPORT BUTTER AND CHEESE Montreal, Saturday, Dec. 19th, 1980.—The cheese trade for this season is over now so far as the producers are concerned, as only 250 or 550 cheese are to be found week amounted to 1500 boxes and this represented the balance of the cheese from thatcories that kept open until the end of Nov. Now that the cheese are all out of the factorymen's hands and into the bands of the dealers we can look for further reduction in prices until some a quiet and steady market without any further reduction in prices until some movement is made on the part of the British importers. Local dealers look for no improvement in the demand until after the holidays when it is confidently expected that the bulk of the unsoil stock here will be disposed of without much affinative.

difficulty. The stocks here are practically unchanged as the shipments so far this month have been very light. This will help the position on the other side, as after the first of the year importers there will find their stocks very much reduced and will be obliged to renow them with the cheese available Liva.

The butter market is steady and prices

The outbreak of the foot and mouth disease has had the effect of preventing the shipment of a consignment of Holstein earlie to South Africa. Recently, Prof. F. B. Smith, the director of the Agricultural Station in the Travillar of the Agricultural Station in the Travillar of the Agricultural Station in the Travillar of the Agricultural Station of Holstein earlier Prof. Smith purchased two animals from Mr. A. C. Hallman of Rieslau, and authorized Mr. Halman of Evelau, and authorized Mr. Halman unisited the States and purchased 14 additional specified. In accordance with the instructions he received. Mr. Halman visited the States and purchased 14 animals. The consignment was to have been shipped concelled owing to the presence of the foot and mouth disease in the States.

In answer to numerous inquiries as to my opinion of the comparative value of the Holstein milk in stomach troubles, the Holstein milk in stomach troubles, the proven it to be very antifactory indeed. In catarrhal gnatritis, when Jersey milk would cause bloating and eructation, the Holstein milk was kindly received with Holstein milk was kindly received with Analysis shows it to be so well balanced in its constituents that the most delicate stomach tolerates it, so desirable with every physician. especially hose having control of the property of the pro
