

330 to \$40; springers, \$40 to \$58; calves, \$4 to \$7. Sheep—ewe, \$4 to \$4.25; bucks, \$3 to \$3.25; lambs, \$6 to \$6.25. Hogs—f-o-b, \$8.50; fed and watered, \$8.75 a cwt.

MONTREAL HOG MARKET

Montreal, Saturday, Aug. 13.—The market for live hogs has been very easy this week, and prices have been declining steadily, the week closing with select lots weighed off cars quoted at 89 a cwt., a decline of one cent from the previous week. Receipts have been very heavy during the past few days and have been far greater than the local demand has been able to absorb. Dressed hogs have been selling steadily, fresh killed abattoir stock quoted at \$15.50 to \$16 a cwt.

EXPORT BUTTER AND CHEESE

Montreal, Saturday, Aug. 13.—The market this week for cheese has been dull and dragging. The demand from Great Britain has fallen off greatly, and the exporters finding little encouragement from the other side to buy, have been moving slowly in the country. Prices have been slowly but steadily declining. The week closing with prices about 1/2c a lb. lower than last week, and about 1/2c lower than the prices paid at the opening markets of the week. The only bright feature of the trading at the country markets this week has been the demand for colored cheese, which has sold at as high as 13 1/2c, and in every case fetched more money than was paid for white cheese. The premium this week, however, was not as great as the small last week, and in a few days there is not likely to be any difference in the price paid for white and colored cheese.

The shipments this week have been very light, the quantity in fact is likely to be the smallest since the beginning of June, indicating to some extent the small demand that we have had from the other side this week. The receipts are being steadily maintained, the quantity coming from Ontario being just about the same as last year, but the Quebec cheese show a decided falling off in quantity, and there is every indication of this continuing until the close of the present season, as the continued demand for cream from the United States, and the large quantities of cream are drawing milk away from the cheese factories in all parts of the province. The market for butter this week, with prices well maintained this week, owing to the good demand from the local trade combined with an increased export from Great Britain.

CHEESE MARKETS.

Madoc, Ont., Aug. 10.—590 boxes sold at 10-11 1/2c. Brockville, Aug. 11.—295 boxes registered, 170 colored, balance white, 10 1/2c bid to sales. Belleville, Aug. 11.—2120 white and 100 colored cheese offered; sales, 1410 at 10-10 1/2c, 10-9 1/2c. Wankles Hill, Aug. 11.—1681 boxes boarded; white sold at 10-9 1/2c, and colored at 10-9c. Five buyers present. Kingston, Aug. 11.—747 colored and 397 white boxes registered. The price paid was 10 1/2c, and the stocks cleared up. Russell, Aug. 11.—400 boxes, all white, sold at 10-16c. Alexandria, Aug. 11.—774 boxes; all white, sold at 10-9 1/2c. Winchester, Aug. 11.—674 boxes registered, 395 colored and balance white. A few white sold at 10-12c; 10-8 1/2c, the highest bid for colored but none sold on the board. Four buyers present. Ottawa, Aug. 12.—620 boxes offered, 340 white and 279 colored. Only a few sales made, white at 10-9 1/2c, colored at 10-9c. Eaton, Aug. 12.—19 boxes boarded; 1602 colored cheese. The highest bid was 10-11 1/2c; 225 sold at 10-13 1/2c; 387 at 10-15c, and 10-11 1/2c, and the balance remained unsold. Frouin, Aug. 12.—566 cheese offered, all colored; 246 sold at 10-9 1/2c. The balance unsold on street, at a market price. The usual buyers were present. Perth, Aug. 12.—1600 boxes of cheese board, 1200 white and 300 colored. All sold. The ruling prices were 10-9 for white and 10-5 for colored. The usual buyers were present.

GOSSIP

The Belleville Business College has found positions for two graduates for two years past. You may enter at any time. Write for Catalogue D. The Belleville Business College, Limited, P.O. Drawer "B," Belleville, Ont.

The prizes winners in the Agricultural section of the Canadian National Exhibition will receive a certificate of their victory which will identify it for all time to come. The prize manuals did not specify for which particular classes they were given. The new medals this year will contain the name of the class and section, and the name of the winner of the winning medal. The information will be engraved on each medal. The prizes this year will be unusually elaborate, including a gold medal for the best horse and one for cattle.

\$500 PRIZE COMPETITION

The Ideal Concrete Machinery Co. are offering \$500 in prizes to their customers for construction made from cement blocks produced by their machinery. This contest opens July 1st, and closes Nov. 1st, 1910. Full particulars will be written to you on application to The Ideal Concrete Machinery Co., King St., London, Ont.

CENTRAL CANADA EXHIBITION

Cash prizes at the Central Canada Exhibition at Ottawa this year will amount to \$16,000. There are five gold medals offered as well. The Board of Exhibitors have made arrangements whereby successful exhibitors who prefer cash to gold medals, will be able to get it. Prospective exhibitors can get all information desired on application to the Secretary, Ed. Mc Mahon.

THE DEPARTMENT OF AGRICULTURE AT THE C. N. E.

The Department of Agriculture will, as usual, have a tent on the Canadian National Exhibition grounds this year. This will be located in the vicinity of the stock pens, and near the Women's Building. The Institute Branch is arranging for a Convention of Farmers' Institute officers and workers, as well as the public, to be held at the time of the Provincial Horticultural Exhibition, during the week beginning November 14, 1910. No doubt the Provincial Institute Branch will be in readiness at the time of the exhibition, and the Superintendent will be glad to meet with officers and members to consider any changes desired in these lists. Applications will also be received at that time for special meetings to be held during the winter, such as Fruit Institutes, Short Courses in Live Stock and Seed Judging, Poultry Meetings, and so forth. It is to be hoped that the farmers will make the tent of the Agricultural Department their rallying ground.—George A. Putnam, Superintendent of Institutes.

CO-OPERATIVE EXPERIMENTS IN AGRICULTURE

Material for any one of the six experiments here mentioned will be sent free to any Ontario farmer applying for it, if he will conduct an experiment with great care and report the results at the end of next year. The seed will be sent out in order in which applications are received, as long as the supply lasts. 1—Three leading varieties of Winter Wheat. 2—Two leading varieties of Winter Rye. 3—Five fertilizers with Winter Wheat. 4—Autumn and Spring applications of Nitrate of Soda and Common Salt with Winter Wheat. 5—Winter Emmer and Winter Barley. 6—Hayter Vetches and Winter Rye as Fodder Crops. The exact size of each plot is to be on a rod wide by two rods long. The material for experiments Nos. 1, 2, 5 and 6 will be forwarded by mail, and for each of the other two by express. Each person wishing to conduct one of these experiments should apply as soon as possible, mentioning which test he desires, and the material, with instructions for testing, and the blank form on which the results will be furnished free of cost until the supply of experimental material is exhausted.—C. A. Zavitz, Agricultural College, Guelph, Ont.

HOW THE BLIND READ AND WRITE Accompanying his usual work, the editor asks the readers of Farm and Dairy to send him the names and post office ad-

resses of any boys and girls, known to them, whose eyesight is so defective that they cannot attend the public schools with advantage. Principal Gardner, of the Ontario Institution for the education of the Blind at Brantford, has a card on which he has printed, without ink, the letters used by the blind in their reading. These letters are composed of raised dots or points, arranged in two horizontal rows, and the combination of points that have been contrived to represent the various letters, numeral characters and other characters, are most ingenious. Point letters are much easier to read with the fingers than the letters, and blind children soon learn to read and write words. Braille and music signs, the writing being done with a steel pen and a brass frame, which they call a slate.

The School for the Blind is maintained by the Ontario Government as a part of our free school system, under the supervision of the Minister of Education, and the Principal will promptly answer any letter of inquiry concerning the school and its work.
