

SOMETHING THAT WILL INTEREST EVERY FARMER

NO STABLE IS COMPLETE without a system of overhead tracking in it for handling manure and feed. There is no work about the farm that is so dirty and disagreeable as cleaning out stables, and a litter carrier is no longer a luxury, but an absolute necessity.

The "BT" LITTER CARRIER always pleases, and is built to last a lifetime. It is simple in construction—nothing to get out of order, and the material used in it is the very best.

The "BT" LITTER CARRIER has many excellent features of advantage over other makes, which we would like to tell you about. Our new litter-carrier catalogue has just arrived from the printers, and we will mail you a copy of same on request.

EUREKA SANITARY CHURN

There's no comparison between the ordinary wooden churn and the "EUREKA". Barrel is stoneware—top is clear glass. Besides being absolutely sanitary, the glass top enables you to see how the churning is coming along without opening the churn. Also made with Aluminum top. The "EUREKA" is the easiest churn on the market to operate. By tilting back the frame until the weight rests on the wheels, the churn can be quickly and easily moved—while the barrel remain upright. If your dealer does not handle the "EUREKA," do not take a substitute but write us for catalogue.
