

A COMFORT TO THE SOLDIERS

STAG CHEWING TOBACCO

The fine, rich flavour and lasting qualities of "STAG" have made this famous chewing tobacco a prime favorite all over Canada.

Our gallant Canadian boys at the front are enjoying its satisfying qualities.

Extract of a letter from a Corporal at the front to a Suffolk Clergyman:—
"What hurt us most" he writes, 'was the poisonous gas, which made the air green and yellow, choking and poisoning men where they stood. Tobacco saved many lives in that battle. We began to feel choky, but put big chews in our mouths, and this caused us to expectorate the gas. Now whenever we notice the gas, we chew tobacco, which greatly helps.

Farmers' & Gardeners' Produce Exchange Ltd.
Successors to The Central Farmers' Market Association Limited
Winnipeg, Man.

\$6.60. The bulk of stuff, however, were from 25 cents to 75 cents below this figure. Good milkers were in strong demand from \$60 to \$80 being the commoner prices yesterday. Most of the animals were for Quebec and the west.

Small meats were firm. Calves sold up to \$10.60. Most of the animals weighed over 250 lbs., and the general price paid for these was \$6.50 to \$7.50. Lambs firmed up 5 cents, several hundred selling readily at \$9.25. Several reasons are given for the strengthening market. Packers putting the carcasses in cold storage, lambs being held up at Chicago and general scarcity are all advanced as the cause.

Hogs were about steady. Only light local shipments were on the market. Quotations were from \$8.75 to \$8.90 fed and watered.

Calgary, Nov. 13.—The Livestock Department of The Alberta Farmers' Co-operative Elevator Company Limited reports as follows: Last week's Alberta stockyards receipts were 500 horses, 1,425 cattle, 738 hogs and 294 sheep. This week's receipts were 463 horses, 1,526 cattle, 1,432 sheep and 425 sheep.

Outward Shipments—Cattle: Nine cars of beef to Seattle, two cars to South St. Paul, two cars to Toronto, two cars to Moose Jaw, one car of cattle and one mixed car to Vancouver. Hogs: Six cars of hogs to Toronto, five cars to Moose Jaw, two cars to New Westminster and one car of sheep to Penticton.

Cattle—The feature of the beef market was its unexpected activity. With Eastern and Southern markets lower this was hardly anticipated, but a bunch of cattle were bought to try out Seattle as a market, and with a Toronto beef buyer picking up a load or two, things got going. Top for steers was \$6.10 and \$5.35 for cows.

Stock Cattle—There was a brisk inquiry for good stockers and feeders, and great demand for heifers, young stock cows, and prices strengthened. There were not enough stock heifers to supply the demand.

Hogs—Hogs sold from \$8.00 to \$8.10, with keen demand on all loads forward. We look for about 8 cents for hogs next week.

Winnipeg, Nov. 15.—Receipts at the Union stockyards during the past week have been as follows: Cattle, 4,740; calves, 327; hogs, 2,921; and sheep, 461.

Cattle—Trade is very slow and receipts have been 800 over those of last week. Most cattle coming are common stuff and a decline of about 25 to 50 cents is noted on most classes of stock. Only a few good steers brought \$6.50 and most sold at \$5.90 to \$6.25. There has been practically no sale for stockers and feeders during the week. Milkers and springers are few, but for good beasts the demand is strong and prices are holding up equal with last week. Best butcher bulls sell at 5 cents per pound. Veals are scarce and sell at from \$6.50 to \$7.00. Heavy calves are \$5.50 to \$6.00.

Hogs—The hog trade has been steady all week and receipts have been only fair. Select hogs are selling at \$8.50; some are \$6.00 to \$6.75, and lights \$7.00.

Sheep and lamb prices have held firm, not many

being on the market. Demand is good just now. Lambs sold last week at \$8.00 to \$8.75. Packers, however, are quoting \$6.50 for sheep and from \$8.00 to \$8.25 for lambs.

Country Produce

SASKATOON PRODUCE—Business on this market is reported to be very good just at present. Dressed hogs, lights, are worth 11 to 12 cents per pound, beef is 8 to 10 cents, veal 10 to 12 cents and mutton 14 to 16 cents per pound.

WINNIPEG PRODUCE—Note: All prices quoted are f.o.b. Winnipeg unless otherwise stated.

Butter—There is very little butter coming from the farms to market at this time. As a consequence of this shortage dealers are offering more this week for each grade. Fancy dairy butter is 2 cents higher, namely, 24 to 26 cents per pound this week. No. 1 dairy is a cent higher or 22 to 23 cents per pound and good round lots are fetching a cent higher price, namely, 20 to 22 cents per pound.

Eggs—Eggs are just as bad as ever. They are being kept too long at country points before being shipped. Dealers offer 25 cents per dozen subject to candling, but strictly new laid eggs are easily worth 35 cents per dozen.

Potatoes—There is no change in the potato situation. Tubers are plentiful and dealers are still offering 50 cents per bushel.

Milk and Cream—There is no change in the price offered for milk and cream this week. Sweet cream is 37 cents per pound of butter fat delivered; sour cream is 32 cents per pound of butter fat delivered and milk is still \$2.50 per hundred.

Hides—Dealers are offering more for hides this week. Green salted No. 1 hides are 15 cents per pound, No. 2 14 cents. Branded hides are 12 cents. Green and brown hides one and two cents less than salted. Directions for Salting—During warm weather it is necessary to have green hides salted promptly or they will spoil, but hides can be shipped green in the winter season in a frozen condition. To cure a hide properly it is first necessary to trim it by cutting off what does not belong to the hide, such as horns, tail-bones and sinews, then spread the hide on the floor and sprinkle salt evenly and freely over the flesh side. In this way pile one hide on the other, flesh side up, head on head, tail on tail. It will take a week or more to cure hides thoroughly. When hides have lain over a week in salt, they will do to tie up and ship, after having shaken off the surplus salt. For a large hide it will take about a pail of salt and a less quantity for a smaller hide or calfskin in proportion to size.

Furs—Raw furs are coming to market in small quantities, the quality being exceptionally good for this early in the season and bringing proportionate prices. The retail trade in manufactured furs is quite brisk and the outlook for a prosperous season in all branches of the fur trade is very encouraging.
