

Good Canadian Cheese at Hotels

Mr. J. Elliott Points Out a Need to Belleville Cheese Board.

"Can we devise some means to get the hotels of Canada to put proper samples of our Canadian cheeses on the tables?" Mr. John Elliott asked the members of the Belleville Cheese Board this morning. "There are thousands of British tourists visiting Canada, and they complain of the quality of the cheese furnished at the hotels. The European likes old cheese but the Canadian prefers green cheese."

Mr. Elliott told of his experience at the Conference of the Chambers of Commerce of the Empire. A delegate from across the ocean asked him: "How is it we can get good Canadian cheese in England and not in Canada?" That made Mr. Elliott think that it was high time that a campaign was started to have representative Canadian cheese served on hotel tables. The delegate asked if they could not get some good Canadian cheese and Mr. Elliott was able to get two cheeses from Belleville where they were in cold storage. These were shipped to Toronto and put aboard the train carrying the imperial delegates on their tour of the west.

The result of this was that the delegates said that they had never tasted cheese of better quality. That cheese was manufactured in Belleville district.

Mr. Elliott said he would bring this question up at the meeting of the Chamber of Commerce in Belleville in November. The question will also likely be taken up at the district meeting to be held shortly.

Bob Gorman Heads the "Roaring Lions"

Another real live organization with an international reputation came into existence in Belleville last evening when at an enthusiastic gathering at the Hotel Quinte, a branch of the Lions Club was formed.

International Field Secretary Chas. M. Anderson was responsible for bringing together the many business men who form the nucleus of this new branch of the association, which only recently invaded Ontario.

The border cities, Toronto, Hamilton and Ottawa now have live Lions Clubs and Belleville men were quick to tie up with this organization.

Lionism is designed to further education, enlarge social and civic opportunities, support the laws, direct public councils and in every way make the lives of men better and happier.

The following officers were elected pro tem:

Bob Gorman, President.
Ray Zueft, 1st Vice-Pres.
Ern. Dickens, 2nd Vice-Pres.
Arcan Blakely, 3rd Vice-Pres.

Ern. Finkle, Secty.-Treas.
Directors—Steve. License, Ed. Cherry, Russ. Wooten, Bill Wheeler, Bill Doyle, Art. Pratt, Ginger Stewart, Tall Twister.

The Lions Club will hold their initial luncheon Wednesday next at 12.15 at the Hotel Quinte.

Eggs Were Scarce Today

Tomatoes Advanced in Price—Butter Steady.

To-day's market was a typical early autumn one. The attendance of city and rural people was quite large and the offerings fairly numerous although some lines were scarce. Tomatoes being scarce, advanced to one dollar per bushel and thirty cents per peck. Green tomatoes sold at 20 cents by the peck.

Apples sagged to-day, some going as low as 50 cents per bushel. Some of the varieties sold at 30 cents to one dollar. The demand was very large.

Potatoes were unchanged at \$1.50 per bag or \$1.25 per bushel crate. The supply was sufficient for the demand.

Eggs were the rare avia of the market to-day, only a few being offered at 65c to 70c per dozen. Dealers are not shipping for export. They are offering 53c to 60 cents.

Butter was steady at 70c per pound and was quite plentiful.

Poultry remained unchanged at \$1.75 to \$2.00 per pair.

Beets sold at 50 cents per peck, and onions brought the same price.

Grapes sold at twenty-five cents per box. Wild grapes brought fifty cents by the peck.

The pork market is looking downwards and lower figures are anticipated.

It being today 35 cents wholesale, five hogs selling at \$19.00. Beef hind quarters are selling for 17 cents to 18 cents and fore quarters for 14 cents. Lamb is quoted at 25 cents.

The grain market is very unsteady. Wheat quoted at about \$2.00, oats 65c to 75c, barley \$1.00.

The raw hide market is very active, said a dealer this morning. Dealers are accumulating collections with poor prospects of any early demand. Reports from larger centres would indicate still lower prices. Trimmed hides are quoted at 8 cents per pound, catfkins 15 cents, lamb skins 50 cents and horsehides \$3.00 to \$3.50.

There is no market for wool. Hay is steady at \$25 to \$26 wholesale for baled. Loose hay is not offered.

Melons by the load were offered to-day, water melons selling for 15 cents and upward, and musk melons for 5c to 10 cents.

Strawberry tomatoes brought 15 cents per quart.

Celery, cabbages, beets, onions, sold at reasonable figures.

Trainmen Escaped in Rear-End Pitch-in on the G. T. R.

Caboose Slightly Damaged in Kingston Jct. Accident

BROCKVILLE, Oct. 9.—Conductor Edward Rudd, 181 Church street, and brakeman Tibworth, of Belleville, members of the crew of extra eastbound Grand Trunk freight train No. 576, narrowly escaped injury in a rear-end pitch-in which took place near Kingston Junction at 7.40 o'clock Wednesday morning.

Full particulars of the accident, which was not a serious one, are lacking. No. 576 was inside the yard limit board at Kingston Junction, west of the station, when extra eastbound freight No. 2861 pitched into the rear end of the train. Conductor Rudd and brakeman Tibworth who were riding in the caboose escaped in time to prevent their being caught in the smash. The other brakeman of the train, Gauthier, of Belleville, was on the front end of the train.

No. 2861 was in charge of Engineer A. Young, Belleville. Engineer G. D. Welsh, Belleville, was at the throttle of No. 576.

The rear end of the caboose was damaged. The second train is presumed to have over-run its signals.

Holding Waist Measure Contest

NEW YORK, Oct. 11.—New York women voters are interested in the waist measure contests being held throughout the state to raise funds for the Democratic campaign. Miss Elizabeth Marbury, National Committee woman, inaugurated the idea of measuring the waists of the electorate at five cents an inch, and being a good sport, she defies any woman to contribute more to the fund than herself. Her contribution would reach \$2.45.

A Baltimore woman was so jealous she forced her husband to resign his position with the company by whom he had been employed for 30 years when they decided to employ women in the office. The magistrate, before whom she was brought, gave her a severe reprimand.

Green Clover Cause of Fire

This was Conclusion Reached by Deputy Fire Marshall Bishop

PETERBORO, Oct. 11.—That the cause of the fire on the Crough farm in Ennismore which resulted in the death of two men and the serious burning of another was spontaneous combustion in a quantity of slightly green clover stored in the barn was the conclusion reached by Deputy Provincial Fire Marshall L. J. Bishop, who has been investigating the fire.

Mr. Bishop discountenances the theories that the fire was caused by a spark from the engine which was providing the power for the silo filler and that it originated from a cigar or cigarette butt or pipe ashes. There is absolutely no evidence that anyone on the farm was smoking in the barn that Marshal has ascertained.

He states that the clover, though partially dried, had been piled in the barn about the end of July. The roof of the barn is in a bad state of repair and has not been re-shingled for 15 years. He bases his theory of spontaneous combustion on the belief that the clover became dampened by the heavy rains which leaked through the faulty roof. It is a known fact that clover or other roots when dampened give off gases which heat the clover and start spontaneous combustion which smolders its way to the atmosphere and their breaks into flames. He believes that the clover in this case smouldered for some time and on the day of the fire the conflagration reached the surface and broke into flame which, fanned by the strong wind, rapidly spread throughout the barn.

He believes that the smouldering combustion moved toward the floor of the barn and thus broke into the stable beneath. This is evidenced by the fact that smoke was first seen issuing from the stable and the lack of flame at first is additional proof of the theory of spontaneous combustion.

Mr. Bishop took Fire Chief George Grange with him in his final investigation today and Chief Grange agreed to the theory that the fire was caused by spontaneous combustion.

Reached Fire by Aeroplane

Forty-Five Hours Sooner Than if They Had Gone by Train and Pack Mule.

WASHINGTON, Oct. 11.—Airplane forest patrols in California were able recently to reach the scene of a fire forty-five hours sooner than they proceeded by train and pack mule, a report to the army air service shows. An aerial observer spotted his blaze in Lassen forest while all foresters were engaged in fighting another fire in the Merced forest. Planes picked up the fire fighters in the Merced zone and pushed them to the Lassen fire.

"In three hours," says the report, "the fire fighting personnel was on the job fighting the flames, whereas, had they proceeded by train and pack mule 48 hours would have been consumed."

"The day will come when men and equipment will be carried by airships to the scene of fires, both men and equipment dropped by parachute, while the airship will rain down fire extinguishing chemicals from above."

Two Texas Women Raise Sheep

Have Been Asked to Lecture to the Widows of Canadian Soldiers on their "Great Adventure"

FORT WORTH, Texas, Oct. 11.—"Sheep queens" of the Texas range have been asked to lecture to widows of fallen Canadian soldiers, and explain their "great adventure" to other women ambitious enough and keen enough to duplicate it on the Dominion prairies.

Two of the Texas women, Mrs. Joannette Hartwell, and her sister, Miss Donna Gardner, may accept the invitation. The sisters are daughters of a retired Chicago manufacturer, and own an "eight ten sections" of land in Farmer county, Texas, upon which 5,000 sheep now graze and from which 30,000 sheep were sold during the past summer. The signal success of these two "sheep queens" was heralded during the meeting of the Texas Sheep and goat Raisers Association to visit Canada on a lecture trip. The invitation came from the head of the Federated Women's Clubs of the Dominion, who wrote personal letters to Mrs. Hartwell and Miss Gardner.

The two young women also have been deluged with letters from working girls who are desirous of learning the ranching business. Marriageable men already in the sheep business in the Southwest also sent in their quota of letters.

A desire to accomplish something worth while attracted the young women from their home in Chicago, they said during a visit to Fort Worth. They came to Texas plains and at first went in for farming and for Jersey cattle raising. They met with several disastrous experiences from a financial standpoint.

They sold their farm and bought the ranch in Farmer County, a part of what was the old XII cattle outfit. For their Jersey cattle they received just enough money to purchase 100 sheep and from this humble start their present business has sprung. Last spring and summer the two women brought 30,000 sheep to Texas from northwestern ranges where the sheep were threatened with starvation due to drought, and sold them to sheep breeders throughout West and Southwest Texas.

The women themselves are said to be expert sheep handlers and very successful in directing their Mexican herdsmen. They maintain ranch headquarters at Bovina, Texas.

In sweetness and serenity she lived the life of one who "passing leaves behind her footprints in the sands of time."—Napaeon Beaver.

JOHN CHARLES DRURY.

John Charles Drury, twin son of Mr. and Mrs. John C. Drury, 41 Boswell St., died this morning after a brief illness.

Well Known Lady Died Suddenly

Mrs. (Rev.) de Pencier Wright Stricken With Diphtheria

After twenty-four hours sickness which developed diphtheria, the beloved wife of the Rev. dePencier Wright, rector of St. Luke's church, died at the Kingston General Hospital Thursday at 5 p.m. The sad news came as a tremendous shock to her family and her innumerable friends in the parish and city, for her illness had hardly developed before she expired suddenly. The body was quietly interred at Catholic Friday afternoon, and a memorial service was held at St. Luke's church at 2.30 p.m. after the interment.

A devoted wife and affectionate mother, and the friend of all the people in the neighborhood, as well as at St. Luke's, were her characteristics. Always serving, doing her best for others, was her constant thought. She was born at Tamworth about 42 years ago, being the youngest daughter of the large family of Robert Lockridge, well known in the neighborhood. Her parents died when she was attending Bishop Bethune School Ottawa, where she stayed three years, afterwards proceeding to Bishop Strachan's school, Toronto, for a similar period. She married the Rev. dePencier Wright, M. A., of Roslin, in 1908 and in 1906 the Bishop transferred Rev. Mr. Wright to Ameliasburg. In 1913 they took up residence in Lytt and in 1917 the Bishop promoted the Rev. Mr. Wright to the rectorship of St. Luke's Kingston.

In all the parishes where she resided she was beloved by all for her interest in the people and her good works. Some time ago the members of the Women's Auxiliary of St. Luke's Church made her a life member, and last June at the Women's Auxiliary annual meeting held in this city Mrs. Wright was elected as one of its Vice-Presidents and discharged her duties most acceptably to all. On Sunday next the Rev. Canon Jones will officiate at St. Luke's, being an old friend of the Lockridge family, and the evening service will be a memorial one.

Her surviving relatives are Mr. Lockridge, of Tamworth; Mrs. (Rev.) C. E. S. Radcliffe, of Deseronto, and Mrs. G. Postlethwaite, of Aultsville, Hicks Lockridge of Tamworth, died in the spring of this year. Her little son, Joseph, who was also stricken with diphtheria, is reported to be improving.

In his sudden bereavement the Rev. Mr. Wright has the deepest sympathy of his flock, also the many fraternal societies of this city of which he is a member, as well as citizens generally. A message of sympathy came from the Bishop of Ontario and twenty clergy in session there.

Brief life is here our portion,
Brief sorrow, short-lived care,
That life that knows no ending,
The tearless life is there.

A very impressive service in memory of the late Mrs. Wright was held at 2.30 Friday afternoon in St. Luke's church. The service was conducted by the Very Rev. Dean Starr, assisted by Archdeacon Dobbs and the Rev. Canon Jones. Hymns in keeping with the very sad occasion were sung including "Thy Will be Done," "Peace, Perfect Peace," and "I Heard the Voice of Jesus Say." Mr. Bert Couper presiding at the organ.

Dean Starr expressed the heartfelt sympathy of the clergy and the church people of Kingston to the bereaved family and the congregation of St. Luke's. He pictured the glories of death as viewed from the Christian's standpoint and described the victory which is assured through Our Lord, Jesus Christ in words which brought comfort to the sorrowing hearts of the bereaved—Kingston Standard.

The tug Virginia, of the Sincennes-McNaughton Line, of Montreal, with three barges in tow, disabled her steering gear and had to put into Ilroquois for repairs.

English Being Taught in

Is a Compulsory Subject in Normal Schools and New Circular of all Schools

BELGRADE, Serbia, English is being introduced into the schools of Serbia, made a compulsory subject in normal schools. The first English, which were introduced a year ago under can teacher, Dr. James Chicago, have yielded success results that the government decided to make the language the circlous of all schools.

Heretofore the dominance of the Serbians, their native tongue, has been. The Germans were seen the advantages of their language as a means of teaching the school children the ways and customs of the people. The pupils were not so made up of the Anglo-Saxon civilization.

A very large proportion of school teachers were Serbians occupying school buildings, most of the school in the Serbian language.
