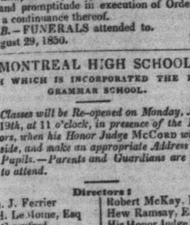
SMITH'S EXTERMINATOR
FOR THE ENTIRE EXTIRPATION OF
Rats. Mice. Cockroaches, Beetles, Crickets, Ants, &c,
Without the use of Arsenic or other Mineral Poisons.



The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Ptre.
Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

BENJAMIN HART.
Montreal, November 22, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting Insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.
Montreal, April 20, 1849.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the assistance bid defiance to all efforts to abate it, until this preparation was applied. One Box has sufficed to exterminate the Insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

A cough for several years past, which had defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find the only remedy that can relieve the cough without deranging the stomach or digestive organs.

SIR,—I consider that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing, accompanied by hoarseness. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kerrod, Medical Institution, Carisy Street, Poplar New Town, which I am now happy to say perfectly cured, and beg to return many thanks, and am,

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually acquired in early period of life, which renervates the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Man—with practical observations, whereby the Nature of Nervous Debility and Indigestion, whether arising from those causes, close study, or the Influence of Tropical Climates; Local and Constitutional Effects of Syphilis, and all Diseases and Derangements resulting from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London.

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their various conditions in health and disease. Nor are these the sole contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. The discovery requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and pernicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their invariable consequences, invariably entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that those complaints are beyond the reach of art, alike restrict him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and the medical man, who can skew by his possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional pursuits, the utmost confidence should be extended. DR. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has rendered almost nugatory to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON; in St. Johns, of H. Cheun & Co., price 2s. 6d. Sterling; Halifax, Messrs. MORTON & Co.

THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No. 54, Gold Street, New York.

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work, entitled

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By HENRY STEPHENS, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by JOHN P. NORTON, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 15 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the *portentous* feature of the book is unique, and will render it of incalculable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which three will be at least 22.

The British Periodicals Re-Published are as follows, viz:—

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free Church.)
The Westminster Review, (Liberal.)
AND
Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above lettered, yet such is the purity of their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of the day. *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and at this time, unsurpassed by any periodical of the world. Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns, both in the "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of such numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers who have not the Magazine, *before it has been issued by Messrs. Scott & Co., so* that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of those fascinating tales.

"Round him rush the people crying, 'Tell us all, oh, tell us true!
Where are they who went to battle, Randolph, Murray, sworn to you?
Where are they, our brothers, children? Have they left the English foe?
Why art thou alone, unfollowed? Is it weal, or is it woe?"
Lake a corpse the grisly warrior looks from out his helm of steel;
Not a word he speaks in answer, only with his armed heel
Chides his weary steed, and onward up the city streets
Father, sisters, mothers, children, shrieking, praying by his side.
'By the God that made thee, Randolph! tell us what mischance hath come!'
Then he lifts his riven banner, and the baker's voice is dumb."

DR. HALSEY'S GUM-COATED FOREST PILLS.

THESE PILLS are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating, or weakening; can be taken at any time without hinderance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

For a short time they escaped notice from their great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

Never has any remedy had more reliable and stronger proofs of its good qualities than Dr. Halsey's Forest Pills.

Testimonial after testimonial, showing their great powers of curing in almost every class of disease, have been tendered to us by individuals of undoubted character and respectability. The following testimony is from a case that I began to consider her in an almost hopeless condition; nothing gave her any relief until I resorted to Forest Pills. She improved greatly by the use of the first bottle, and, on finishing the third bottle, she was restored to health. She is now blooming with the ROSE and WHITE, and appears to enjoy the most perfect form of health, every symptom of her complaint having disappeared. I am perfectly astonished at the wonderful curing power of the Forest Wine, as I believe it to be a most valuable medicine, well deserving the attention of the Medical Faculty as well as those labouring under disease.

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power over pain upon their patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa discharges, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous head-ache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise nay-sayers of Medical Science shook their heads in doubt. The sick and afflicted hoped yet feared that, like other remedies, it would prove nothing but paper than by practical experiments thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, its effects on the most severe cases, even, were almost miraculous. In New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were made happy recipients of health, and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Bilious Complaints, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. The pain ceased from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, Ohio, in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a safeguard against disease. Not a bottle but is for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of R. R. R. Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. The people of it is my family physician, let him test it, we will risk its reputation on his opinion.
