COUNTY COURT SITTING

The county council held another long session yesterday afternoon. A deputation from the Provincial Good Roads association in the person of Mr. Squire, was present and a long discussion ensued about the improvement of the county roads.

Mr. Evans read the report of the Buildings and Grounds committee concerning the new Registry Office. This was satisfactory and on motion of Mr. Evans was adopted.

Reeve Harris and Chairman Evans were appointed to interview Barber and Tilley and report to the Council, after which settlement was made. There was considerable discussion over the assessment of the various townships of the county, but this matter was left over until to-day's session, which promises to be a long and busy one.

TEN VESSELS ATTACKED IN THREE DAYS

Germans Were Very Active at Sea Last Week

London, June 5.—Another German air raid on the coasts of England last night, coupled with the usual week-end activity of German submarines, are the war developments of the past twelve hours, which are today holding public attention. Discussion of the fall of Przemysl has been laid aside for matters nearer home.

Little is known as yet of the extent of the aerial attack, but it does not seem to have done much damage or been costly in lives. German submarines have been very busy during the past few days in the North Sea, and in the British Channel. Ten vessels have been attacked in the last three days without loss of life, except in the case of the Przemysl, four members of the crew of this boat and a boy passenger having fallen victims to shells fired by the attacking submarines. The biggest capture of the Germans was the 5,000 tons Liverpool steamer Inkarn. Another important victim was the Cairn Liner Iona, erroneously reported at first as the Wilson Line steamer of the same name. The other ships sent to the bottom by the Germans include in addition to several trawlers four neutral ships, two Danish, one Norwegian and one Swedish.

The Austro-German forces have pushed their salient as far as Tulkha which is some distance northeast of Przemysl. Notwithstanding the evacuation of this fortress, the Russians have maintained an unbroken fighting front on both sides of the railroad to Lemberg. Thus far the Austrians and Germans apparently have made little progress since the taking of Przemysl although an official report states that the Russians have been driven east to the vicinity of Medyka.

British and French reports indicate hard fighting on the western front without much progress for either side. The Belgian frontier has again been closed to traffic. This tends to concentrate the German forces in the west, moving heavy reinforcements to their positions along the Yser canal.

Germans of Disease should be promptly excluded from a whole body, and when the system is especially susceptible to them. Get rid of all impurities in the blood, purify your blood, and thus fortify your whole body and prevent disease.

Why You Should Insure IN THE Great West

REASON NO. 6
Mr. A. D. Besant, General Manager of one of the oldest and most conservative life companies in England, the Clerical, Medical and General, said: "Mr. Stanton of Winnipeg is one of the most cautious men that could possibly be found to underwrite work of that character (investments). He had acted as agent, not only for more than one English office, but for many individual clients and corporations, and I believe that the sums which Mr. Stanton had lent successfully, without a penny being lost, are many millions."

R. T. Riley, Vice-President, indicating the type of man who super-vises the Company's affairs, Mr. A. M. Stanton being one of the Directors.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen, and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.
