KEEP WELL

W. M. D. P. H., CHIEF OFFICER
LOCAL BOARD OF HEALTH.

Water supply is one of the first essentials in the country or in the town. In the supplies are taken almost altogether from the farmer who has a spring on enough water to operate a small ram conveniently and as plentifully as if he involved in protecting a well. If the well to be anticipated is from matter danger cannot be too much exaggerated. Buildings are grouped and the well is not by fencing from the stock. Especially in dry contents are periodically thrown. It is then possible for the farmer's eye this material to the top of the well. From the spout can carry these organisms well below. The protecting organisms as they are called a considerable long as two water, and near the water during very readily cotton. diarrhea and contracted who sorts is due to some manner boarding house in the vicinity of water supply; behave died, by washings of the rural surface from surface drainage. To some of the are advised to discover for themselves and the method of disposing of sewage, feces, should insist that it be corrected in event of its not being done. Near the well, the top of the well should be with concrete, the surface being graded so not accumulate at the pump. It is to line them with 2 1/2 inch terra cotta pipe the stone work. The space between the well should be filled in with sand and from a barnyard or where the cattle have farmers carry pipes from their wells to they install a large galvanized iron tank which is filled from a force pump either by electricity, and sometimes by wind-mill, about the house and supplied with water the pressure is derived from air which is advisable as a rule to put elevated tanks very little cheaper, and any leaks or accident than the first cost of installing the piping the quality of your well water, or drainage, or seepage from the barn or barnyard, the bottom of the well, you had to your local Medical Officer of Health or sampling outfit, or write directly to the Park, Toronto. They, upon receipt any glass stoppered, sterilized bottle ready instructions. The samples are analyzed be water forwarded.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Supplying Coal for the Dominion Buildings," will be received at this office until 4:00 P.M. on Wednesday, June 28, 1916, for the supply of coal for the Public Buildings throughout the Dominion.

Combined specifications and form of tender can be obtained at this Department and on application to the sawmakers of the different Dominion Buildings. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, in the sum of ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so or fail to complete the contract. If the tender is not accepted the cheque will be returned.

By order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, June 7, 1916.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

Report of the Auditors to the Shareholders of The Merchants Bank of Canada.

In accordance with the provisions of sub-sections 19 and 20 of Section 56 of the Bank Act we report to the shareholders as follows:
We have examined the above Balance Sheet with the Books of Account and other records of the Bank at the Chief Office and with the signed returns from the Branches and Agencies.
We have checked the cash and verified the securities of the Bank at the Chief Office against the entries in regard thereto in the Books of the Bank as on April 29th, 1916, and a different time during the year and found them to agree with such entries. We have also attended at some of the Branches during the year and checked the cash and verified the securities held at dates of our attendance and found them to agree with the entries in the Books of the Bank with regard thereto.
We have obtained all the information and explanations we have required. In our opinion the transactions of the Bank which have come under our notice have been within the powers of the Bank, and the above Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Bank's affairs according to the best of our information and the explanations given to us and as shown by the books of the Bank.
