The Mayor of Vancouver has received a letter from Toronto written in the interests of young women in eastern Canadian cities. The writer states that according to statistics, there is a shortage in the female population in the West amounting to about 40,000, and there is in eastern Canada a surplus of unmarried women. It is proposed to transport young women of good health and moral character west to be distributed where the demand is greatest, and for this purpose it is sought to establish a home at Vancouver for the reception and distribution of the young women of Ontario and Quebec for British Columbia.

BRADLEY'S FERTILIZERS.

THE BEST IN THE MARKET.

Manufactured at North Weymouth, Mass. The largest fertilizer works in the world.

WHAT SOME OF OUR FARMERS SAY OF IT:

UPPER DYKE VILLAGE, February 14th, 1895.

Dear Sir,—I used Bradley's potato fertilizer last spring for potatoes without manure with good results. I used it in the drills, about 300 lbs. per acre. The potatoes made a quick start, and got their growth sooner than those where I used manure, and were a better crop. I have used other fertilizers, but Bradley's is far ahead of any I have tested.

Yours truly, C. E. SHAFNER.

We have received a copy of the report of the New Brunswick Society for the Prevention of Cruelty to Animals, for 1895. It is neatly printed and well arranged, and presents a very readable account of the organization and workings of the society, with a list of the officers and subscribers for the past year. The society is evidently doing a grand work, and we wish it every success.
