**Children Cry for Fletcher's  
CASTORIA**  
The Kind You Have Always Bought, and which has been  
in use for over 30 years, has borne the signature of  
Dr. J. C. Fletcher, and has been made under his  
personal supervision since its infancy.  
Allow no one to deceive you in this.  
All Counterfeits, Imitations and "Just-as-good" are but  
Experiments that injure the innocent and endanger the health of  
Infants and Children—Experience against Experiment.

**What is CASTORIA**  
Castoria is a harmless substitute for Castor Oil, Parego-  
lic, Drops and Soothing Syrup. It is Pleasant. It  
contains neither Opium, Morphine, nor other Narcotic  
substance. Its age is its guarantee. It destroys Worms  
and allays Feverishness. It cures Diarrhoea and Wind  
Colic. It relieves Teething Troubles, cures Constipation  
and Flatulency. It assimilates the Food, regulates the  
Stomach and Bowels, giving healthy and natural sleep.  
The Children's Panacea—The Mother's Friend.

**GENUINE CASTORIA ALWAYS**  
Bears the Signature of

Telephone 82.  
Office Hours: 8-10 a. m., 1-3, 7-9 p. m.  
W. J. BROWN, E. C. BARRY W. BROWN, E. C.

**War Songs of To-day.**  
British soldiers, once again  
Ye are marched on the plain  
By our fathers' blood re-soaked  
Ye are treading sacred ground!  
Hark, hark as ye pass  
To the valley in the goal!  
On the Belgian soil it waves  
O'er the lone, unnumbered graves  
Where innocent warriors lie.  
Devotes of Liberty,  
Noble fallen in the fray,  
Kamille and Maljapuet,  
Quatre Bras and Waterloo  
Yield their legions up to you!  
British soldiers, ye will fight  
'Till the banner of the Right  
Triumphs o'er the wrong.  
Selling nothing, giving all,  
Answer to Kaiser's call!  
Stay Aggression's grim attack!  
Hurl the impious message back!  
Devotes of Liberty,  
Ride ye now to victory!  
We in England watch and pray—  
Kamille and Maljapuet,  
Quatre Bras and Waterloo  
Yield their soil to strengthen you!  
—R. G. H. in the London Times.

**To the Farmers of Nova Scotia.**  
The war now raging is certain to  
cause a heavy decrease in the pro-  
duction of food stuffs in Europe dur-  
ing 1915. All the able bodied men of  
France, Germany, Austria and Russia  
are engaged in fighting. The principal  
grain fields of Central Europe are  
being destroyed by marching armies.  
Little of this year's harvest will be  
saved and practically no preparation  
can be made for next season's crop.  
The grain fields of Europe in the  
hands of women workers will yield  
only a small percentage of the grain  
required for European consumption.  
The same condition applies to all  
other farm products employed to sus-  
tain life in man and beast. Whether  
this war will prove to be of short or  
long duration it is certain there will  
be a very serious decrease in the  
supply of food and fodder in Europe,  
for a long time to come. It is stated  
that of the 650,000,000 quarters of  
wheat yearly produced in the world,  
350,000,000 are grown in the coun-  
tries now at war.  
No man occupies a more important  
place in the present crisis than the  
farmer. The food supplies available  
will probably enter into the final suc-  
cess of the war, more than any other  
condition. The farmer, therefore, should  
take heed of the situation. He should  
be on the farm during the next year,  
in just as useful a patriot as the  
farmer who shoulders his gun and  
goes to war.  
You should devote this autumn to  
the task of preparing your farms for  
the very largest crop that it is possi-  
ble to raise. In so doing you can be  
of inestimable assistance to the Moh-  
riand while developing the agricul-  
tural resources of this province and  
materially adding to your income.  
Nova Scotia, owing to its comparative  
nearness to Europe, is a natural base  
of supply for the products that will  
be most sorely needed. Agricultural  
experts who have looked over this  
province have always been impressed  
with the great possibility for increas-  
ing food products on our farms.  
There are hundreds of acres of land  
that have been either down to hay or  
a great many years of have been in  
pasture, that can be plowed up, sown  
to oats, wheat or barley, and seeded  
down to clover and timothy to the  
benefit of the farmer even in times of  
peace. But now that the present  
crisis demands that every effort  
should be made to increase the food  
supply, I would urge you to make  
preparations for 1915, plow up these  
lands and produce all the grain,  
potatoes and other food products  
which you can.  
It will pay to make use of every  
acre possible in producing grain as it  
is sure to be needed. You may be  
assured of a market for all and more  
than you can raise. Indeed there  
will probably be strong competition  
for cereals in the latter part of next  
year. In view of the conditions you  
would be justified in utilizing extra  
labor for extending your operations.  
If this greater cultivation of Nova  
Scotian lands is to be undertaken,  
it should be proceeded with at once.  
With few exceptions, as you are  
aware, fall plowing not only results  
in bigger crops than spring plowing  
but it expedites work. A man may  
intend to plow up much greater areas  
of land in the spring and put in ex-  
tensive crops, but cold and wet  
weather and the rush of work often  
seasonally interfere with their plans.  
If, therefore, as much land is plowed  
this fall, the spring work will be  
facilitated and much larger areas  
sown to grain and roots than could be  
under any other circumstances.  
Farmers of Nova Scotia, this is

**Freight Increase Has Been Reduced.**  
THE ORGANIZED FRUIT GROWERS  
CHICKMASTEAMSHIP'S  
COMBINE.  
The organized fruit growers of Nova  
Scotia have again demonstrated to  
the world that co-operation is a  
mighty factor.  
As soon as the unreasonable in-  
crease of ocean freight rates was com-  
municated to this office it was recog-  
nized that unless immediate action  
was taken the Annapolis Valley  
would be subjected to a tax which  
would be nothing short of murderous  
to its industry.  
The increase of 32 cents per barrel  
was utterly indefensible; the claim  
of the steamship companies that ad-  
ditional war risks had to be paid did  
not form sufficient excuse, as less  
than half the amount of the advance  
would more than cover any additional  
cost in that direction.  
It was simply an attempt on the  
part of the combine to take advantage  
of the war to make those who were  
forced to ship pay a rate that would  
be ruinous to the industry.  
There were two ways of combating  
this menace; one was an appeal to the  
powers that be at Ottawa and the  
other was by chartering boats owned  
by concerns outside of the Atlantic  
combine. The United Fruit Com-  
panies pursued both courses.  
A strongly worded protest was im-  
mediately mailed to the Minister of  
Trade and Commerce.  
The shippers of the United States  
were also appealed to with a view to  
bringing pressure to bear on the com-  
bine through the American trade.  
It was found that the American  
shippers were all ready to co operate  
with the United Fruit Companies who  
were alone on the Canadian side in  
fighting the increase in a determined  
manner.  
The Dominion Fruit Conference  
was about to be held and the officials  
of the United Fruit Companies attend-  
ing that conference were instructed to  
bring the matter forward as an emer-  
gency.  
The manner in which this was done  
is recorded in another column.  
In the meantime the strongest  
weapon of the united fruit growers  
was used.  
Steamship brokers were instructed  
to ascertain what independent ton-  
nage was available for chartering, and  
it was quickly found that no difficulty  
would be experienced in obtaining all  
the boats necessary to lift the United  
Fruit Companies' apples.  
The United Fruit Companies in-  
formed the International combine that  
they proposed chartering indepen-  
dent boats, and as an indication  
that this was no idle threat two boats  
were chartered.  
This had the desired effect and  
quickly we were notified that the  
steamship companies had decided to  
reduce the increase by 19 cents.  
Now the moral to be drawn from  
this short but sharp fight is that  
organized and united the fruit grow-  
ers of the valley are a power, a power  
that can demand and obtain fair treat-  
ment.  
The fact that the organized fruit  
growers were powerful enough to  
charter their own boats and powerful  
enough to be absolutely independent  
of the regular lines has raised the  
Valley 19 cents on every barrel of ap-  
ples that will be shipped.  
Consider what this means. If only  
600,000 barrels are shipped this year  
the United Fruit Companies will have  
saved the Valley \$114,000—\$114,000  
in the pockets of the growers instead  
of the pockets of the steamship com-  
pany.  
You, Messrs. Growers, take a pen-  
cil and ascertain how much the United  
Fruit Companies have saved you.  
Take the number of barrels you will  
have to ship and multiply it by 19  
and then you will realize how much  
The United Fruit Companies have  
saved to you on that one item alone.  
You, readers who have stayed aloof  
from the Co-operative Movement, and

**An Interesting Wedding.**  
ELLIOTT—HALRY.  
A fair young maiden and a manly  
young man standing before a popular  
clergyman formed the center of an  
interesting group in the home of a  
leading citizen yesterday afternoon.  
The ceremony was at the residence  
of Mr. and Mrs. Henry R. Haley on  
Elm street at four o'clock, and the  
officiating clergyman was Rev. W. C.  
Goucher, D. D., pastor of the  
Union street Baptist church.  
The principals were their daughter,  
Miss Jenn Steadman Haley, and Mal-  
colm Robertson Elliott, M. D., of  
Wolfville, N. S. They had been stud-  
ents together at Acadia, graduating  
together in the class of '08. The  
young man entered Harvard medical  
school, graduating in 1912. The  
young lady qualified as a librarian at  
the Simmons college in Boston and  
was afterwards employed as librarian  
at Acadia college. Then Cupid won  
in the game that he had been playing  
with two hearts for some time, and  
the ceremony on Wednesday afternoon  
resulted.  
The house was very prettily adorned  
for the occasion with greenings and  
flowers, the drawing room being  
trimmed in green and white, the halls  
with golden red and the dining room  
with pink and white sweet peas. The  
bride wore a gown of white and  
white with a white arch of  
white while the ceremony was being  
performed. The wedding march was  
played by Miss Gladys Blair.  
The beautiful young bride was very  
charming in a dress of white crepe de  
chene with bridal veil caught up with  
orange blossoms, and carrying a bou-  
quet of bride roses and lily of the val-  
ley. The bridesmaids were her sister,  
Miss Marjorie Haley, and Miss Elsie  
Lawson. Miss Haley wore white  
messaline with touches of pink, and  
Miss Lawson white messaline with  
touches of blue. Both wore Juliette  
caps of white and gold and carried  
bouquets of pink carnations. The  
groom was supported by Harold R.  
Haley, brother of the bride.  
At the conclusion of the ceremony  
luncheon was served and later the  
happy young couple left on the eve-  
ning express on the C. P. R. for a  
week-end at their home in  
Kentville. The bride's traveling  
costume was of midnight blue, with  
hat of Roman stripe.  
The bride presented pearl brooches to  
the bridesmaids and a jewel case to  
Miss Blair, while the groom presented  
a pearl pin to the best man.  
The esteem in which the young  
couple are so justly held was mani-  
fested by many valuable presents, and  
they are accompanied to their new  
home in Wolfville by the best wishes  
of very many friends in St. Stephen.  
—St. Croix Courier, of Sept. 24.

**Children Cry  
FOR FLETCHER'S  
CASTORIA**  
The Day.  
For years past the German military  
and naval officers have been talking  
exultantly of 'The Day'—the day  
when Germany by force of arms  
should become the dominant nation  
of the world. 'To the Day' has been  
the toast of many a dinner where  
Germans have gathered. In these  
facts is the explanation of the title for  
this poem, 'The Day,' just written by  
Shire, England. Chappell is a rail-  
way porter known throughout Somers-  
etshire as the 'railway poet.' His  
poem is regarded by many in Great  
Britain as the best piece of verse so  
far written dealing with the war:  
You boasted the Day, and you toast-  
ed the Day,  
And now the Day has come.  
Blasphemer, braggart and coward  
all,  
Little you reck of the numbing ball,  
The blasting shell, or the white arm's  
fall,  
As they speed poor humans home.  
You spied for the Day, you lied for  
the Day,  
And you hear the groans and the  
awful cries?  
Can you see the heap of slain that  
lies,  
And countless turn to the flame split  
skies?  
The glassy eyes of the dead?  
You have wringed for the Day, you  
have longed for the Day,  
That lit the awful flame,  
'Tis nothing to you that hill and  
plain,  
Yields above of dead men amid the  
grain;  
That widows mourn for their loved  
ones slain,  
And mothers curse thy name.  
But after the Day there's a price to  
pay  
For the sleepers under the sod.  
If you have mocked for many  
a Day—  
Listen and hear what He has to say:  
'Vengeance is mine, I will repay.'  
What can you say to God?

**Japan as a Power.**  
Japan's population, 67,142,798.  
Approximate area, 162,000 square  
miles.  
The empire is composed of 4,000  
islands; only 500 are inhabited.  
Japan's total war strength, 1,200,000.  
Peace strength, 230,000.  
Reserves, 970,000.  
Haramunji, the emperor, the su-  
preme commander of the army.  
Gen. Baron Ucheyara, war minister.  
Gen. Viscount Hasekawa, chief of  
staff.  
Admirals of the fleet, Count Ito  
and Viscount Inouye.  
These leaders command a force of  
130,000 soldiers and 14,000 officers  
and a navy of 13 armored cruisers,  
four battleships and a torpedo fleet of  
129. The naval force—officers and  
men—numbers 49,339.

**HEALTH PAST FIFTY**  
Careful diet is of utmost importance to  
men and women past fifty years of age;  
it keeps up their strength, and the oil-  
of-fish in Scott's Emulsion is a nourishing  
food, a curative medicine and a sustaining  
tonic to regulate the functions.  
It contains the medicinal fats of pure  
cod liver oil and science proves that they  
furnish twice as much energy as other  
foods—then too, it creates pure blood,  
sharpens the appetite, relieves rheumatism,  
strengthens the body and alleviates  
the ailments due to declining years.  
Scott's is free from vines, alcohol or  
harmful drugs. Beware of substitutes.

the ailments due to declining years.  
Scott's is free from vines, alcohol or  
harmful drugs. Beware of substitutes.

**HEALTH PAST FIFTY**  
Careful diet is of utmost importance to  
men and women past fifty years of age;  
it keeps up their strength, and the oil-  
of-fish in Scott's Emulsion is a nourishing  
food, a curative medicine and a sustaining  
tonic to regulate the functions.  
It contains the medicinal fats of pure  
cod liver oil and science proves that they  
furnish twice as much energy as other  
foods—then too, it creates pure blood,  
sharpens the appetite, relieves rheumatism,  
strengthens the body and alleviates  
the ailments due to declining years.  
Scott's is free from vines, alcohol or  
harmful drugs. Beware of substitutes.
