

"DO IT NOW"
TAKE
For Bad Blood

Blotched, sallow, unwholesome and muddy skin with its consequent mortification, often leading to morbid seclusion. The only way to clear the complexion and restore it to its normal healthy condition is to clean out the entire system by removing the cause of the impure blood. "Herbine Bitters does it," working gently and painlessly and at the same time acting as a tonic to the whole system, building it up, not weakening and irritating it as other medicines do.

At all druggists or of Brayley Sons & Co., Montreal.
Large size 25c, double size 50c.

Material and Style united with Fit and Finish make

A GHASTLY SWINDLE.
Chicago Adventurers Take a Curious Way to Eke a Few Dollars From an Ontario Man.

Woodstock, Ont., Nov. 17.—An apparent swindle of a rather ghastly nature has been attempted on James Brule, a local fireman for the G. W. Telegraph Company here. Brule says or two ago received a telegram from Chicago announcing that his sister, Mrs. Marie Louise Hood, was dead there, and asking if he would pay \$50 for the funeral expenses, or if he desired the body shipped to Woodstock. Brule called up the man who signed the telegram by long distance

HAPPY PRESENTATION.
Rev. F. Clarke Hartley Remembered by Young People's Society.

Presentations of an elegant and expensive fur coat. Appreciative Address—Happy Function at Free Baptist Parsonage.

The Young People's Society of the Free Baptist church last evening invaded the home of their pastor, Rev. F. Clarke Hartley, and took possession for the time being of the parsonage. The ulterior object of their visit was soon made known, however, when the president of the society presented the pastor with a beautiful and expensive fur lined coat.

The Young People's Society of the Free Baptist church is a very active organization and does much good in the church. Rev. Mr. Hartley and his esteemed wife have ever taken a deep interest in the welfare of the young people and have been indefatigable in their efforts to promote the interests of the society. Last evening the young folk of the society and the congregation assembled to the number of seventy-four and went in a body to the parsonage. When all had received a cordial welcome from Mr. Alex. Beckett, the president of the society, read the following address:

DEAR PASTOR: We, the members of the Young People's Society of Christian Endeavor, have come to your house this evening to give expression to the high esteem in which you are held by us. We feel deeply indebted to you for your faithful labors in our behalf and for the assistance you have rendered us in our Society. You have ever shown an interest in us which could only be born of a deep rooted love for your work and for the souls of sinful humanity. We believe that your teaching and example have led us nearer to our Saviour, and we trust that we will ever be ready to help and encourage you in your work.

We wish to present you with this gift as a tangible evidence of our appreciation of you and your work. We assure you that it is accompanied with our best wishes and our sincere prayers for the health and happiness of you and your family. May God bless you and spare you many years to be our spiritual guide.

The address was accompanied by a fur lined coat. The address was replied to by Rev. Mr. Hartley in a happy manner, although the pastor was taken completely by surprise and the gift was unexpected, and all the more so from the fact of the elegant present made to the pastor and his wife a few weeks ago on the occasion of their anniversary. The company had provided themselves with an abundance of refreshments and were made entirely welcome and proceeded to enjoy themselves as only young people can do.

The sentiment expressed in the address presented last evening to Rev. Mr. Hartley is voiced by citizens of all denominations and creeds in the town, in which the christian character and unselfish labors of the reverend gentleman are appreciated.

PACIFIC CABLE.
Sir Sanford Fleming Speaks of Its Great Benefit to the Empire.

OTTAWA, Nov. 17.—Sir Sanford Fleming, in reply to a congratulatory resolution from the Ottawa Board of Trade this afternoon, said there was one purpose to which the newly laid cable could be immediately applied with great public advantage.

"I refer," said he, "to a complete news service by which and through which Canadians and Australians would become better acquainted. At present we know next to nothing of each other, and we never had an opportunity until now of acquiring much information of passing events, owing to the prohibitive telegraph charges levied by the Eastern Extension Company. It would be preposterous for the kindred people on opposite sides of the Pacific to remain in the dark any longer when a knowledge of them would tend to stimulate commercial activity and in a thousand ways promote our common interests."

LIMITS SOLD.
North Shore Timber Property Disposed of for \$110,000.

CAMPBELLTON, Nov. 17.—A. E. Alexander, owing to ill health, disposed of his timber limits, mill property and warehouses last Thursday to a local syndicate, among the company being D. Richards. The price is said to be \$110,000. Mr. Alexander will conduct the business till March.

To Vote on Incorporation.
The people of Shediac will vote on the question of incorporation on December 5. The incorporation move is the result of the desire to have better fire protection in the town.

telephone and told him to ship the body O. D. Later on another telegram was received stating that the money had not arrived, and some mention was made of Mr. Hood, whom Brule knew had died some months ago, and he becoming suspicious put the matter in the hands of the police, who are now working on the case. Brule says he does not believe his sister is dead, as he frequently hears from her and had not been advised of her being unwell.

CHANGE OF LIFE.
A Time of Interest And Great Importance To All Women.

Wretched health is produced by neglect during this trying period, and small wonder that women look forward with dread to its coming, for it is not properly passed, is but the beginning of an endless chain of troubles. As soon as the unmistakable signs known to all women make their first appearance, Ferrozone should be used regularly, and if persistently taken will be a guarantee of happy, healthy old age.

Nothing can bring more pleasure than to know that the days of sickness and suffering are over. This can best be accomplished by building up the system with Ferrozone, which produces blood, muscle, tissue, and strength to resist and ward off disease. Ferrozone increases the appetite, strengthens and improves nerve tone, and digestive processes, thereby strengthening and invigorating the whole system. It gives tone to the heart, regulates the action, removes distressing palpitations, and it lays the sound foundation of perfect health. Ferrozone is a sensible and efficient tonic; it brings back strength very quickly, and few people are so strong and healthy, that they would not be benefited by using it.

Be advised and try Ferrozone. It is very pleasant to take, one tablet after each meal. All reliable druggists sell it for 75c per box, or three boxes for \$1.25. By mail from N. C. Polson & Co., Kingston, Ont.

BENCH APPOINTMENTS.
Chief Justice Strong Retires and is Succeeded by Sir Elzear Taschereau.

OTTAWA, Nov. 17.—There was a short meeting of the cabinet this afternoon before Sir Wilfrid Laurier left for Virginia. A number of important appointments were made. Sir Henry Strong, chief justice of the Supreme Court of Canada, has retired from the bench and has been appointed chairman of the commission to revise the dominion statutes.

Sir Elzear Taschereau has been promoted to the chief justiceship of the court, and Chief Justice Armour, of the High Court of Ontario, has been appointed to the vacancy on the Supreme Court.

Justice Moss, of the Ontario Court of Appeal, has been appointed chief justice of the High Court of Justice of Ontario, and J. J. McLaren, K. C. of Toronto, has been appointed to the vacancy created by the promotion of Justice Moss.

In the Court of Appeal Mr. McLaren has been prominent for many years in prohibition circles.

Sir Wilfrid Laurier, accompanied by Lady Laurier, Sir William Mullock and Henry Laurier, the premier's brother, left this afternoon for Virginia Hot Springs.

Paine's Celery Compound
CURES RHEUMATISM.

The Only Medicine That Prevents a Return of the Terrible Disease.

Rheumatism, which does its terrible work in the muscles, joints and tissues, is caused by uric acid which gathers in the blood. To get rid of this poisonous acid which produces the irritations, pains, agonies, inflammation, and swellings peculiar to rheumatism, Paine's Celery Compound should be used without delay. No other medicine gives such prompt, cheering and happy results. It is the only medicine that prevents a return of the dreadful disease. Paine's Celery Compound braces the nerves, the blood is cleared of all irritating poisons, tissue and muscle are built up and the digestive organs perfectly toned. Do not treat with indifference the slightest symptoms; early use of Paine's Celery Compound will prevent weeks and months of suffering. Mr. G. J. McDonald, Cornwall, Ont., writes as follows:

For three years I suffered terribly from rheumatism. It seemed to me that I was forced to endure all the agonies and pains that a mortal could possibly experience from the disease. When suffering, I tried many of the advertised medicines, also doctors' prescriptions, but never found a cure until I procured a supply of Paine's Celery Compound. It worked like a charm, and seemed to strike at the very root of my trouble. I am now cured; all pains are banished, and in every respect I am a new man."

Revival at Mactaquack.
An extensive revival of religion is in progress at Mactaquack. Ten converts were baptized on Sunday last, and a large number manifested a desire at the evening service to follow the Saviour.

BETTER THAN REAL ESTATE...

If you buy land you pay five or six per cent. interest on all you cannot pay cash for. Eventually you have to pay the principal too. By means of life insurance, a young man can buy for his family an estate of \$1,000 or \$10,000, by paying less than three per cent. yearly. He thus, at once, provides a fortune for his family, available at his death, or for himself if he survives the period fixed in his policy. No better scheme of laying hold on fortune was ever devised, and the best Company to insure in is
