

## The Country. An Epitome of Events Gathered by ADVOCATE REPORTERS

### CASSILLIS.

A large assembly of friends and relatives gathered at the residence of Mrs. Daniel Hubbard on Wednesday, August 26th to witness the marriage of her daughter Clara May to Arnold M. Parks of Redbank.

At 2:30 Rev. J. D. Murray performed the ceremony which made the happy couple man and wife. The bride was tastefully groomed in white muslin with trimmings of lace and insertion, and each of white ribbon. The bride's hat was a dainty creation of white chiffon, trimmed with white satin ribbon and plumes. The bride was attended by her sister Miss Fannie Hubbard, groomed in white and pink muslin with trimmings of lace and ribbon, with hat to match. The groom was supported by his brother Mr. Cecil Parks. After the ceremony a sumptuous tea was served, followed by refreshments of fruit, candy and stuffed dates. At 5:45 the bridal party followed by a large number of friends and relatives drove to the home of the groom's parents, Mr. and Mrs. Robert Parks where a reception was given and a most enjoyable evening was spent.

Mr. and Mrs. Arnold Parks received many useful and valuable presents which testified to the esteem in which the young couple were held in both places.

### BATHURST.

It is now that we are really getting decent weather. Nobody could complain in that case this week, and it has been encouraging not only to the farmers, but to everyone who had to work or travel in the open air, and particularly to our young men who have taken an interest in the Race Track at Bathurst. For several years back nearly every annual meeting has been marred by rain, and indeed a slight shower drove us off the track just as the last race closed. Up to that time, however, the day was a perfect one, and the meeting in all respects one of the most enjoyable and well conducted ever seen in Bathurst. Our old friend, L. J. Joudry, who is known on every track in the province, acted as time-keeper, and Mr. Fred Ryan, of Sackville, gave the management the benefit of his experience as judge. The horses were all in good form, and the boys just in right trim for a jolly good time. Just as the evening for the three minute class began, the grey, driven by Mr. William Stewart of Campbellton, showed his spirits by rearing and falling backwards almost on top of the driver. Mr. Stewart was very fortunate in escaping as he did, with a good shaking, sufficient to make him relinquish the reins to younger hands. Mr. Martin Cormier also had a tumble from his sulky. In fact, there was quite a lot of fun of this kind before the horses and drivers got down to business. The two horses sent

down by Mr. N. McNeil, who is an old friend to the Bathurst track, did splendidly, and no person was sorry to see Mr. McNeil carry away first prize in both the 2:30 and 2:40 classes. What a grand and honest horse he has in Jack and little Keith Carr never lifted his nose under Wilbur's management, until he gained the three straight heats in the forty class. There is no doubt Mr. McNeil knows how to fit a horse. He was glad to see Searchlight get second place in the forty class, for a more honest attempt, huddled as he was, for first place, was never made by horse before. We append a tabulated account of each heat and have much pleasure in saying that in our opinion a better meeting was never held on the Bathurst track, and we congratulate the whole management, drivers and horse owners in their enterprise and success. The results are as follows:

3 MINUTE CLASS.				
Ponococo,	1	1	1	
Beauve,	2	2	2	
Charles L.,	1	3	2	
Surprise,	5	0	3	
Lily,	3	withdrawn.		
Time,	2:41	2:51	2:49	

  

2:30 CLASS.				
Jack,	1	1	1	
Lily Sim,	3	2	2	
Harry,	2	3	3	
Time,	2:34	2:38	2:33	

  

2:40 CLASS.				
Keith Carr,	1	1	1	
Searchlight,	2	2	2	
Black Prince,	4	3	4	
Ponococo,	5	4	5	
Time,	2:34	2:34	2:35	

What might have been a very serious accident was prevented by the pluck and activity of Mr. L. Roche, manager at Bathurst for John Morrissey, on Saturday evening. A small boy of perhaps seven years of age, was holding a young horse on King street when the animal became frightened and ran. In passing a lot of machinery piled up in front of Mr. Morrissey's warehouse, the wagon was partly broken and it was then that Mr. L. Roche made his plucky run for the animal and failing to catch him he just touched the back of the wagon which enabled him to climb in behind as he ran. The child was by this time entirely exhausted, and about falling from the broken wagon, but Mr. L. Roche succeeded in stopping the frightened horse before it had gone much further and certainly saved the youngster's life.

The wharves of Bathurst are pretty well cleared of lumber of all kinds. The several large steamers and sailing vessels which have been loading out side the wharves the past month, have taxed the loading facilities of both firms to their utmost to keep them going, and the Caracquet Railway Management has had

## RINGS For Belles.

Also for all others who use them.

Bathurst, N. B., August 25th, 1903.

**Dizzy?**  
Appetite poor? Bowels constipated? Tongue coated? Head aches? It's your liver! Ayer's Pills are liver pills, all vegetable.

**Want your moustache or beard a beautiful brown or rich black? Use BUCKINGHAM'S DYE**

It is a fact that people are becoming more and more coming from the mills of Caracquet and Tracelle as well as an unusually large amount of 1 lb. freight.

We are sorry to say that the old fishery of the Bay Chaleu has been very poor during the past few weeks. Large numbers of fish have been caught and on the banks and are driving the cod away. These days the school receive special attention from the Department of Marine & Fisheries. Surely there is every way to counteract their destructive habits. The dog fish is much like a small shark and catches its prey in the same manner in which a shark does, by turning on their backs and seizing the smaller fish with their long upper jaws. It might be a difficult thing to provide a new and exciting thing to the world, but it is not only based on the other fish, but it is the only one of its kind in the world. There is a way of doing it if some bright man could find the question out.

A party of several ladies and gentlemen, under the guidance of Mr. George Armstrong, of Tracelle, reached Bathurst on Wednesday last, coming across from St. John waters by way of Tracelle and Nipigon Rivers and Lakes. This is the second of this party Mr. Armstrong has brought or sent through this season already, and he expects several more. Mr. Armstrong sold several of his canoes in Bathurst. He makes good boats.
