

MRS. BUDGE SO WEAK COULD HARDLY STAND

**Tells How Lydia E. Pinkham's
Vegetable Compound
Restored Her Health**

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. BUDGE, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. This book contains valuable information that every woman should know.

Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago; it removes the cause. 50c. and \$1.00 bottles at druggists.

HARDWOOD TO GET A BOOST

A further step in the matter of establishing a large hardwood industry in New Brunswick is expected. The committee representative of railways and manufacturers which had been discussing the matter is to consider it again.

St. Leonards is said to be one of the best located sites in the province on account of proximity to large hardwood areas and also rail conditions. In connection with the hardwood industry objection has been taken to the last block industry as extremely wasteful. What is contemplated is an industry which will make use of hardwoods with the minimum of refuse.

The proposition was made some time ago that a forest product and forestry laboratory should be established in connection with the University of New Brunswick. Development of the hardwood industry on a huge scale probably would result in renewed pressure for the establishment of such a laboratory as the nearest now is in Montreal.

One branch of the contemplated industry is the manufacture and creosoting of hardwood railway ties and part of the trees being used for that purpose. The railways are ready to use the product.

HONOR ROLL ST. MARY'S ACADEMY

Senior Department
Marie Kirwan, Anne Marie Landry, Helen Munroe, Margaret Hartery, Bella Dunn, Lauretta A'Hearn, Georgina Dolan, Hermance LeBlanc, Mary Finley, Alma Paulin, Mary Fletcher, Jessie McCarron, Aline LeBlanc, Mary Floyd, Gladys Donovan, Dorothy Kirwan.

Pupils of Senior Dept., making 75% in examinations during month:
Marie Kirwan 97.6, Anne Marie Landry 95.5, Helen Munroe 92, Margaret Hartery 97, Bella Dunn 94, Lauretta A'Hearn 88.6, Georgina Dolan 86.5, Hermance LeBlanc 75, Alma Paulin 88.3, Eileen Kirwan 84.2, Dorothy Kirwan 79.6, Mary Fletcher 76.6, Jessie McCarron 76, Susie Kingston 76, Aline LeBlanc 75.

Sub-Senior Department
Helen Floyd, Antoinette Robichaud, Olive Robichaud, Mary Hickey, Grace Esson, Elizabeth Bayle, Frances Ryan, Edna Ryan, Frances Hartery, Janetta Butler, Kathleen Morrissey, Martina Witzell, Helen Kingston, Edith McWilliam.

Pupils of this dept. making 75% in examinations during the month are:
Edna Ryan 84.2, Antoinette Robichaud 84, Eileen Dutcher 77.5, Olive Robichaud 76.3.

Newspaper Folks Will Be Entertained

Members of the Canadian Weekly Newspaper Association who will arrive in Fredericton on June 15th on their 64th annual tour by special train en route to Halifax for the annual meeting of the association, will be tendered a joint reception by the province and city during their brief stay there.

Preparations for the entertainment of 175 members of the association including their wives and families who are expected to comprise the visiting delegation, was undertaken by the special committee of the city council in co-operation with the Board of Trade. A tentative programme was prepared and has since been approved by Premier Veniot on behalf of the provincial government.

LOBSTER CATCH GOOD
Lobsters at the rate of 300 lbs. to the boat and in some cases much higher are already being taken by the fishermen along the Northumberland Strait coast.

NOT SICK ONCE IN FOUR YEARS NOW

**Mrs. Smith Declares Health
Has Been Perfect Since Tanlac
Ended Stomach Trouble**

"For ten years hardly a day passed that I didn't suffer from stomach trouble, but I took Tanlac four years ago and haven't had a sick day since," is the remarkable statement made recently by Mrs. Thamar Smith, 85 McGee St., Toronto, Ont.

"The little I managed to eat simply tortured me with pains in the pit of my stomach, and gas pressed around my heart causing it to skip beats until I thought it would stop altogether. I was as nervous as a witch, and lost so much sleep that I was dark and swollen under my eyes. I was so weak and run down I could hardly walk a block or do my housework and was almost in despair."

"Tanlac certainly was a godsend in restoring me to such perfect health, and I think it's the greatest medicine ever made. Nearly everybody else on McGee Street seems to have used the treatment, and are praising it too."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

GOOD PRICE FOR LOGS

Spruce logs are said to be selling at from \$22 to \$25 per thousand ft. at Springhill, the rafting grounds on the St. John River, five miles above Fredericton.

These prices for what are known as "bank logs" are near the highest level ever reached on the river and are regarded as an indication of the prosperous condition of the lumber industry.

WHERE AUTOS ARE MADE

In 1914 Detroit had a total of 112,483 industrial employees, and of the number about 56,000 worked in automobile or accessory plants. To-day the city has approximately 320,000 industrial workers and of these about 205,000 are employed in automobile plants or in establishments where parts of motor cars or motors are produced.

FOOLED

A colored parson overheard a boy of his congregation say to another threateningly, "You keep away from me or you'll land in de place dat begins with a H and ends with an L." Instantly the parson thought of the place with the four-letter name where they never had any coal trouble, and he reproved the youngster severely.

"I dunno what's in yo' mind sephson," returned the boy calmly. "But de place I mean was de hospital."

Horse and Master

What, for more than forty years, as Kendall's Spavin Cure has served the horse, now serves his master, too.

"My Hands Trembled and I Could Not Sleep"

Mr. Thomas Honey, Brantford, Ont., writes:—

"When I began taking Dr. Chase's Nerve Food, I was so nervous that when I picked up a cup of tea my hand would tremble like a leaf. I could not sleep well, could not remember things, and there were neuralgic pains through my body. After taking seven boxes of Dr. Chase's Nerve Food, however, I am in perfect health."

DR. CHASE'S NERVE FOOD

50 cents a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

THE CREAMY RICHNESS OF

MANUFACTURERS OF

WHITE LILY BRAND BISCUITS AND CAKE

MONCTON, HALIFAX, ST. JOHN, MONTREAL

The mechanical refinements of a high-priced car—yet it sells for \$1375

Light-Six valves are inclined at a 20-degree angle, which position increases power and contributes unusual quietness of operation.

Vibration is practically eliminated in the Light-Six due to the perfect engine balance secured through machining the crankshaft and connecting rods on all surfaces. The next car in price to do this sells for nearly \$4000.

Silent chain, running in a constant spray of oil, takes the place of the usual timing gears, and thereby contributes to the quietness of the Light-Six motor.

THE Studebaker Light-Six offers you fine car design and construction at a medium price. Its mechanical refinements insure superior performance, fewer repairs and longer life.

Great demand, with consequent large scale production; and complete manufacture in Studebaker factories, resulting in the elimination of parts-makers' profits—are responsible for savings that make it possible for Studebaker to incorporate quality features of design in the Light-Six and still be able to offer it to you for \$1375.

See the Light-Six before you buy—ride in it—and you will agree that it is the most remarkable automobile value in Canada.
