**A GROWING MENACE**  
 The daily papers are carrying reports of too many accidents with automobiles. Some of the trouble may be unavoidable, others undoubtedly are due to carelessness of drivers.

The speed at which cars are driven around the streets of this and other cities suggests danger for pedestrians. It is an everyday occurrence to see motors whizzing past at the rate, if the eyes are at all accurate, of thirty to forty miles an hour. The marvel is that there are not more accidents.

With the number of automobiles in use constantly increasing, the menace to human life becomes greater. Guardians of the law would do well to exercise the most careful vigilance over all traffic and concentrate on the speeder instead of on the man who leaves a car without lamps burning, on streets where motor lights are no more needed than a cat needs two tails.

**WOULD LIKE EXPLANATION**  
 We would be interested in hearing from Mr. Tom Moore, president of the Trades and Labor Congress of Canada a statement in explanation of his recent utterance. He stated that in the future strikes would be largely directed toward lowering the cost of living. Theoretically this is a commendable object but when every strike reduces production and costs not only the country at large but the strikers themselves much money, it is difficult to calculate how such happenings could lower the cost of living.

However Mr. Moore has a well informed mind and is constantly in touch with conditions and facts concerning these matters and may therefore be able to explain what does not seem clear to the average observer.

**N. S. & T. TROUBLE**  
 Employees of the N. S. & T. E. have done well to respect the suggestion of the City Council to remain at their posts till every effort is exhausted to get a settlement of troubles that seem to be leading to irritation. Suspension of service on the system leads to a loss of business and to an inconvenience that can hardly be estimated. The public in fact has little appreciation of what the road means to it until the wheels of the cars stop running. The best course will be found, in the long run, to be in the direction of arbitration.

**YOUR HOLIDAY THIS SUMMER**  
 Make your reservations early for accommodation in the "Highlands of Ontario" this summer if you do not want to be disappointed. There will be a large influx of tourists from the United States this year and our cousins across the border are picking up the desirable places. Algonquin Park is one of the most attractive of these resorts and the "Highland Inn" (open all year) and Camp Minnesing and Nominigan Camp (open July and August, and probably September) offer most comfortable accommodation at reasonable rates. The hotels are owned and operated by the Grand Trunk Railway. Write N. T. Clark, Manager, Highland Inn, Algonquin Park Station, Ont., for illustrated folder telling you all about it, or apply to any Grand Trunk Agent, or C. E. Horning, D.P.A., Toronto, Ont.

**Book's Cotton Root Compound.**  
 A safe, reliable, vegetable medicine. Sold in three degrees of strength—No. 1, \$1.00; No. 2, \$1.50; No. 3, \$2.00 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Canada's Oldest)

 Agents for Huyler's, Page, Shaw and Nelson's Chocolates; Bitro Phosphate; Vivol, Nuxated Iro, and Tyrell's Cascades.

**THE REVELATIONS OF A WIFE**  
 The exceptional mystic drama, "The Revelations of a Wife," recently produced with fine success is in line with the trend of the times, is scenically well planned, a splendid production and strong cast. It will interest and instruct you and while intense is not over-drawn. It is blunt, forceful, mysterious and direct. It strikes the sentimental note with an unshaken belief in its power. In Alice Sterling the beautiful woman with a past, and the author selected a character that always wins the hearts of the lovers of true romance. In Grant Sterling, the lawyer husband you find the sort of a man you wish you might meet more often in every day life. In fact, all of the characters are true to nature and perfectly human. "The Revelations of a Wife" comes to the Grand Opera House, May 4 and 5.

**VERY QUARRELSOME NEIGHBORS.**  
 Names of the parties are corns and toes—both were unhappy till the trouble was remedied by Putnam's Corn Extractor. Any corn goes out of business in 24 hours if "Putnam's" is applied—try it, 25c. at all dealers.

A contract has been awarded for the erection of a \$74,000 public school at Welland.

THE WOOD PHOSPHATE CO., 116 N. 3rd St., Toronto, Ont.

**MEAT INJURIOUS TO THE KIDNEYS**

Take a Teaspoonful of Salts If Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bar weather, get from your pharmacist about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, and nobody can make a mistake by taking a little occasionally, to keep the kidneys clean and active.

**BROTHERHOOD MOVEMENT**

The story of the Brotherhood Movement is one of the most romantic in the social and religious world of our times.

In 1875, John Blackam of West Bromwich, England, began what were known as "Pleasant Sunday Afternoon Classes." These aimed to provide

bright, interesting, religious services for the great number of men who did not usually go to church. The thing caught on and soon spread all over England.

As members of the British Brotherhoods emigrated or travelled they carried the Brotherhood seed to many lands. Societies were formed and in most cases flourished. An International Congress was planned to take place by the war. It seemed that the Brotherhood idea must perish in the struggle of 1914-18. But Brotherhood men were being scattered all over the globe. In France, Belgium, India, Egypt, and in every corner of the world they worked. Peace came and the dream of an International Congress was revived. The leaders of the Brotherhood Movement came to Canada to confer with the Canadian Brotherhoods. So great was the enthusiasm shown in the Dominion that the leaders went back to England resolved that the dream must become a fact.

In September, 1919, the World Brotherhood Congress was held. Representatives of more than twenty nations were present and addresses were given by David Lloyd George, Lord Robert Cecil, the Bishop of London, Dr. Clifford and many other eminent men. So great was the success that a similar congress is planned to take place in Washington next fall.

To interest the men of Canada in this Congress and to strive to foster brother-feeling between England, Canada and the U.S.A., brotherhood leaders are coming from the old country and will speak in various churches throughout the Dominion.

One of the most attractive services rendered by the Brotherhood Movement is that of providing relief to the war stricken countries of Europe. For some time Belgium and France received the greater part of this help but for the past two years the war orphans of Serbia have been taken care of. A home in England was founded and a number of children cared for there. Recently it has been decided to institute educational farms in Serbia itself and this has already been begun.

The Woodstock Medical Association has adopted a new schedule of fees, and decided to close Wednesday at noon for five months.

**A Comradely Man**

THEY deal in human nature stripped of its veneer. They see it at the pinnacle of its joys, and in the depths of its sorrow or degradation.

RECENTLY one of the leading officers of the Men's Social Work of the organization, after twenty years of devoted work on the altar of sacrifice and service, was "promoted to glory." One testimonial described him as "a comradely man."

THAT graphic phase illustrates the spirit in which their Officers endeavor to interpret Christ's teaching to those whom they serve.

**PROTECTING HUMAN LIVES**

The Ontario Safety League continues to place a large amount of literature in the hands of motorists, school children, industrial workers, and others throughout the Province. In the first three months of 1920 the League has distributed an enormous amount of safety material, including 35,000 industrial safety bulletins; 32,400 school safety bulletins; 8,500 special bulletins; 8,500 traffic bulletins; 2,700 electric railway bulletins; 150,000 motorist's safety book-marks; 10,200 health bulletins; 6,500 news letters; 9,000 safety calendars; 12,000 leaflets to the "new man"; 125,000 gummed seals; 3,000 safety cards and posters.

The League will hold an annual meeting in Toronto, beginning Tuesday, April 13th at the King Edward Hotel.

**Successful Men Always Saved**

They were thrifty. They were shrewd enough to see that the habit of saving meant the strengthening of character. With the money saved they were able to take advantage of opportunities as they arose.
