tion as to water pollution from the tanother car is loaded with exhibits from winnipeg, and will join the train dary streams.

"Are the laws being enforced on diving cars and a sleeping car attached." at typhoid nearly always bad water, though after broke out the majority came from contact. Dr. it there was more danger id running stream than one.

"Are the laws being enforced on sewage," asked Mr. Bradbury.

"The laws are very fine on paper, but they are not enforced; there is no central authority."

"The laws are very fine on Toronto, on Saturday at Sudbury, while its journey through the west will last the region of the region o

MAY START A GLASS

FACTORY-IN ALBERTA

Sandusky. Ohio, May 13.—While nothing definite has yet been decided, local glass men and others are considering a project of establishing a new glass factory in the Canadian Northwest, probably in Alberta. It is said conditions would be good therefor such a plant, and several Sanduskians may decide to locate in that section.

Will Consist of Nine Cars, Five From Toronto and Four From Montreal

Montreal May 13.-The "made-ir Canada" train, which is to tour the Dominion from end to end with the object of showing Canadians what their country can do in the way of manufactures and farm produce, will start tomorrow on its western journey. It will consist of nine cars, five from Toronto and four from Montreal, while its journey through the west will last for seven weeks.

Hodgett. "The laws are very fine on payer, but they are not enforced; there is no central authority."

"In all it will visit a hundred and twenty for its nothing in the British North America at the could be treated alike, or the best method of treaties could be treated alike, or the best method of treaties could be treated alike, or the best method of treaties could be treated alike, or the best method of treaties could be treated alike, or the federal engineers in charge. Only the pollution of the streams of epidemics. Mr wite and epidemics are a question from Mr Bradbury, Dr. Hodgett's said that while he was not a lawyer, as he read the B. N. A. act, there was nothing to prevent the federal authorities to take over the question of public health.

"Application of the streams of the constitution of the streams of the pollution of the pollutio

Argentine Opposes Beef Combine
