Don't Wait!-Conversion Privilege May Be Withdrawn

Holders of Victory Bonds due 1st November, 1923, will receive a substantial cash bonus for converting them into the new Dominion Loan.

So many cash subscriptions for the new Loan have been received, however, that there certainly will not be enough new bonds available to permit all present holders of 1923 Victories to exchange their bonds for the new issue.

The method of exchanging old bonds for new is simple, but quick action is necessary. Use the coupon.

To New Investors

The new Dominion of Canada Loan is the most desirable investment to be had in Canada. The price is exceedingly favorable, namely to yield 5.14% for a full twenty years. The bonds can be turned into cash at any time.

We invite you to use the facilities of our organization. Fill out the coupon and return it promptly.

Bright, sunny weather brought out a strong attendance of both shoppers and growers for the Saturday market, and every available foot of space was covered with the farmers' wagons. Even the lanes of the market were requisitioned for stall space, and it was with difficulty that the shopper could move about, so crowded was the market.

The heaviest offering was in the fruit section, where great quantities of fall pears and imported peaches were stacked in towering loads on the trucks of the vendors.

Cauliflowers were on hand in larger quantity than last week, and a slight easing in price was noticeable. First quality potatoes brought from \$1.50 to \$1.60 per bag, with the single bushel quoted at \$1.

Grapes are selling at 50c per 11-quart basket. Walnuts made a first showing and brought as high as 60c per peck, unhulled.

This money, however, will not go us Ruhr credits, but as ordinary un-employment doles, paid out by the municipalities as usual. The Reich will subsidize the municipalities for this purpose. So far as possible subsidies to employers will be cut off immediately, and the unemployment doles will be paid in food.

It is hoped the French will see the necessity for this program, and will not assert that resistance continues because the Reich still is subsidizing the Ruhr. Political circles are greatly depressed over the French reception of Germany's capitulation, but the Liberals and Socialists are inclined to think it is the German govern-ment's own fault. The capitulation s, in fact, incomplete. The Reich still has not agreed to resume payments in kind, and still is seeking to ba gain, although it has nothing to bar-gain with. Also, instead of sending formal diplomatic notes to the Allies. announcing a new situation and en bodying new offers, Chancellor Stresemann is seeking to start the diplomatic wheels informally through the Berlin diplomatic corps. It is as-serted here that his unwise haggling is due to the pressure of the Bavaria premier, Von Knilling, who refuto sign the capitulation proclama-tion unless reservations were made.
