Auction Sale of City Property

There will be offered for sale by public auction Saturday, Aug. 12, 1922, at 3:30 o'clock p.m., the following property, situated at 420 Dundas Street, London, Ontario, known as the "Palge and Jewett Cars" property, etc. apply to F. W. Raymond, trustee, or D. H. Porter, Auctioneer.

TRAFFIC STOPPED ON DUNDAS STREET

Pottersburg Left Without Car Service While Paving Proceeds.

All traffic on Dundas street, between Ashland and Oakland avenues, was closed by City Engineer H. A. Brazier Friday morning, in connection with paving of this thoroughfare. The street car trucks were up in this stretch Friday night and Dundas cars will be forced to "Y" at Ashland avenue until the paving is completed and new rails laid.

This means that citizens residing in Pottersburg who ride street cars must wait several blocks until the job is done. Rapid progress is being made by the city employees, and the engineer reports that concreting will be commenced Monday.

Gangs are working at both ends of the unpaved section removing the roadbed in preparation for the concrete base. Earth from the west section is being used as filler for proposed sidewalks on Nightingale avenue, while that from the east end is being used to grade the unpaved portion of the Governor's road, connecting the paved highway with Dundas street.

The section of road near the city limits will not be closed to traffic until other sections are paved. Motorists are now detouring at Ashland avenue, via King street, returning to Dundas street via Highways 10 and 11.

However, this strip will be closed next week, and Highway avenue will not be closed in the detour, being substituted by Hale street, one block further east.

Ralls for the London Street Railway Company are expected to arrive in the near future, along with a shipment of steel ties, which will be utilized, and if this material arrives in London as scheduled it is expected that the paving will be completed by Fair week.
