SHAMROCK I BADLY BEATEN

New Challenger Sets a Pace Predecessor is Unable to Match.

Proves Himself as Good Down the Wind as Any Other Point.

Weymouth, April 9.—Over a thirty-mile course, fifteen to sixteen miles to windward, Shamrock III, today beat Shamrock I by 17 minutes and 39 seconds.

Hitherto the challenger had shown weakness down the wind, but today she proved herself as good down the wind as any other, and she had heretofore shown her superiority on the up-breeze.

Over ten minutes on the run out from the turning point at Luluworth Cove and over 7 minutes on the beat home, the challenger showed a sensational gain over the older boat.

In the opinion of experts, Shamrock I was really driven to a disadvantage first time on this windward turn. Shamrock I was hopelessly beaten from start to finish.

The latter passed the winning mark over 17 minutes and 39 seconds before the challenger was able to appear to be a notable victory.

Shamrock III, to be a much more formidable challenger for the America's cup than ever had been heretofore suggested.

On the four times were: Start—Shamrock I, 9:58:00; Shamrock III, 9:54:00; Seven miles race to the turning of the wind, Shamrock I, 10:39:50; Shamrock III, 10:44:00.

Shamrock I, 1:30:00; Shamrock III, 1:49:00. Fifteen mile race to Luluworth Cove, Shamrock I, 4:30:00; Shamrock III, 4:50:34.

A fifteen mile run to leeward and to home, round a leeward and windward test of thirty miles, under conditions as similar as possible to those to be expected during the racing for the America's cup off Sandy Hook, was the course set for the two Shamrocks today.

The breeze was very light, not over five knots, as the boats under club sails ran up for the start, and were sent off from a friendly "go-ahead."

The starting times were: Shamrock I, 10:39:53; Shamrock III, 10:41:00. The Shamrock I was given a head start on the weather bow of the challenger, and they rounded the mark boat.
