We exceedingly regret that this will mean the discontinuance of the work by Mr. Graham, who, although rapidly advancing in years, rendered good service for the community to the best of his ability.

**SEVEN YEARS PAIN FROM ACUTE NEURALGIA**

Cured Through the Use of Dr. Williams' Pink Pills.

Neuralgia is not a disease—it is only a symptom. It is the surest sign that your blood is weak, watery and impure, and that your nerves are literally starving. Bad blood is the one cause—good, rich, red blood, is the only cure. This alone reaches the root of the trouble, soothes the tangled nerves, and drives away the nagging, stabbing pain, and brace up your health in other ways. Mr. N. Brennan, an ex-sergeant of the 2nd Cheshire Regiment, now a resident of Winnipeg, Man., says:

"While serving with my regiment in India, on a hill station, I contracted a severe cold which brought on acute neuralgia, at times lasting for three weeks. I was constantly suffering almost every month in the year for over seven years, the pain being sometimes so severe that I wished I was dead. On my return to England I seemed to get no better, though I spent large sums of money for medical advice and medicine. Then I came to Canada, and about a year ago saw the advertisement of Dr. Williams' Pink Pills in a Winnipeg paper. Although I had begun to think my complaint was incurable I told my wife that I intended giving the Pills a fair trial. I was suffering from terrible pains when I began taking the Pills, but before the second box was finished the pain began to disappear, and under a further use of the Pills it disappeared entirely, and I have not had a twinge of it during the past year. Only those who have been afflicted with the terrible pains of neuralgia can tell what a blessing Dr. Williams' Pink Pills have been to me, and you may be sure I shall constantly recommend them to other sufferers."

These Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The trip to Detroit last Wednesday was alright, up to landing, but for the new English people from here, but the U.S.A. custom officers found that some of them were not so green as they are cabbage looking. They didn't get 4 dollars from them all. Neither did they keep them on the boat.
