CURFU.

I.

Solemli, mornfuli,
Deling its dol,
The Curfu Bel
Iz begining tu tol.

Cover the emberz,
And put out the lit;
Toil cumz with the morning,
And rest with the nit.

Dark gro the windoz
And kwensht iz the fibr;
Sound fadz intu silens,
Ol futsteps retr.

No vois in the chamberz,
No sound in the hel!
Slep and oblivium
Ran over ol.

II.

The buk iz completed;
And clozd, lik the de;
And the hand that haz ritn it
Lez it awa.

Dim gro its fansiz,
Forgotn the li;
Lik colz in the ashez,
The darkn and di.

Song sinks intu silens,
The stori iz told,
The windoz ar darknd,
The harth-ston iz cold.

Darker and darker
The blak shadoz fol;
Slep and oblivium
Ran over ol.

—The Popular staj ov Amended Speling iz ilustrated in the paragrafs in smeler print. Even a les degre ov amendment wil hardli be accepted in sern bigotedli conservativ kworterz.

—The Educeshunal staj iz ilustrated in Longfelo'z Curfu. With a shap (a) fer the vouel in art (art) and yus ov acsent mark, we hav a redi yet acyrat wa fer denoting pronunsiashun ov vouelz, an esenshal in Educeshunal. It aperz tu us that the sheps o, e, i ar capabl ov farther impruvment in sum respects.

—Fer Sientific [filolojic, fonolojic, dicshuneri, colokwial, and uther] objects, rather closer discriminashun ov spech-soundz iz neded in speshal casez.

—Removal tu Teronto cozd dele in our publicashun. Regulariti iz hopt fer.
