

Emery; and "May Belle," by Spindler. Also, a charming new song by Fannie Snow Knowlton, entitled "I'm Yours, Sweetheart, Forever." The music in this number is alone worth \$2.00. Mailed post-paid for 15 cents in stamps, or three back numbers mailed for 25 cents. Published monthly at \$1.50 per year.

The Musician's Guide (Spring Edition 1892) contains, besides 212 pages of musical information, biographies of 150 musicians, with 25 portraits, a "Teachers' Guide" and other valuable features, three new songs: "My Kathleen's Coming Back," "Last Night" and "That is Love" and two piano pieces, "Sounds from the Bill-room" and "Stolen Kisses"—Gavotte. Mailed free for eight two-cent stamps, or the *World and Guide*, containing the above ten songs and pieces, mailed for twelve two-cent stamps. Address, The S. Brainard's Sons Co., Chicago, Ill.

Many thinkers will be attracted to the *Popular Science Monthly* for May. The contributors are all men of note and a specially interesting number has been prepared. "Herbert Spencer and the Synthetic Philosophy" is well treated by Wm. H. Hudson. The "Cave Dwellings of Man" is an interesting and well-illustrated article. A learned physician defines the "Limits of the Healing Art" and gives much useful information. A companion article is "Bad Air and Bad Health." The miscellany and notes of the number are clever and timely.

One of the most interesting articles in the May number of the *Dominion Illustrated Monthly* is "Women's work in McGill University" by Helen R. Y. Roid. Short sketches of the lives of several of the lady graduates are given, and a number of class pictures lend a lively interest to the pages. "Lacrosse in the Maritime Provinces" is well treated by H. H. Allingham, who gives pictures of several of the Lacrosse clubs. The Halifax "Wanderers" make a good showing and for picturesque grouping are superior to the other clubs. The well-known face of W. A. Henry adorns the top of one page and the athletic figure of another townsman, Geo. Tracey, shows to good advantage. Prof. Robert's story "The Raid from Beauséjour" is concluded, and a serial translated story "Jeanette" is begun. Some clever poems and the well edited departments "Scraps and Snaps" and "Modern Instances" all help to make the May number most enjoyable.

INDUSTRIAL NOTES.

Messrs. Rhodes, Curry & Co. have lately added to their already extensive business a saw mill, lath mill and shingle mill, and are now prepared to fill promptly all orders for laths, shingles, flooring, etc., etc.

Messrs. H. J. McGrath & Co. of Dorchester, have re-established their marble works in the shire town and ask for a share of the patronage. Messrs. McGrath recently imported a carload of extra fine marble from the famous quarries at Rutland, Vermont.

Brewer's steam saw mill on the Keswick is being put in order to saw nearly two million feet of hemlock logs this season, says the *Fredericton Gleaner*, cut by Kirkpatrick & Co. when engaged in peeling bark. The boards to be sawn from these logs have already been sold at a very remunerative price to parties in the United States.

The *Island Reporter* says:—D. W. McKinnon has started a branch of his C. B. carriage factory in the building adjoining the marble works in this town, where orders for the work or repairs and painting will be promptly attended to. The branch is connected by telephone with the factory at North Sydney and any article not in stock can be obtained at once.

The Dartmouth ropeworks are working all night, and yet cannot keep pace with the demand. They have about 275 hands employed. A second engine is being put up, it being found necessary to relieve the old one, which is only 80 h. p., while the new one is 160 h. p.

A St. Stephen industry that has already become of provincial importance and is fast extending its operations to include all the maritime provinces, is that of the Imperial Bottling Works, E. H. Barter, proprietor. The business was established in 1883 and has had a remarkably successful development. Mr. Barter is an importer and bottler of all kinds of beer and a manufacturer of soda water, ginger ale, lemonade, sarsaparilla, champagne cider, syrups, etc.; is the agent for A. J. Houghton & Co.'s beers, and an importer of the beers of the Pabst Brewing Co. It is of course in the line of his own manufactures that he has developed the largest trade. The products of the Imperial Bottling Works have a standard reputation and are sold extensively in Fredericton, Woodstock, St. Andrews and all other points in western and southern New Brunswick, including a large and growing trade with dealers in St. John. With the present season Mr. Barter will largely extend his business and compete for a share of the trade of Nova Scotia and Prince Edward Island. He occupies two large floors in the Commercial Building, corner of King and Water streets, just beside the C. P. R. depot, and most advantageously situated for the purposes of trade. Orders are attended to with care and promptness, and his growing list of patrons express the fullest satisfaction with the products of the Imperial Bottling Works. All Mr. Barter's goods are manufactured from pure spring water. He can forward goods with despatch to any part of the provinces, and, as already stated, anticipates a very large extension of business during the present year.—(Condensed from *St. John Sun*)

The Port Elgin Furniture factory is to begin operations in a few days. Messrs. Hazen Copp and Curtis Trenholm have bought up the greater part

of the shares, and with such business men as these at the head of affairs, it is expected that the factory will be run on a paying basis.

The total number of workmen now in the employ of Alexander Gibson in his cotton and lumber business, reaches about 1,200. Of this number 500 are engaged in the cotton mill, 65 in the lath mill, 40 in the shingle mill, 90 in the saw mills, 30 in the brick yard, 380 in the lumber drives, 25 on the booms on the Nashwaak river and some 30 or 40 at his Blackville mill. Mr. Gibson has now been in Marysville about thirty years, and in that time has manufactured there about 600,000,000 of lumber, all of which has been cut on the Nashwaak waters. A remarkable fact in this connection is that in those years his lumber drive has not once been hung up over the season in the stream. He attributes this fact to the extra care he has paid to the stream in providing driving dams. In this item alone the cost of driving has been reduced from \$1.50 to 50 cents per thousand.

The Port Elgin Woollen mills are also to begin operations again at the last of this month. William Read is now absent in the States purchasing machinery for the new mill. The woollen company has a very fine engine now, and when the new looms are obtained will be in a position to compete with any woollen manufacturing company.

A report from Edmundston, N. B., says there is a boom in the shingle trade just now. The fine quality of N. B. cedar is commanding high prices on the American market, and several mills are being erected on the many waterpowers for which this section of the country is noted. Besides the large mill recently built at Fort Kent, Robert Connors will have six shingle machines sawing this summer near his place. He has purchased the Brown mill at Grand Falls, and intends removing it to St. Francis.

Mrs. M. E. Merrick,
Of Toronto, Ontario, Cured of
Catarrh and Neuralgia

Good authority has said that "neuralgia is the cry of the nerves for pure blood." The prompt action of Hood's Sarsaparilla on the blood combined with its toning and strengthening effect upon the nerves make this a good medicine for neuralgia and also for catarrh, etc. We commend this letter to all having such troubles, and especially to

Suffering Women

For a good many years I have been suffering from catarrh, neuralgia and

General Debility

I tried to obtain permanent relief from medical advice, and my friends feared I would never find anything to cure me. A short time ago I was induced to try Hood's Sarsaparilla. At that time I was unable to walk even a short distance without feeling a

Death-like Weakness

overcome me. And I had intense pains from neuralgia in my head, back and limbs, which were very exhausting. But I am glad to say that soon after I began taking Hood's Sarsaparilla I saw that it was doing me good. When I took 3 bottles I was entirely

Cured of Neuralgia

I gained in strength rapidly, and can take a two-mile walk without feeling tired. I do not suffer nearly so much from catarrh, and find that as my strength increases the catarrh decreases. I am indeed a changed woman, and am very grateful to

Hood's Sarsaparilla

for what it has done for me. It is my wish that this my testimonial shall be published in order that others suffering as I was may learn how to be benefited. Mrs. M. E. Merrick, 67 Elm Street, Toronto, Ont.

HOOD'S PILLS cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache.

JOHN PATTERSON,
Manufacturer of Steam Boilers,
For Marine and Land Purposes
Iron Ships Repaired.
SHIP TANKS, GIRDERS, SMOKE PIPES and all
kinds SHEET IRON WORK.
ESTIMATES given on application.
488 UPPER WATER STREET, Halifax, N. S.

PROVINCE OF NEW BRUNSWICK.

Synopsis of "The General Mining Act,"
Chapter 16, 64th Victoria.

Leases for Mines of Gold, Silver, Coal, Iron,
Copper, Lead, & Other Mines & Minerals.

GOLD AND SILVER.

PROSPECTING LICENSES up to 100 areas (each 150 feet by 250 feet), issued at 50 cts. an area up to 10 areas, and 25 cts. afterwards per area, good for one year. These Licenses can be renewed for second year, by payment of one-half above amount.

LEASES for 20 years to work and mine, on payment of \$2 an area of 150 feet by 250 feet. Renewable annually at 50 cts. an area in advance.

Royalty on Gold and Silver, 2½ per cent.

MINES, OTHER THAN GOLD AND SILVER.

LICENSES TO SEARCH, good for one year, \$20 for 5 square miles. Lands applied for must not be more than 2½ miles long, and the tract so selected may be surveyed on the Surveyor General's order at expense of Licensee, if exact bounds cannot be established on maps in Crown Land Office. Renewals for second year may be made by consent of Surveyor General, on payment of \$20.

Second Rights to Search can be given over same ground, subject to party holding first Rights, on payment of \$20.

LICENSE TO WORK.—On payment of \$50 for one square mile, good for two years, and extended to three years by further payment of \$25. The lands selected must be surveyed and returned to Crown Land Office.

LEASES are given for 20 years, and renewable to 80 years, at annual rental of \$50 for square mile. The Surveyor General, if special circumstances warrant, may grant a Lease larger than one square mile, but not larger than two square miles.

ROYALTIES.

Coal, 10 cts. per ton of 2,240 lbs.
Copper, 4 cts. on every 1 per cent. in a ton of 2,352 lbs.

Lead, 2 cts. on every 1 per cent. in a ton of 2,240 lbs.
Iron, 5 cts. per ton of 2,240 lbs.

And other Minerals in proportion.
APPLICATIONS can be filed at the Crown Land Office each week day from 9.30 a. m. to 4.30 p. m., except Saturday, when Office closes at 1 p. m.

L. J. TWEEDIE,
Surveyor General.
