

Scoff and Cough.

The man who scoffs at the friendly advice, to "take something for that cough," will keep on coughing until he changes his mind or changes his earthly residence. A great many scoffers have been converted by the use of the standard cough remedy of the past half century,—Ayer's Cherry Pectoral. But some are scoffing and coughing yet. They wheeze with asthma, bark with bronchitis or groan with the grippe. Singular, is n't it, the number of stubborn people, who persist in gambling, with health and perhaps life as the stake, when they might be effectually cured of cough, cold or lung trouble, by a few doses of

Ayer's Cherry Pectoral.
